Barr,2010-04 Groom Lake Dreamland The Skunk Works Paradise Ranch Watertown Pittman Station All names that refer to Area 51 the secret and foreboding government installation that everyone if they know anything about it at all fears Except Dr Ross Gardner A scientist at Area 51 he s trying to reverse engineer the technology of the saucer that crashed at Roswell in 1947 It s the best job in the world sure but to him Area 51 is just the office his second favorite place in the world after wherever his beautiful devoted wife Danse is Until Dr Gardner discovers the meaning of the strange sigils found in the saucer That will set into motion a chain of events that will upset every facet of his well ordered life Then he ll know why people fear Area 51 A Kingdom of Stargazers Michael A. Ryan,2012-03-27 Astrology in the Middle Ages was considered a branch of the magical arts one informed by Jewish and Muslim scientific knowledge in Muslim Spain As such it was deeply troubling to some Church authorities Using the stars and planets to divine the future ran counter to the orthodox Christian notion that human beings have free will and some clerical authorities argued that it almost certainly entailed the summoning of spiritual forces considered diabolical We know that occult beliefs and practices became widespread in the later Middle Ages but there is much about the phenomenon that we do not understand For instance how deeply did occult beliefs penetrate courtly culture and what exactly did those in positions of power hope to gain by interacting with the occult In A Kingdom of Stargazers Michael A Ryan examines the interest in astrology in the Iberian kingdom of Aragon where ideas about magic and the occult were deeply intertwined with notions of power authority and providence Ryan focuses on the reigns of Pere III 1336 1387 and his sons Joan I 1387 1395 and Mart I 1395 1410 Pere and Joan spent lavish amounts of money on astrological writings and astrologers held great sway within their

courts When Mart I took the throne however he was determined to purge Joan s courtiers and return to religious orthodoxy As Ryan shows the appeal of astrology to those in power was clear predicting the future through divination was a valuable tool for addressing the extraordinary problems political religious demographic plaguing Europe in the fourteenth century Meanwhile the kings contemporaries within the noble ecclesiastical and mercantile elite had their own reasons for wanting to know what the future held but their engagement with the occult was directly related to the amount of power and authority the monarch exhibited and applied A Kingdom of Stargazers joins a growing body of scholarship that explores the mixing of religious and magical ideas in the late Middle Ages
