An Introduction to Theology and Practice

MICHAEL MOYNAGH

with Philip Harrold

'This book is a double achievement. Michael Moynagh has gathered, ordered and presented the best learning from the fresh expressions movement. And in so doing he has extended our understanding through his own reflections. Fresh expressions are not church life and this book gives them the theological substance they merit. I commend it enthusiastically.'

Church For Every Context An Introduction To Theology And Practice:

Church for Every Context Michael Moynagh, 2012 Fresh Expressions of Church are one of the most important developments within the contemporary church There has been and continues to be much learning about how to plant Fresh Expressions of church in contemporary culture and about theological resources to support this Church in Context is the first textbook that reflects this learning Church in Context addresses the theology and methodology of Fresh Expressions church planting Topics will include ecclesiology Fresh Expressions in the New Testament social forces behind Fresh Expressions today theologies to underpin fresh expressions how fresh expressions develop the missional dynamics involved discipleship worship and how Fresh Expressions can be sustained and supported *Church for Every Context* Michael Moynagh, 2014-04-15 The first comprehensive textbook on the theology and methodology of Fresh Expressions one of the most important developments within the contemporary church *The Nature and Mission of the Church* Jean-Marc Flückiger, This is an academic work of the highest quality but Jean Marc Flückiger presents it in a way that makes it very accessible far beyond academic circles It is a testament to his sharp intellect but even more to his love of God commitment to The Salvation Army and heartfelt dedication to the Church's mission in the world Henrik Andersen Territorial Leader of The Salvation Army Switzerland Austria Hungary Jean Marc Flückiger's book is a welcome reflection on the missionary impulse of Christian churches I found it particularly helpful to consider the interplay of the three main ingredients of mission namely worship of God community life and service to the world Christophe Chalamet Professor of Systematic Theology University of Geneva *Losing Our Religion?* Kevin Ronald Ward, 2013-10-22 Church going in most Western societies has declined significantly in the wake of the social and cultural changes that began in the 1960s Does this mean that people in these societies are losing any religious dimension in their lives or is it being expressed in other forms and places This study begins by looking at comparative data on how church going patterns have changed in five countries Britain the United States Canada Australia and New Zealand examining reasons for the decline how churches have responded to these changes and why some churches have shown greater resilience It then explores some of the particular challenges these changes pose for the future of churches in these societies and some of the responses that have been made drawing on both sociological and theological insights The conclusion is that despite the loss of belonging believing persists and religion continues to play a significant role in these societies mediated in a variety of diffuse cultural forms Cases illustrating these changes are largely drawn from New Zealand which as the country most recently settled by Europeans has always been secular and thus provides helpful insights **The Oxford Handbook of Anglican Studies** Mark D. Chapman, Sathianathan Clarke, Martyn Percy, 2015-10-22 The Anglican Communion is the third largest Christian denomination and claims a membership of some 80 million members in about 164 countries Given that there are only around two hundred countries in the world this makes the churches of the Anglican Communion the most geographically widespread denomination after Roman Catholicism The 44

essays in this volume embrace a wide range of academic disciplines theological historical demography and geography and different aspects of culture and ethics They are united in their discussion of what is effectively a new inter disciplinary subject which we have termed Anglican Studies At the core of this volume is the phenomenon of Anglicanism as this is expressed in different places and in a variety of ways across the world This Handbook covers a far broader set of topics from a wider range of perspectives than has been hitherto attempted in Anglican Studies At the same time it doesn't impose a particular theological or historical agenda The contributions are drawn from across the spectrum of theological views and opinions It shows that the unsettled nature of the polity is part of its own rich history and many will see this as a somewhat lustrous tradition In its comprehensive coverage this volume is a valuable contribution to Anglican Studies and helps formulate a discipline that might perhaps promote dialogue and discussion across the Anglican world

Missional Discipleship After Christendom Andrew R. Hardy, Dan Yarnell, 2018-03-14 It is not a changing culture reduced resources or a rescinding Christian memory that creates the greatest challenges for the church in the West It is the lack of a clear commitment to the intentional authentic and contextual expressions of missional disciple making which will shape current and future generations of followers of Jesus to express the values of the Kingdom today This book offers stimulating historical biblical and theological reflections on discipleship and considers some of the possibilities and opportunities afforded to us by our post Christian context Missional discipleship allows the *missio Dei* to shape us in our engagement our practices and sustain us in the lifelong journey of becoming and developing disciples that follow Jesus today

Testing Fresh Expressions John Walker, 2016-04-01 Testing Fresh Expressions investigates whether fresh expressions of church really do what is claimed for them by the fresh expressions movement and in particular whether their unique approach helps to reverse trends of decline experienced by traditional churches Part 1 examines those claims and untangles their sociological and theological assumptions From a careful study of factors underlying attendance decline and growth Part 2 argues that long term decline can be resisted only if churches are better able to attract children the non churched or both Part 3 tests the comparative ability of a group of growing parish churches and a group of fresh expressions to resist trends of decline and discovers some intriguing social dynamics common to both groups Part 4 argues that fresh expressions do not fulfil the unique role often claimed for them but that they do have the capacity to help reinvigorate the whole church

Christian Faith and Christian Learning Clare Watkins, James Butler, 2025-07-31 Following a critical analysis of the pedagogical theology and practice of Christian learning this book develops a radical alternative account of faith learning Recognising the ways in which institutionally anxious churches are turning to processes of education and discipling it takes the reader through a theological action research journey to offer a practical theological response to the question of how Christian faith is learnt and handed on in ways that really make a difference Through close engagement with the practicalities of one declining denomination British Methodism the authors offer a distinctive vision of Christian learning and enable fresh thinking and practice There is

a call for a move beyond educational courses towards a more profound engagement with the complexities of real life as not only the place but the matter of faith learning Theologically the book offers a vision which pursues questions of divine and human agency the work of the Spirit in learning the role of normative tradition and the important place of Christian lay people and their daily lives in learning Ultimately it seeks to give substance to a fresh concept of faith learning which is holistic integrative and inductively achieved and finds its fulfilment in lives lived in faith hope and love **Crossing**

Thresholds Timothy L. Carson, Rosy Fairhurst, Nigel Rooms, Lisa R. Withrow, 2021-01-28 We live in an age of enormous and rapid change but how do people organisations even whole cultures and societies change And where is God in such transformations For more than a hundred years anthropology has taught us that entering a chaotic awesome and fraught threshold or liminal space is fundamental to our renewal as human beings Yet none of us goes willingly into such places We need to be held in liminal movement so that it is safe enough to change Crossing Thresholds is the first inter disciplinary theological treatment of the universal phenomenon of liminality Developing practical wisdom from foundations in the work of Victor Turner Donald Winnicott and Bruce Reed the authors explore the place of liminality in the worship mission and hermeneutics of the Church and reflect on its usefulness to a wide range of Christian practice For all those who strive to think theologically about the great transitions of life this comprehensive work offers unique insight into what it is to safely cross the threshold of chaos and embrace the future with courage *Humble Confidence* Paul Weston, 2023-05-09 Lesslie Newbigin remains one of the most important missionary theologians of the twentieth century In responding to the challenges of late modernity he developed a fresh paradigm of missionary theology and cultural engagement that continues to be compelling and prophetic This book also explores the way in which Michael Polanyi's understanding of personal knowledge helps to give language and metaphor to Newbigin's convictions about cultural engagement and responsive witness and suggests vibrant insights and applications for mission today
