Everyday Dash Diet Cookbook Martha Stone, 2014-11-21 Eating is one of the greatest pleasures of our lives. Our eating habits greatly affect our health. Everyone deserves a balanced and nutritious diet to spend a healthy life. However, due to obvious reasons, it is very difficult to overcome temptations towards certain diets rich in sodium and cholesterol, which ultimately result in developing high blood pressure or hypertension. Once developed, hypertension can easily be controlled by adopting a diet plan known as the DASH diet. Dietary approaches to stop hypertension. In this DASH diet cookbook, I have provided you with a collection of DASH diet recipes which, if followed, can ultimately lead towards controlling the high blood pressure and hypertension. These DASH diet recipes are easy to cook and take very less time in preparation. They are nutritious, energetic, tempting, and exotic. With slight variations in ingredients and inclusion of substitutes, you hardly feel trailing an unfamiliar diet program. So this DASH diet cookbook provides a diet plan very close to regular diet. At last, as they say, prevention is better than cure; therefore, the DASH program is a must to be followed by all. **The DASH Diet**

With a special emphasis on prevention, this book is written for parents, teachers, and anyone concerned about protecting themselves and their children from the health risks of obesity.
