Church And Society The Laurence J McGinley Lectures 1988 2007:

Church and Society Avery Dulles, 2008 One of the leading theologians of our time Avery Cardinal Dulles S J has written and lectured on a wide range of topics across his distinguished career and for a wide range of audiences Integrating faith and scholarship he has created a rich body of work that in the words of one observer is both faithful to Catholic tradition and fresh in its engagement with the contemporary world Here brought together for the first time in one volume are the talks Cardinal Dulles has given twice each year since the Laurence J McGinley Lectures were initiated in 1988 Church and Society Avery Cardinal Dulles, S.J., 2009-08-25 One of the leading theologians of our time Avery Cardinal Dulles S J has written and lectured on a wide range of topics across his distinguished career and for a wide range of audiences Integrating faith and scholarship he has created a rich body of work that in the words of one observer is both faithful to Catholic tradition and fresh in its engagement with the contemporary world Here brought together for the first time in one volume are the talks Cardinal Dulles has given twice each year since the Laurence J McGinley Lectures were initiated in 1988 conceived broadly as a forum on Church and society The result is a diverse collection that reflects the breadth of his thinking and engages with many of the most important and difficult religious issues of our day Organized chronologically the lectures are often responses to timely issues such as the relationship between religion and politics a topic he treated in the last weeks of the presidential campaign of 1992 Other lectures take up questions surrounding human rights faith and evolution forgiveness the death penalty the doctrine of religious freedom the population of hell and a whole array of theological subjects many of which intersect with culture and politics The life of the Church is a major and welcome focus of the lectures whether they be a reflection on Cardinal Newman or an exploration of the difficulties of interfaith dialogue Dulles responds frequently to initiatives of the Holy See discussing gender and priesthood in the context of church teaching and Pope Benedict s interpretation of Vatican II Writing with clarity and conviction Cardinal Dulles seeks to render the wisdom of past ages applicable to the world in which we live For those seeking to share in this wisdom this book will be a consistently rewarding guide to what it means to be Catholic indeed to be a person of any faith in a world of rapid relentless change **Leaving Christendom for Good** James Gerard McEvoy, 2014-05-01 Leaving Christendom for Good argues that the solution to some of the most troubling tensions in the life of the Catholic Church since Vatican II can be found in the council s document Gaudium et spes This text s view of the church s mission and social relationships as dialogical has the capacity to liberate Part One studies the contemporary place of religion with particular reference to Charles Taylor s groundbreaking work A Secular Age and examines Gaudium et spes s dialogical view of the church world relationship Part Two explores what true dialogue entails and how it is best understood theologically engaging critically with Joseph Ratzinger s view of the church world relationship The book s final chapter considers two practical implications of its argument how evangelization can be best understood today and how the church can best approach issues in the public sphere **A Just Peace Ethic Primer** Eli

S. McCarthy, 2020-05-01 The just peace movement offers a critical shift in focus and imagination Recognizing that all life is sacred and seeking peace through violence is unsustainable the just peace approach turns our attention to rehumanization participatory processes nonviolent resistance restorative justice reconciliation racial justice and creative strategies of active nonviolence to build sustainable peace transform conflict and end cycles of violence A Just Peace Ethic Primer illuminates a moral framework behind this praxis and proves its versatility in global contexts With essays by a diverse group of scholars A Just Peace Ethic Primer outlines the ethical theological and activist underpinnings of a just peace ethic These essays also demonstrate and revise the norms of a just peace ethic through conflict cases involving US immigration racial and environmental justice and the death penalty as well as gang violence in El Salvador civil war in South Sudan ISIS in Iraq gender based violence in the Democratic Republic of Congo women led activism in the Philippines and ethnic violence in Kenya A Just Peace Ethic Primer exemplifies the ecumenical interfaith and multicultural aspects of a nonviolent approach to preventing and transforming violent conflict Scholars advocates and activists working in politics history international law philosophy theology and conflict resolution will find this resource vital for providing a fruitful framework and implementing a creative vision of sustainable peace

Engaging the Doctrine of the Holy Spirit Matthew Levering, 2016-07-19 A Distinguished Theologian on the Doctrine of the Holy Spirit Distinguished theologian Matthew Levering offers a historical examination of the doctrine of the Holy Spirit defending an Augustinian model against various contemporary theological views A companion piece to Levering s *Engaging the Doctrine of Revelation* this work critically engages contemporary and classical doctrines of the Holy Spirit in dialogue with Orthodox and Reformed interlocutors Levering makes a strong dogmatic case for conceiving of the Holy Spirit as love between Father and Son given to the people of God as a gift

A Holy Yet Sinful Church Jeanmarie Gribaudo, 2015 This text examines three key moments in the developing theology of the church s holiness and sinfulness in the twentieth century the ressourcement movement of the 1930s to the 1950s the Second Vatican Council 1962 65 and the pontificate of John Paul II 1978 2005 The aim of this text is

to make accessible the works of Emile Mersch Henri de Lubac Hans Urs von Balthasar Yves Congar Karl Rahner and Charles Journet that discuss the holiness and sinfulness of the church and to demonstrate how these works were influential in composing the Dogmatic Constitution on the Church Lumen Gentium The author then considers how this developing theology is put into practice in Pope John Paul II s millennial program which centers on admitting that the Church in its members has sinned and needs to seek forgiveness American Catholic Bishops and the Politics of Scandal Meaghan

O'Keefe,2019-04-18 This book explores the rhetoric and public communication of the Catholic Church in the United States in the wake of the sexual abuse scandals and offers a demonstration of how large organizations negotiate a loss of public trust while retaining political power While the Catholic Church remains a major political force in the United States recent scandals have undoubtedly had an adverse effect on both its reputation and moral authority This has been exacerbated by the public responses of Catholic clergy which have often left supporters of the Church let alone critics profoundly unsatisfied Drawing on documents voting guides pastoral letters sermons press releases and other materials issued by the United States Conference of Catholic Bishops USCCB as well as American nuns the book explores Catholic political statements issued after the sexual abuse crises entered the public consciousness Using approaches from linguistics and rhetoric it analyses how these statements compare to similar materials issued before this time This comparison demonstrates that for the American Catholic Church persuasion is less important than maintaining the impression that there has been no loss of authority This is a timely study of the Catholic Church s handling of the recent revelations of abuse within the Church As such it will be of keen interest to scholars of religious rhetoric contemporary Catholicism linguistics rhetoric communication and religious studies **Up with Authority** Victor Lee Austin,2010-07-15 Authority is something we experience every day but is it necessary Many think that it is not and that it exists only as a remedy for some defect in us Victor Lee Austin sets about exploring the higher and nobler functions of authority and in doing so reveals its human importance as more than simply a provision for human inadequacies A significant contribution to Christian anthropology the book illuminates an indispensable feature of human sociality the need for and the good provided by authority In enabling us to do more complex activities to gain and communicate understanding of the world around us and to flourish in political communities authority ultimately leads us to enjoy God Victor Lee Austin makes a unique contribution to political theology by deliberating the ways that authority functions both socially and epistemologically The field of ecclesiology is also enriched by the book s discussion of authority as at once necessary and fallible Those interested in the work of Michael Polanyi Yves Simon or Oliver O Donovan will find these authors brought into the broader conversation about authority in an engaging way The Authority of the Saints Pauline Dimech,2017-05-18 Pauline Dimech explores whether and to what extent we may attribute authority to the saints but also how we may ensure that it is the saints and not the scoundrels whose influence persists and whose memory endures The thing that drives her research is the thought that history is full of examples of individuals who held positions of

official authority that they did not deserve Dimech is convinced that Hans Urs von Balthasar can help us clarify the issues surrounding the authority of the saints Besides establishing Balthasar s involvement with the enterprise this book tries to establish the theological foundations upon which the authority of the saints would have to be based in theory and possibly already however implicitly based in practice
