comping examples and ensemble passages from Howard's extensive solo albums spanning from the 50's to the 70's in accurate detail. There is a bio of HR as he was affectionately known to all of his acquaintances and fans with personal comments from Pete Jolly, well-known LA jazz and studio pianist who was best friends with Howard going back to their early days in Phoenix; an extensive section covers the history and development of the Epiphone and Gibson signature guitars that Howard created along with the Benson amp story which is told by Howard's original partner Ron Benson, the first of the boutique amplifier companies so common today. Along the way, Howard's involvement with guitar education and publishing is described, culminating in the opening of the Guitar Institute of Technology, now the Musicians Institute, in 1977. A discography of Howard's solo albums as well as the key hit records he played on and a list of the major motion picture soundtracks he participated in as a studio musician in Los Angeles are also included. *Korean War Filmography* Robert J. Lentz, 2016-05-01

The Korean experience changed the way Americans viewed war. The lack of a clear-cut victory inspired filmmakers to try to make sense of fighting another country's civil war and risking American lives for an unpopular cause. This filmography details more than 90 English language films. Each entry includes complete cast and credit listings, a plot synopsis, evaluation, review snippets, and notice of video availability. This book places each film in its historical context, assesses the essential truthfulness of each film, and evaluates its entertainment value and discusses how and why Korean War films differ from other Hollywood war genres. Four appendices list the films by chronology, production company, and studio level of historical accuracy and subject and theme. Additional appendices list films with incidental references to the Korean War, documentaries on the Korean War, and South Korean films about the war. Photographs, a bibliography, and an index are included.
