Christs Prophetic Plans A Futuristic Premillennial Primer:

Christ's Prophetic Plans Richard Mayhue, John MacArthur, 2012-02-21 General editors and experienced bible scholars John MacArthur and Richard Mayhue help to provide a clear and convincing Biblical explanation for the interpretive approach to Scripture that results in a knowable futuristic view of Christ's millennial reign on earth Christ's Prophetic Plans also helps provide the certain validity of God's promises to future Israel and the crucial differences between Israel as a people and a nation and the New Testament church *Christ Jesus, the True Israel* Brent E. Parker, 2024-01-11 What is the relationship between the nation of Israel Jesus Christ and the church Pastors and theologians come to significantly different conclusions The reigning systems of evangelical theology covenant theology and dispensationalism answer this question by stressing the continuity of the Israel church relationship covenant theology or emphasizing discontinuity dispensationalism In more recent times progressive covenantalism has emerged as a via media between these two theological approaches by providing a different proposal for unpacking the biblical covenants and by highlighting that to rightly understand the people of God in biblical theology the person of Jesus Christ must be the focal point In *Christ Jesus the True Israel* Brent E Parker presents the case for the importance of typology in this debate arguing that national Israel is a type not unlike other Old Testament types e.g. the sacrificial system the temple etc that reaches its antitypical fulfillment in Jesus Christ Moreover the Israel church relationship is also typological but only through Christ Parker demonstrates that the progressive covenantal approach is a viable system of theology that seeks to preserve what the whole Bible says regarding the people of God from Israel to Christ and from Christ to the church **Models of Premillennialism** Sung Wook Chung, David L. Mathewson, 2018-08-27 The meaning of the millennium the thousand year reign of Christ spoken of in Revelation 20 has been controversial for much of the church's history and even the main perspectives on the matter turn out to be more variegated than is often realized This book takes the oldest of those options premillennialism and offers an excellent introduction to a variety of models of premillennialism currently available including classical dispensationalism progressive dispensationalism historic premillennialism thematic premillennialism and historic premillennialism in Asian context The product of collaboration between a systematic theologian and a New Testament scholar this book provides a fascinating reference tool for anyone interested in what Scripture teaches about the last things of redemptive history the Parousia and the millennial kingdom 40 Questions About Biblical Theology Oren R. Martin, Andrew David Naselli, Jason S. DeRouchie, 2020-11-24 An accessible survey of the meaning methodologies themes and applications of biblical theology To understand what the entire Bible teaches about any given subject we must practice biblical theology By surveying the whole canon of Scripture we can best discern what God has revealed about any particular issue But doing so requires answering a number of important questions What type of biblical theology will we choose What overall story does the Bible tell How should we understand the relationship between the Old and New Testaments How does our topic fit within salvation history How do we apply the truths

we discover 40 Questions About Biblical Theology provides resources to answer these key questions in order to guide readers in their own study and practice of biblical theology Other vital topics the authors address include how to understand typology key themes in biblical theology and how Christians should relate to Old Testament promises Ideal for courses on biblical theology for pastors and for anyone who teaches or interprets Scripture 40 Questions on Biblical Theology will deepen your understanding and application of the whole counsel of God **Covenantal and Dispensational Theologies** Brent E.

dispensational premillennialism historic premillennialism postmillennialism preterism These are difficult words to pronounce and even harder concepts to understand A Case for Amillennialism is an accessible look at the crucial theological question of the millennium in the context of contemporary evangelicalism Recognizing that eschatology the study of future things is a complicated and controversial subject Kim Riddlebarger provides definitions of key terms and a helpful overview of various viewpoints He examines related biblical topics as a backdrop to understanding the subject and discusses important passages of Scripture that bear upon the millennial question Regardless of their stance readers will find helpful insight as

Riddlebarger evaluates the main problems facing each of the major millennial positions and cautions readers to be aware of the spiraling consequences of each view **Evidence for the Rapture** John Hart,2015-07-24 Is the rapture still going to happen And if so when With contributing scholars from schools like Moody Bible Institute Dallas Theological Seminary and The Master s Theological Seminary Evidence for the Rapture is a convincing and thoroughly biblical case for the rapture This collection of exegetical essays looks at the rapture from a number of biblical angles the words of Jesus in the Gospels Paul s teachings in the epistles and even prophetic and apocalyptic literature In sound exegetical technique the authors corroborate Scripture s main teachings on the end times to provide a trustworthy and concise treatment of a multi faceted issue For the last several hundred years the doctrine of a pretribulation rapture has been a fixture in many churches and institutions

Evidence for the Rapture is a fresh polish upon this long standing doctrine **Biblical Theology** Andreas J.

Köstenberger,Gregory Goswell,2023-02-23 A Clear Careful Textbook to Help Bible Students Interpret Scripture Pastors thoughtful Christians and students of Scripture must learn how to carefully read and understand the Bible but it can be difficult to know where to start In this clear logical guide Andreas J K stenberger and Gregory Goswell explain how to interpret Scripture from three effective viewpoints canonical thematic and ethical Biblical Theology is arranged book by book from the Old Testament using the Hebrew order through the New Testament For each text K stenberger and Goswell analyze key biblical theological themes discussing the book s place in the overall storyline of Scripture Next they focus on the ethical

The Jews and the Irrevocable Call of God in Reformed Theology from John Calvin to Thomas Torrance Mark J. Larson, 2025-08-05

There has been confusion in recent years concerning the teaching of classical Reformed thought regarding the Jews Replacement theology alleges that the Jews having rejected Christ are no longer special in the eyes of God Some have erroneously asserted that Calvin tends to supercessionism Due to distinctive hermeneutical commitments there has not been a monolithic Reformed point of view on all the details concerning the Jews in relationship to eschatology Significant Reformed theologians in continuity with early church fathers anticipated the return of the Jews to the land promised in the Abrahamic covenant along with a millennium centered in Jerusalem with Christ as king bringing justice and peace to the nations Calvin with his adherence to a metaphorical reading of Old Testament prophetic passages rejected such a prospect It has been a mainstay of Reformed doctrine however that the Jews have been given an irrevocable call and continue to be loved by God Calvin and his theological descendants have affirmed that the day will come when God will pour out the Spirit of grace upon his ancient people resulting in their national salvation Indeed the heart of God is reflected in every prayer that all Israel may be saved
