Let There Be Light Howard Smith, Ph.D., 2010-10-04 In *Let There Be Light* Howard Smith a research astrophysicist and traditionally observant Jew explores how modern scientific understandings of the cosmos complement Judaism's ancient mystical theology the Kabbalah He argues that science and religion are not only compatible but that a healthy productive dialogue between the two sheds light on ethics free will and the nature of life while at the same time rejecting fundamentalist misinterpretation and the pseudoscience of creationism Written for a general audience yet supported by the most current and accurate scientific research the book discusses topics such as modern quantum mechanics and mystical notions of awareness how Kabbalah's ten sefirot mirror the developing phases of an inflationary universe and the surprising parallels that exist between the Big Bang theory and Kabbalah's origin theory Smith delves into complex ideas without resorting to jargon or mathematical equations creating an intelligent authoritative work accessible to all readers **The Dancing Wu**

Li Masters Gary Zukav, 1978 *System Design Modeling and Metamodeling* John P. van Gigch, 2013-06-29 This book is a venture in the worlds of modeling and of metamodeling At this point I will not reveal to readers what constitutes metamodeling Suffice it to say that the pitfalls and shortcomings of modeling can be cured only if we resort to a higher level of inquiry called metainquiry and metadesign We reach this level by the process of abstraction The book contains five chapters from my previous work *Applied General Systems Theory* Harper and Row London and New York First Edition 1974 Second Edition 1978 More than ten years after its publication this material still appears relevant to the main thrust of system design This book is dedicated to all those who are involved in changing the world for the better In a way we all are involved in system design from the city manager who struggles with the problems of mass transportation or the consolidation of a city and its suburbs to the social worker who tries to provide benefits to the urban poor It includes the engineer who designs the shuttle rockets It involves the politician engaged in drafting a bill to recycle containers or one to prevent pesticide contamination of our food The politician might even need system design to chart his or her own re-election campaign

Confessions of a Regressionist Barbara H. Pomar, 2012-05 For the past thirty-five years Dr Barbara Pomar has guided

her clients on journeys into their past lives Confessions of a Regressionist presents both her personal account of her work with clients working to reverse past decisions to change the present and future and the theories behind the practice For some the very existence of past lives let alone the ability to reconnect with them is a point of spirited debate Even so Dr Pomar has helped many to come to their own conclusions about the validity of this technique Now she guides readers on using her techniques to live more fully or mold their destinies She also discusses theories on why and how past life regression is possible If you ve ever struggled with how the possibility of past life regression fits within your faith Dr Pomar off ers advice on how to evaluate your conflict If you are a regressionist Dr Pomar s work can help you realize that by helping your client you also help past and future generations as well If you ve ever considered meeting with a regressionist Dr Pomar explains how this sort of experience can help you live more fully in the present with joy confi dence and prosperity by releasing or neutralizing memories of harmful events

Pitirim A. Sorokin Barry V. Johnston,1995 Pitirim A Sorokin 1889 1968 was one of the most original important and controversial figures in American sociology His spectacular rise from a peasant childhood in Czarist Russia to the Olympian heights of Harvard University provides an unlikely and fascinating lens for examining the history of an entire discipline And as Barry Johnston shows his equally dramatic fall from favor and unexpected resurrection illuminate both Sorokin s life and the tempestuous world of academic politics An outspoken revolutionary and secretary to Alexander Kerensky Sorokin was imprisoned and ordered executed by Lenin then reprieved and exiled During the 1920s he flourished as a teacher and scholar at the University of Minnesota where he published several pioneering books on the Russian Revolution social mobility sociological theory and rural sociology Harvard president A Lawrence Lowell was so impressed that he recruited Sorokin to chair the university s first department of sociology From 1930 to 1944 the department prospered under Sorokin s leadership attracting an entire generation of young scholars who in their own right would have a profound impact on the discipline In this period Sorokin published several volumes of his magnum opus Social and Cultural Dynamics and became embroiled in a bitter battle with rival Talcott Parsons for control of the department Parsons ultimately deposed Sorokin and transformed sociology into the Department of Social Relations Sorokin nevertheless stayed on at Harvard where he established the Center for Creative Altruism but otherwise continued to work in relative obscurity Finally in 1963 after years in eclipse Sorokin was recognized for his accomplishments when he was elected president of the American Sociological Association During a long and distinguished career Sorokin amassed an amazingly diverse and substantial body of work much of which set the standard for the field At the same time he broke with the conventions of sociology frequently ridiculing and taunting his less adventurous colleagues For his heresy the flamboyant Sorokin was condemned and driven to the periphery of a profession anxious for legitimacy as a science As a result Sorokin s ideas have been consistently ignored and misunderstood for more than a quarter century Based on exhaustive research in Sorokin s papers and the Harvard archives as well as interviews with Sorokin s surviving family members former students

and colleagues this biography restores Sorokin to his rightful place in the pantheon of American intellectuals

The Mind of the Soul Gary Zukav, Linda Francis, 2007-05-21 This book can dramatically change your life by showing you how to take responsibility for the choices you make and break free from the illusion that you are a victim of your circumstances So begins one of the most significant works you will ever encounter People make hundreds of choices every day both large and small yet most individuals feel they have little control over their own lives Now Gary Zukav author of the monumental bestseller The Seat of the Soul joins his spiritual partner Linda Francis in a revolutionary look at the power of choice and how to use it wisely They explain how changing our decision making can help us avoid self defeating patterns of thought and action and help us take control of our lives by creating authentic positive power The Mind of the Soul describes how each moment in life is a moment of decision whether to persist in the old limited patterns of life or to choose instead to experiment with the unbounded liberating potential ahead of us Using the same pragmatic terms that made The Heart of the Soul so meaningful Zukav and Francis allow readers to develop step by step the ability to break free of unconscious choices that hold them back and limit their fulfillment in life Whether your choices are large ones concerning work marriage parenting or divorce or smaller day to day choices such as shouting or showing annoyance when you are angry they carry consequences for which you must assume responsibility You will discover that in any situation one choice among the many that present themselves to you is the optimal choice to create harmony cooperation sharing or reverence for Life When you make this choice you gain the freedom to experiment with your life see what does or does not work for you learn to change yourself instead of blaming others open your heart and develop authentic power The Mind of the Soul is a book to be used not merely read It is packed with specific practical exercises diagrams and meaningful illustrations that make you a participant in the process of responsible choice To accompany this book the authors have created a special Self Empowerment Journal with additional material to help you focus your thoughts and emotions as you read and to invite you to record your insights after each exercise The discoveries you make in both the book and the Journal will become a permanent part of your life long after you have turned the last page
