Churbn Lettland The Destruction Of The Jews Of Latvia:

Churbn Lettland Max Kaufmann, 2010 **The Murder of the Jews in Latvia** Bernhard Press, 2000 A challenging account of the systematic and brutal slaughter of Jews in Latvia during the Second World War **On the Death of Jews** Nadine Fresco, 2021-03-10 A meticulous and shattering investigation of eight horrific pictures L Arche In December 1941 on a shore near the Latvian city of Liepaja Nazi death squads the Einsatzgruppen and local collaborators murdered in three days more than 2 700 Jews The majority were women and children most men having already been shot during the summer The perpetrators took pictures of the December killings These pictures are among the rare photographs from the first period of the extermination during which over 800 000 Jews from the Baltic to the Black Sea were shot to death By showing the importance of photography in understanding persecution Nadine Fresco offers a powerful meditation on these images while confronting the essential questions of testimony and guilt From the forward by Dorota Glowackay Straddling the boundary between historical inquiry and personal reflection this extraordinary text unfolds as a series of encounters with eponymic Holocaust photographs Although only a small number of photographs are reproduced here Fresco provides evocative descriptions of many well known images synagogues and Torah scrolls burning on the night of Kristallnacht deportations to the ghettos and the camps and finally mass executions in the killing fields of Eastern Europe The unique set of photographs included in On the Death of Jews shows groups of women and children from Liepaja Liepaja shortly before they were killed in December 1941 in the dunes of Shkede k de on the Baltic Sea In the last photograph of the series we see the victims bodies tumbling into the pit City of Life, City of Death Max Michelson, 2004-09-15 City of Life City of Death Memories of Riga is Max Michelson s stirring and haunting personal account of the Soviet and German occupations of Latvia and of the Holocaust Michelson had a serene boyhood in an upper middle class Jewish family in Riga Latvia at least until 1940 when the fifteen year old Michelson witnessed the annexation of Latvia by the Soviet Union Private properties were nationalized and Stalin s terror spread to Soviet Latvia Soon after Michelson s family was torn apart by the 1941 Nazi invasion of the Soviet Union He quickly lost his entire family while witnessing the unspeakable brutalities of war and genocide Michelson s memoir is an ode to his lost family it is the speech of their muted voices and a thank you for their love Although badly scarred by his experiences like many other survivors he was able to rebuild his life and gain a new sense of what it means to be alive His experiences will be of interest to scholars of both the Holocaust and Eastern European history as well as the general reader

The Good Assassin Stephan Talty, 2020 The untold story of a Latvian Nazi s gruesome crimes and an Israeli spy s epic journey to bring him to justice a case that altered the fates of all ex Nazis Bystander Society Mary Fulbrook, 2023 The most commonly asked and bitterly debated question about Germans during the Nazi era is how much did they know Were they aware of what was being committed in their name As Mary Fulbrook argues in this haunting and original new book that s the wrong question to ask It s not what people knew it s what they did with what they knew **The German-Soviet War**

Jeff Rutherford, Robert von Maier, 2025-06-15 The German Soviet War revises the conflict's generally accepted understanding through case studies demonstrating the complexity of the war at the local level. The contributors assembled by Jeff Rutherford and Robert von Maier examine the multiplicity of experiences of individuals caught in this savage war starting with the German war of annihilation launched against Soviet state and society in June 1941. This detailed collection shows that the particular nature of the war in the east resulted from an intertwining of military, ideological, and economic motives. The German Soviet War puts Germany's murderous policies toward Soviet Jews and prisoners of war and the justification for these policies and actions within the ranks of the army into the larger context of battlefield events. The neglected topic of the destructive German scorched earth retreats receives detailed analysis demonstrating the importance of ideology and economic thinking in the German army's war. The difficulty in reconciling economic and ideological considerations also played a prominent role in Soviet attempts to rebuild after the war. The German Soviet War not only brings attention to these devastating events but also revises the general narrative of the war. By internationalizing the conflict through examinations into the various Axis and Allied nations and peoples who participated in the fighting, this volume provides new ways of conceptualizing their motivations, actions, and importance in its eventual outcome. Together, the contributions to The German Soviet War provide new ways of examining the defining conflict of the Second World War. **Holocaust** Peter

Longerich, 2010-04-15 A comprehensive history of the Nazi persecution and murder of European Jews paying detailed attention to an unrivalled range of sources. Focusing clearly on the perpetrators and exploring closely the process of decision making, Longerich argues that anti-Semitism was not a mere by-product of the Nazis' political mobilization or an attempt to deflect the attention of the masses, but that anti-Jewish policy was a central tenet of the Nazi movement's attempts to implement, disseminate, and secure National Socialist rule, and one which crucially shaped Nazi policy decisions from their earliest days in power through to the invasion of the Soviet Union and the Final Solution. As Longerich shows, the disappearance of Jews was designed as a first step towards a racially homogeneous society, first within the Reich, later in the whole of a German-dominated Europe. **The Cambridge World History of Genocide: Volume 3, Genocide in the Contemporary Era, 1914-2020** Ben Kiernan, Wendy Lower, Norman Naimark, Scott Straus, 2023-05-04

Volume III examines the most well-known century of genocide, the twentieth century. Opening with a discussion on the definitions of genocide and ethnic cleansing and their relationships to modernity, it continues with a survey of the genocide studies field, racism, and antisemitism. The four parts cover the impacts of Racism, Total War, Imperial Collapse, and Revolution; the crises of World War Two, the Cold War, and Globalization. Twenty-eight scholars with expertise in specific regions document thirty genocides from 1918 to 2021 in Europe, the Middle East, Africa, Asia, and Latin America. The cases range from the Armenian Genocide to Maoist China, from the Holocaust to Stalin's Ukraine, from Indonesia to Guatemala, Biafra, Bangladesh, Cambodia, Bosnia, and Rwanda, and finally the contemporary fate of the Rohingyas in Myanmar and the ISIS slaughter of Yazidis in Iraq. The volume

ends with a chapter on the strategies for genocide prevention moving forward
