Dangerous Intimacies Toward A Sapphic History Of The British Novel:

Dangerous Intimacies Lisa Moore, 1997 Examines accounts of sapphic relations in eighteenth century and early nineteenth century texts both to show how such stories were used to help consolidate more bourgeois values and to widen our idea of what kinds of relationships existed between women

Dangerous Intimacies Lisa Moore, 1997 This study challenges the idea that sex between women was unimaginable in British culture before the late 19th century Author Lisa Moore argues that literary representations of sapphic relationships between women were central to 18th century debates over English national identity and in novels were encoded within wider social concerns regarding race nation and colonialist ventures

Precarious Domesticity and the British Novel Henna Messina, 2024-11-19 Precarious Domesticity and the British Novel Space Gender and Empire investigates the ways domesticity shapes and threatens female characters in British fiction from the 1750s to the 1850s Going far beyond the well trod ground of the marriage plot women writers in this period explored complicated issues such as sexual abuse grief and the way coverture and inheritance laws challenged women's survival The author argues that women writers used the novel as a space where they could confront anxieties about the precarity of domesticity and the implicit threat of homelessness many women of the middle ranks faced Precarious Domesticity explores the way female characters subvert these dynamics by reordering domestic space to enact ingenious and creative resistances to their marginalization in Jane Collier Sarah Scott Frances Burney Jane Austen Elizabeth Gaskell and Charlotte Brontë The author also explores the implications of British imperialism's impact on domestic ideology both in the consumer products imported into England and the wealth derived from plantation slavery and global trade made possible by enslaved labor

LGBTQ+ Literature in the West Robert C.

Evans, 2023-05-18 A survey within one volume of the history of critical responses to LGBTQ literature from the beginning to the present day this book explores changes in attitudes literature and criticism over a period of two and a half thousand years For various reasons it focuses on literature of the West trying to give readers a clear sense within a relatively short compass not only of the development of queer literature perhaps the most encompassing of all terms but especially of critical responses to that literature notably during the past century and particularly the past fifty years All in all this book offers a roadmap to much of the excellent scholarship concerning LGBTQ literature that has arisen in the last half century an era of unparalleled interest in the topic and an era that has moved the topic from the distant sidelines of literary study to a place ever closer to the center of things

The Literary Channel Margaret Cohen, Carolyn Dever, 2009-02-14 The Literary Channel defines a crucial transnational literary zone that shaped the development of the modern novel During the first two centuries of the genre's history Britain and France were locked in political economic and military struggle The period also saw British and French writers critics and readers enthusiastically exchanging works codes and theories of the novel Building on both nationally based literary history and comparatist work on poetics this book rethinks the genre's evolution as marking the power and limits of modern cultural nationalism In the Channel zone the novel developed through interactions among texts readers writers and translators that inextricably linked national literary cultures It served as a forum to promote and critique nationalist clichés whether from the standpoint of Enlightenment cosmopolitanism the insurgent nationalism of colonized spaces or the non nationalized culture of consumption In the process the Channel zone promoted codes that became the genre's hallmarks including the sentimental poetics that would shape fiction through the nineteenth century Uniting leading critics who bridge literary history and theory The Literary Channel will appeal to all readers attentive to the future of literary studies as well as those interested in the novel's development British and French cultural history and extra national patterns of cultural exchange Contributors include April Alliston Emily Apter Margaret Cohen Joan DeJean Carolyn Dever Lynn Festa Fran oise Lionnet Deidre Shauna Lynch Sharon Marcus Richard Maxwell and Mary Helen McMurran

The Cambridge Companion to Gay and Lesbian Writing Hugh Stevens, 2011 In the last two decades lesbian and gay studies have transformed literary studies The Cambridge Companion to Gay and Lesbian Writing introduces readers to important concepts methods and cultural and historical debates relevant to the study of sexuality and literature

The Circuit of Apollo Laura L. Runge, Jessica Cook, 2019-05-10 Written by a combination of established scholars and new critics in the field the essays collected in *Circuit of Apollo* attest to the vital practice of commemorating women's artistic and personal relationships In doing so they illuminate the complexity of female friendships and honor as well as the robust creativity and intellectual work contributed by women to culture in the long eighteenth century Women's tributes to each other sometimes took the form of critical engagement or competition but they always exposed the feminocentric networks of artistic social and material exchange women created and maintained both in and outside of London This volume advocates for a new perspective for
