Foundations for Fruitful Church Planting Ken L. Davis, 2023-07-28 Church planting is one of the most challenging yet rewarding adventures you can embark on Often zealous planters and their teams launch their new church prematurely without taking time to lay a firm foundation for long term fruitful ministry Failure to do so often results in a weakened new church or even the new church closing after a few years Rather than focusing on methodology the how to s of church planting this book gives attention to six foundational concerns wise planters will need to nail down before they ever plant Biblical foundations Theological foundations Ecclesiological foundations Missiological foundations Spiritual foundations Practical foundations Although helpful for a wide range of planting leaders this book is particularly written for four specific groups those who feel called to plant and are making preparations their planting teammates and launch leaders those exploring church planting those who coach and train church planters Foundations for Fruitful Church Planting serves as a comprehensive resource that will guide you to think strategically plan carefully and prepare thoroughly to birth a healthy growing and reproducing congregation Each chapter includes recommended resources discussion questions and follow through exercises

Planting Churches in the 21st Century Stuart Murray, 2010-03-04 What does church planting look like in the 21st century Is the goal to plant more churches or is it to plant new kinds of churches In *Planting Churches in the 21st Century* Stuart Murray suggests that church planting isn't just about numbers it's about the renewal of the church and the development of new ways of being the church that are biblically rooted and contextually appropriate With his gift for posing thought provoking questions while writing in a clear logical style Murray provides stimulation and challenge to anyone who wants to see new churches come into being But don't look here for stereotypes and ready made blueprints Murray's approach is open ended and leaves ample room for personal reflection and creative responses Most of the literature on church planting in North America assumes that the Christendom come to us model still works That is true for a rapidly declining segment of the population and fails to reach the growing ranks of the never churchd Stuart Murray has provided a much needed contribution to the study and practice of church planting by addressing the basic questions Why plant Churches Where When What Who and What Next In addressing each of these fundamental questions he both surveys a

wide terrain and digs deeply drawing from his long experience with a wide variety of traditions He also writes as a practitioner and not just a theoretician This is not a step by step how to book that you can read and set aside but a reference book that church planters will want to turn to on a regular basis Eddie Gibbs professor of Church Growth at Fuller Theological Seminary and co author of *Emerging Churches Creating Christian Community in Postmodern Cultures* Murray provides the scaffolding church leaders need to extend an effective and incarnational witness to the reign of God This book is a must read for all students and practitioners of church planting Missional leaders who long to see the church become a nesting place for all will find good guidance for aligning the work of the church with the inbreaking of God's kingdom David Boshart lead pastor at West Union Mennonite Church and mission strategist [Click here to read a press release about the book](#) [Click here to read an interview with author Stuart Murray](#) [Click here to read the foreword by Rev Anne Wilkinson](#) Hayes North West Metro Baptist Union of Victoria Australia Free downloadable study guide available here
