Black Magic, Witchcraft and Occultism Sajal Nag, 2023-06-09 Black magic occult practices and witchcraft still evoke huge curiosity interest and amazement in the minds of people Although witchcraft in Europe has been a widely studied phenomenon black magic and occult are not yet a popular theme of academic research even though India is known as a land of magic tantra and occult The Indian State of Assam was historically feared as the land of Kamrup Kamakhya black magic witchcraft and occultic practices It was where different Tantric cults as well as other occult practices thrived The Khasi Hills are known for the practice of snake vampire worship The village of Mayong is the village where magic and occult is still practiced as a living tradition This book is one of the rarest collections where such practices are researched recorded and academically analyzed It is one of those collections where studies of all three practices of Black Magic Witchcraft and Occult are combined into one single book

Modern Satanism Chris Mathews, 2009-02-17 In 1966 Anton LaVey introduced to the world the Church of Satan an atheistic religion devoted to the philosophy of individualism and pitilessness often associated with Satan Modern Satanism offers a comprehensive survey and analysis of the church that LaVey built Satanism has been an open religion for forty years now and operates successfully in its self created countercultural niche Given the provocative nature of its name contemporary Satanism is only superficially understood as an alternative religion ideology and all too frequently seen as a medieval superstition and associated with rumors of obscure rituals perverse hedonism cult like behavior and tales of ritual abuse and murder These may be misconceptions but the truth behind the unenviable reputation is no less dramatic Satanism generally eschews supernatural beliefs and embodies a staunchly individualistic pitiless anti egalitarian creed If there is anything fundamentally diabolical

about modern Satanism it stems more from the echoes of Nazism in its theories than from its horror comic trappings Modern Satanism covers the history ideology personalities and practices of the decentralized international movement that contemporary Satanism has become The work addresses the various beliefs and practices espoused by those who follow it the ideal of Satan as a rebellious emblem Satanism s occult literary and philosophical influences the history of the Church of Satan and other Satanic organizations the ideology of Satanism Satanism s frequent flirtations and strong parallels with neo Nazism and other forms of extremism Satanism in the media and popular culture and the reasons for Satanism s continuing attractiveness to new converts Though the tone of the work attempts to remain neutral when discussing historical matters it is by necessity critical of the subculture s extremist rhetoric and recurring associations with the far right and racist extremism
