Church After Christendom Afterchristendom

Brian Haymes, Kyle Gingerich Hiebert

Church After Christendom Afterchristendom:

Church After Christendom Williams Stuart Murray, 2013-08-01 How will the western church negotiate the demise of Christendom Can it rediscover its primary calling recover its authentic ethos and regain its nerve If churches are to thrive or even survive disturbing questions need to be confronted and answered In conversation with Christians who have left the church and with those who are experimenting with fresh expressions of church Stuart Murray explores both the emerging and inherited church scenes and makes proposals for the development of a way of being church suitable for a postdenominational postcommitment and post Christendom era With chapters on mission community and worship Church After Christendom offers a vision of church life that is healthy sustainable liberating peaceful and missional

Post-Christendom Stuart Murray, 2018-01-10 Western societies are experiencing a series of disorientating culture shifts Uncertain where we are heading observers use post words to signal that familiar landmarks are disappearing but we cannot yet discern the shape of what is emerging One of the most significant shifts post Christendom raises many questions about the mission and role of the church in this strange new world What does it mean to be one of many minorities in a culture that the church no longer dominates How do followers of Jesus engage in mission from the margins What do we bring with us as precious resources from the fading Christendom era and what do we lay down as baggage that will weigh us down on our journey into post Christendom Post Christendom identifies the challenges and opportunities of this unsettling but exciting time Stuart Murray presents an overview of the formation and development of the Christendom system examines the legacies this has left and highlights the questions that the Christian community needs to consider in this period of cultural transition

The Gospel after Christendom Ryan K. Bolger, 2012-11-01 Emerging and missional church movements are an increasingly global phenomenon they exist as holistic communities that defy dualistic Western forms of church Until now many of the voices from these movements have gone unheard In this volume Ryan Bolger assembles some of the most innovative church leaders from around the world to share their candid insider stories about how God is transforming their communities in an entirely new era for the church Bolger s new book continues the themes that he and Eddie Gibbs established formally in their critically acclaimed *Emerging Churches* and situates new church movements within this rubric It explores what s happening now in innovative church movements in continental Europe Asia and Latin American and in African American hip hop cultures Featuring an international cast of contributors the book explores the changes occurring both in emerging cultures and in emerging and missional churches across the globe today

Politics after Christendom David VanDrunen, 2020-04-21 For more than a millennium beginning in the early Middle Ages most Western Christians lived in societies that sought to be comprehensively Christian ecclesiastically economically legally and politically That is to say most Western Christians lived in Christendom But in a gradual process beginning a few hundred years ago Christendom weakened and finally crumbled Today most Christians in the world live in pluralistic political communities And Christians themselves have very different opinions

about what to make of the demise of Christendom and how to understand their status and responsibilities in a post Christendom world Politics After Christendom argues that Scripture leaves Christians well equipped for living in a world such as this Scripture gives no indication that Christians should strive to establish some version of Christendom Instead it prepares them to live in societies that are indifferent or hostile to Christianity societies in which believers must live faithful lives as sojourners and exiles Politics After Christendom explains what Scripture teaches about political community and about Christians responsibilities within their own communities As it pursues this task Politics After Christendom makes use of several important theological ideas that Christian thinkers have developed over the centuries These ideas include Augustine's Two Cities concept the Reformation Two Kingdoms category natural law and a theology of the biblical covenants Politics After Christendom brings these ideas together in a distinctive way to present a model for Christian political engagement In doing so it interacts with many important thinkers including older theologians e g Augustine Aquinas and Calvin recent secular political theorists e g Rawls Hayek and Dworkin contemporary political theologians e g Hauerwas O Donovan and Wolterstorff and contemporary Christian cultural commentators e g MacIntyre Hunter and Dreher Part 1 presents a political theology through a careful study of the biblical story giving special attention to the covenants God has established with his creation and how these covenants inform a proper view of political community Part 1 argues that civil governments are legitimate but penultimate and common but not neutral It concludes that Christians should understand themselves as sojourners and exiles in their political communities They ought to pursue justice peace and excellence in these communities but remember that these communities are temporary and thus not confuse them with the everlasting kingdom of the Lord Jesus Christ Christians ultimate citizenship is in this new creation kingdom Part 2 reflects on how the political theology developed in Part 1 provides Christians with a framework for thinking about perennial issues of political and legal theory Part 2 does not set out a detailed public policy or promote a particular political ideology Rather it suggests how Christians might think about important social issues in a wise and theologically sound way so that they might be better equipped to respond well to the specific controversies they face today These issues include race religious liberty family economics justice rights authority and civil resistance After considering these matters Part 2 concludes by reflecting on the classical liberal and conservative traditions as well as recent challenges to them by nationalist and progressivist movements

After Christendom Stanley Hauerwas, 2011-07-01 Liberal conservative and modern postmodern concepts define contemporary theological debate Yet what if these categories are grounded in a set of assumptions about what it means to be the church in the world presuming we must live as though God's existence does not matter What if our theological discussion distracts us from the fact that the church is no longer able to shape the desires and habits of Christians Hauerwas wrestles with these and similar questions constructing a theological politics necessary for the church to be the church in the world In so doing he challenges liberal notions of justice and freedom

Sacraments after Christendom Andrew Francis, Janet

Sutton,2021-02-09 Before COVID 19 reshaped the way we looked at the world and life's big questions the Western church was already being pushed from the center to the margins of society We are entering a time which the experts call after Christendom New and emerging churches are appearing and many traditional congregations are struggling How can we do all that Jesus wants us to do as we follow him Jesus was baptized and shared bread and wine with his disciples as the church does today Most Christians believe baptism and the bread and wine moment are sacraments What does that mean There are many other Christians who believe that anointing confirmation marriage ordaining Christian leaders and penance or reconciliation are also sacraments Are they Why should we believe that Who tells us that we should This book takes a dynamic approach calling for a new way in thinking about discussing and sharing the sacraments How do our past practices measure up to the mission of God today What is the Holy Spirit saying What are you going to do This book sets the agenda

Missional Discipleship After Christendom Andrew R. Hardy,Dan Yarnell,2018-03-14 It is not a changing culture reduced resources or a rescinding Christian memory that creates the greatest challenges for the church in the West It is the lack of a clear commitment to the intentional authentic and contextual expressions of missional disciple making which will shape current and future generations of followers of Jesus to express the values of the Kingdom today This book offers stimulating historical biblical and theological reflections on discipleship and considers some of the possibilities and opportunities afforded to us by our post Christian context Missional discipleship allows the missio Dei to shape us in our engagement our practices and sustain us in the lifelong journey of becoming and developing disciples that follow Jesus today **God After**

Christendom? Brian Haymes,Kyle Gingerich Hiebert,2017-03-08 In the face of what appears to be a widespread questioning of the practical usefulness of serious theological reflection on the nature and purposes of God the authors of this intriguing book argue that a return to the sources of the Christian tradition represents nothing less than a rich trove of resources for Christian living By revisiting the story of speech about God in scripture and in the living tradition of the church the authors argue that we are thereby enabled to confront the contemporary temptations that too often unwittingly remake God in our own image In this way the authors provocatively suggest that at least part of what Christian discipleship involves today is bound up with the task of unlearning some of the ways of speaking of God that have become so familiar to us By learning to reread the texts of the Christian tradition particularly in its most vital and creative moments the authors suggest that we might become better equipped to faithfully read the signs of our own times *Youthwork After Christendom* Jo Pimlott,Nigel

Pimlott,2013-08-01 Young people have been leaving the church for several decades and are largely absent from many of our congregations Most young people have no desire to embrace a church perceived as old fashioned but remain interested in spirituality How can young people be empowered to follow Jesus in a relevant and new way that is responsive to the challenges of the current context How can real hope and opportunity be realised so that the next generation will approach faith without a Christendom mindset By examining the influences of the past exploring the stories of those young people who

have been partaking in church and by considering the views of those not connected to Church this book offers insights theology practical application and some hope for the future Those charged with responsibility are encouraged to seriously consider passing on the baton to young people now for the sake of the future Like it or not the destiny of the church is in their hands Ethics after Christendom Vigen Guroian, 2004-08-24 Ethics after Christendom proposes that the special moral challenge facing churches in post Christian societies is to center Christian ethics ecclesially while also keeping it both evangelical and catholic Siding with the diagnosis that North American Christendom has drawn to an end Vigen Guroian provides an analysis of the present cultural context in which Christian ethics must now be done discusses the role of churches after Christendom and shows through the application of ecclesial ethics to family medicine and ecology how liturgy enriches and deepens the Christian ethical vision

Whispering the Techniques of Language: An Mental Journey through **Church After Christendom Afterchristendom**

In a digitally-driven earth where screens reign great and immediate connection drowns out the subtleties of language, the profound techniques and psychological nuances concealed within words frequently move unheard. However, situated within the pages of **Church After Christendom Afterchristendom** a charming fictional treasure sporting with raw thoughts, lies a fantastic quest waiting to be undertaken. Penned by an experienced wordsmith, this wonderful opus invites viewers on an introspective trip, softly unraveling the veiled truths and profound affect resonating within the very material of each word. Within the psychological depths of the touching review, we shall embark upon a honest exploration of the book is primary subjects, dissect their captivating publishing design, and yield to the effective resonance it evokes strong within the recesses of readers hearts.
