Understanding the Synod on Synodality, 2023 Session James Chukwuma Okoye, 2024-09-24 No synod in modern times has grappled with so much contention and doubt from personages high in the church's hierarchy. The author situates this in context, guiding the reader through the theological and canonical footprints leading from Vatican II to the Synod on Synodality and outlining the *communio ecclesiology* at the base of this Synod. The book studies the Synod documents, especially the *Instrumentum laboris* and the Synod Synthesis Report, drawing out certain implications for a synodal church renewed by the Spirit and becoming a community of mutual empowerment in mission.

2014: The Year of Action Bepty Antoine, 2018-05-24 2014 The Year of Action. By Bepty Antoine. 2014. The Year of Action is a broad-ranging compendium of the events, conflicts, and progress recently seen throughout the world. Written from the perspective of an immigrant with a particular heart for the poor, this unique tome focuses on the influential work of two world leaders: United States President Barack Obama and Pope Francis. Bepty Antoine utilizes historical and cultural knowledge to frame events within a larger context, presenting the actions both men have taken to further social justice issues, often connecting these concerns to environmental crises. Drawing on the tenants of their Christian faith, both the President and the Pope have sought to defend immigrants, refugees, and the global poor, and their efforts, often in the face of extreme opposition, are carefully detailed and celebrated.

2014 The Year of Action focuses on the impressive achievements of two modern heroes and places their struggles for progress within the wider context of current events and popular culture.

Bevans, Stephen B., 2024-04-17 Ecclesiology from a mission perspective. *The Church of England and the Home Front, 1914-1918* Robert Beaken, 2015. Challenges the tired orthodoxy that the Church of England had a bad First World War. In telling the story of the Church and its people in Colchester, a garrison town, Robert Beaken enlivens our understanding of the First World War not only as a clash of mighty forces but also at a personal and communal level. The Very Rev Dr John Hall, Dean of Westminster, says: "The Church of England is popularly believed to have had a bad First World War. This book challenges that tired orthodoxy. It examines the relationship between parish churches and the Army during the war, using the important garrison town of Colchester as a case study. Colchester in 1914-18 was a microcosm both of English society and of the Church of England in all their diversity. The presence of the Army also meant that wartime experiences and trends which were noticeable elsewhere in England were sharply felt in Colchester. For the generation of Britons who lived through the Great War, Christianity was an important part of their culture, world view, and in many instances, personal lives. To understand life on the home front during the war, it is vital to understand the part played by Christianity and particularly by the parishes of the Church of England. With the help of newly discovered archival material, this book reassesses the relations between clergy, soldiers, and civilians to show that, contrary to widely held belief, the clergy and their parishioners responded to the crisis of 1914-18 with courage, common sense, and self-sacrifice; their ministry kept much of the population going during the Great War."

ROBERT BEAKEN is parish priest of St Mary the Virgin Great Bardfield and St Katharine Little Bardfield in Essex He holds a PhD from King s College London and is a Fellow of the Royal Historical Society He is the author of seven works including *Cosmo Lang Archbishop in War and Crisis* 2012 *American Missionaries, Korean Protestants, and the Changing Shape of World Christianity, 1884-1965* William Yoo,2016-10-04 This book examines the partnerships and power struggles between American missionaries and Korean Protestant leaders in both nations from the late 19th century to the aftermath of the Korean War Yoo analyzes American and Korean sources including a plethora of unpublished archival materials to uncover the complicated histories of cooperation and contestation behind the evolving relationships between Americans and Koreans at the same time the majority of the world Christian population shifted from the Global North to the Global South American and Korean Protestants cultivated deep bonds with one another but they also clashed over essential matters of ecclesial authority cultural difference geopolitics and women s leadership This multifaceted approach incorporating the perspectives of missionaries migrants ministers diplomats and interracial couples casts new light on American and Korean Christianities and captures American and Korean Protestants mutually engaged in a global movement that helped give birth to new Christian traditions in Korea created new transnational religious and humanitarian partnerships such as the World Vision organization and transformed global Christian traditions ranging from Pentecostalism to Presbyterianism **Handbook of African Catholicism** Ilo, Stan Chu,2022-07-13 A disciplinary map for understanding African Catholicism today by engaging some of the most pressing and pertinent issues topics and conversations in diverse fields of studies in African Catholicism The Practice of Folklore Simon J.
