Child of a Hidden Sea A. M. Dellamonica, 2014-06-24 High adventure with magical spells and tall sailing ships makes for a rollicking fun read from the author of the award winning Indigo Springs Library Journal One minute twenty four year old Sophie Hansa is in a San Francisco alley trying to save the life of the aunt she has never known The next she finds herself flung into the warm and salty waters of an unfamiliar world Glowing moths fall to the waves around her and the sleek bodies of unseen fish glide against her submerged ankles The world is Stormwrack a series of island nations with a variety of cultures and economies and a language different from any Sophie has heard Sophie doesn't know it yet but she has just stepped into the middle of a political firestorm and a conspiracy

that could destroy a world she has just discovered her world where everyone seems to know who she is and where she is forbidden to stay But Sophie is stubborn and smart and refuses to be cast adrift by people who don't know her and yet wish her gone With the help of a sister she has never known and a ship captain who would rather she had never arrived she must navigate the shoals of the highly charged politics of Stormwrack and win the right to decide for herself whether she stays in this wondrous world or is doomed to exile Something refreshing in the way of fantasy S M Stirling New York Times bestselling author
