A Practical Theology of the Cross

Andrew Root

Christopraxis

Ray S. Anderson

Christopraxis:

Christopraxis Andrew Root, 2014 Finding practical theology not always able to present frameworks for understanding concrete and lived experience with divine action Andrew Root's Christopraxis seeks to reset the edifice of practical theology on a new foundation While not minimizing its commitment to the lived and concrete Root argues that practical theology has neglected deeper theological underpinnings Root seeks to create a practical theology that is properly and fully theological post postmodern post Aristotelian and that attends to doctrines such as divine action and justification *Christopraxis* Edmund Arens, 1995 Christian social ethics too often lands in despair Edmund Arens exploits the normative aspects of Jurgen Habermas's philosophy to construct a fresh and positive Christian theology of action Its centerpiece is the idea of communicative action with its premise that speech is oriented toward eliciting shared conviction After offering clear concise formulations of Habermas's chief ideas Arens sketches their application in biblical systematic and practical theology Christopraxis finds its axial point in the gospel portraits of Jesus own creative communicative and critical praxis Christopraxis redeems some of the promise of critical social theory for theology and situates Christian social ethics in a continuum of humane action oriented toward doing the truth *Remembering Esperanza* Mark Lewis Taylor, 2006-09-01 Remembering Esperanza has been acclaimed as this generation's most important synthesis of critical theory and Christian theology Taylor offers North American models of a new theology that serves an informed critical transformative praxis of resistance to sexism classism racism Taylor's work forges a vital link to an engaged Christianity and the Christ who is its source [From Historical to Critical Post-Colonial Theology](#) Robert S Heaney, 2016-05-26 What is post colonial theology How does it relate to theology that emerged in historically colonial situations These are two questions that get to the heart of Robert S Heaney's work as he considers the extent to which theologians predating the emergence of post colonial theology might be considered as precursors to this theological movement Heaney argues that the work of innovative theologians John S Mbiti and Jesse N K Mugambi important in their own right must now also be considered in relation to the continued emergence of post colonial theology When this is done fresh perspectives on both the nature of post colonial theology and contextual theology emerge Through a sympathetic and critical reading of Mbiti and Mugambi Heaney offers a series of constructive moves that counter the ongoing temptation toward acontextualism that continues to haunt theology both in the North and in the South **Opening the Field of Practical Theology** Kathleen A. Cahalan, Gordon S. Mikoski, 2014-04-10 Opening the Field of Practical Theology introduces students to practical theology through an examination of fifteen different approaches ranging from feminist to liberationist Roman Catholic to evangelical Asian American to Latino a After an introduction to the field of practical theology and its broad range of practice today the book features chapters written by leading experts in the discipline Each chapter has an identical structure to facilitate comparison covering historical context key features and figures norms and sources of authority theory practice contexts interdisciplinary considerations areas of

current and future research and suggested readings Opening the Field of Practical Theology is an ideal introduction to the field highlighting the diverse ways practical theology is engaged today **The Shape of Practical Theology** Ray S.

Anderson, 2025-08-14 Too often in the life of the church theological reflection and the practical matters of leading and serving have been considered independently The result has been the impoverishment of both Christian faith and Christian practice In this groundbreaking book Ray Anderson reflects theologically and practically on preaching worship ethics social justice therapy family homosexuality burnout in ministry reconciliation in relationships and theological education itself The result is *The Shape of Practical Theology* a new and renewing foundation for engaging in Christian ministry Anderson lays out his threefold goal as follows to define more clearly the shape of practical theology as truly a theological enterprise rather than mere mastery of skills and methods to demonstrate the praxis of practical theology as critical engagement with the interface between the word of God as revealed through Scripture and the work of God taking place in and through the church in the world to deal with practical pastoral theology from the perspective of those who are on the field of play of life and ministry where preaching counseling and teaching does affect for many persons the outcome of the game Illuminated by stimulating discussion and helpful case studies *The Shape of Practical Theology* is aimed at seminary students at Christian educators and at working pastors and counselors Anderson's work fascinating and fruitful brings together the Word of God with the Spirit of God in the ever changing context of real life ministry *What Happens to Faith When Christians Get Dementia?* Tricia Williams, 2021-01-25

What happens to faith when Christians get dementia Here the unique voices of Christians who live with this illness bring insight and prompt theological reflection on the profound questions that dementia asks of faith Within the boundaries of a biblical agenda these questions are explored using a model of orientation disorientation and reorientation reminiscent of Brueggemann's scheme to seek deeper understanding of faith experience and practice Arising from the research fresh theological insights and challenges for the church call for new creative practices to enable the faith nurture of disciples of Jesus living with this disease Counterintuitively the study reveals a growing positive experience of faith in the light of dementia highlighting the significance of Christian hope Faith does not end with diagnosis of this illness **Youth Ministry and Theological Shorthand** David Bailey, 2019-08-08

In *Youth Ministry and Theology Shorthand* David Bailey explores the dialogue between practice and theological education through the lens of youth ministry This qualitative study illuminates how youth ministers talk about their work amongst young people Through the slowing down of the youth ministry process it is discovered that youth ministers speak in theological shorthand Theological shorthand is a paradox it is both meaningful it fuels long term sacrificial service amongst young people and it is problematic as it risks untethering youth ministry from the wider narrative of the Christian story The book will appeal to youth ministers clergy academics graduate and post graduate students but also informed volunteers involved in youth ministry Through the discipline of practical theology it correlates the voices of the youth ministers a set of materials used to deepen faith and

contemporary expressions of sung worship These are then brought into conversation and explored via different aspects of Trinitarian theology to deepen the theological grammar within contemporary youth ministry and to help develop theological literacy

Who is Present in Absence? Pamela F. Engelbert, 2019-01-16 What transpires when Classical Pentecostals pray for God to intervene within their suffering but God does not Traditionally Classical Pentecostals center on encountering God as demonstrated through the relating of testimonies of their experiences with God In seeking to contribute to a theology of suffering for Pentecostals Pam Engelbert lifts up the stories of eight Classical Pentecostals to discover how they experienced God and others amidst their extended suffering even when God did not intervene as they had prayed By valuing each story this qualitative practical theology work embraces a Pentecostal hermeneutic of experience combined with Scripture namely the Gospel of John As a Pentecostal practical theological project it offers a praxis theology of action of suffering and healing during times when we experience the apparent absence of God It invites the reader to enter into the space of the other s suffering by way of empathy and thereby participate in God s act of ministry to humanity through God s expression of empathy in the very person of Jesus

The Theological Turn in Youth Ministry Andrew Root, Kenda Creasy Dean, 2011-09-12 The questions our youth have are often the same ones that perplexed the great theologians Andrew Root and Kenda Creasy Dean invite you to envision youth ministries full of practical theologians Follow them into reflection on your own practice of theology and learn how to share that theology through rich conversation and purposeful experience

In a world taken by monitors and the ceaseless chatter of quick conversation, the melodic elegance and mental symphony produced by the published term usually disappear in to the background, eclipsed by the constant noise and interruptions that permeate our lives. However, set within the pages of **Christopraxis** a wonderful literary prize filled with natural thoughts, lies an immersive symphony waiting to be embraced. Crafted by a masterful musician of language, this charming masterpiece conducts readers on an emotional trip, skillfully unraveling the concealed tunes and profound impact resonating within each cautiously constructed phrase.
