Dangerous Minds Seeing God Outside The Box:

Dangerous Minds... Demetrius J. Sinegal, 2014-01-01 What do you think about God? What do you know about God? You do realize that there is a grave difference in the two don't you? What if I told you that much, not all of what you think and have been taught about the power of God, the authority of God and the dominion of God was actually about the power of you, the authority of you and the dominion of you? I know that's a somewhat offensive ideology to the synthetic traditionalist and I certainly understand the look of confusion and perhaps yeah, right that's on your face even now as you're reading this page. Throughout the pages of this book, you will find some BIBLICAL truths that are going to empower godliness in you and that will cause you to re-define what godliness really is. Are you ready? Let's go. I must warn you though, it will harm, injure and destroy the traditional mind traps about God, hence it will take a DANGEROUS MIND to embrace the truths. A Dangerous Mind W. Marshall Johnston, Daniel J. Crosby, 2015-06-30 A Dangerous Mind is a celebration of the ideas and influence of Delbert L. Wiens. It contains tributes to him, essays inspired by him, and some of his unpublished works. This effort has been brought together by his students, colleagues, and friends at the fiftieth anniversary of the publication of his *New Wineskins for Old Wine*, which hoped to guide the Mennonite Brethren as they faced the challenges of modernity; it has proven useful for other denominations facing similar transitions. This year also marks the sixtieth anniversary of Delbert's foundation of the Mennonite mission in Vietnam. In addition to celebrating his ideas and influence through our writing, we have also endeavored to capture the spirit of his work through art illustrating each section of this volume. **Soul Survival** Cristina E. Rodriguez, 2003-03 **When Do I See God?** Jeff Inlo, 2010-02-26 Death is not the end of existence for Steven Drilach. After his body is crushed in a flood, he finds himself in the afterlife, but his surroundings are stark and empty. He maintains his memories and his identity, but the spiritual existence appears to lack the purpose and clarity he always hoped to find. Despite his confusion, he consents to the assistance of a guide. He is shown the connections between the physical world and the spirit plane, and he discovers the importance of acceptance. As he journeys back to earth, he encounters lost souls and, through their experiences, he learns to face his own personal doubts and to remove the barriers which separate him from God. **"A Curious Machine"** Arseny Ermakov, Glen O'Brien, 2023-09-28 In his sermon *What Is Man*, John Wesley spoke of the human being as a curious machine, reflecting the eighteenth-century view of the person as a set of complex mechanisms animated by the soul. The rapid rate of technological development in recent decades is opening toward a future in which the centrality and uniqueness of human beings is undergoing a shift. Developments in robotics, artificial intelligence, surveillance, autonomous weapons, human enhancement, and genetic modification raise an array of questions for the Christian tradition. The awareness of the negative impact of human activity on the natural environment is challenging the traditional view of humanity as having a uniquely privileged role at the heart of creation. This collection of essays addresses Wesleyan and broadly Christian voices that explore the theological, philosophical, biblical, ethical, and practical implications of emerging technologies, their impact

upon different aspects of human life and the possibilities that are opening up toward a posthuman future
