O'Brien, 2011-05-24 The Harry Potter series of books and movies are wildly popular Many Christians see the books as largely if not entirely harmless Others regard them as dangerous and misleading In his book *A Landscape with Dragons* Harry Potter critic Michael O'Brien examines contemporary children's literature and finds it spiritually and morally wanting His analysis written before the rise of the popular Potter books and films anticipates many of the problems Harry Potter critics point to *A Landscape with Dragons* is a controversial yet thoughtful study of what millions of young people are reading and the possible impact such reading may have on them In this study of the pagan invasion of children's culture O'Brien the father of six describes his own coming to terms with the effect it has had on his family and on most families in Western society His analysis of the degeneration of books films and videos for the young is incisive and detailed Yet his approach is not simply critical for he suggests a number of remedies including several tools of discernment for parents and teachers in assessing the moral content and spiritual impact of this insidious revolution In doing so he points the way to rediscovery of time tested sources and to new developments in Christian culture If you have ever wondered why a certain children's book or film made you feel uneasy but you couldn't figure out why this book is just what you need This completely revised much expanded second edition also includes a very substantial recommended reading list of over 1 000 books for kindergarten through high school **Sacred Muse** Charles Scribner III, 2023-06-15 This small book provides an introduction to the rich and variegated subject of Christian currents through art and music down the ages from Early Christian art to the present It is personal and selective in its focus on favorite major artists and their subjects as exemplars of a wide range of sacred themes The author's lifelong professional focus on the Baroque giants Rubens and Bernini along with the revolutionary Caravaggio is evident in the central place they claim as he places them in the context of the broader tradition medieval art Michelangelo Titian Bellini Rembrandt Tiepolo and other giants of the Renaissance and Baroque Scribner's focus is decidedly European not global The masters of music will be equally familiar to readers and listeners from Palestrina and Vivaldi to Bach Handel Haydn Mozart and Verdi down to the 20th century It is intended to be protreptic something that will encourage and spur on the reader teacher student amateur alike to pursue her or his own explorations in periods and artists that likewise hold special appeal Includes 45 color and b/w illustrations **Living Water**, Klara Tammany is a professional Christian educator who goes about her calling with a joyous urgency This book demonstrates her impassioned approach to religious instruction She starts with the premise that ongoing Christian education must be central to a life of faith and then proceeds from the corollary that baptism must be central to all Christian education Eight group sessions focus repeatedly on water first as a natural element necessary to life then as a symbolic element necessary to spirituality Gradually through prayer song scripture silence poetry visual arts storytelling group discussion and personal reflection water as baptismal element gains ascendancy No longer mere occasional refreshment *Living Water* inundates

becomes life's very medium This text makes for excellent catechumenal preparation but is intended for use by all Christians those who are years into their journeys as well as those who are beginning Designed for small groups of adult Episcopalians the program is easily adaptable to other denominations to one on one spiritual mentoring to children young adult or intergenerational groups and even to individuals for private meditation **The British Essayists** ,1827
