Big Ideas for a Better Sunday School Clarence Sexton, 2000-08-31 Money Matters in Church Aubrey Malphurs, Steve Stroope, 2007-07-01 Money Matters in Church helps leaders to discover a one stop comprehensive model for managing finances and fundraising It guides leaders of any size church or ministry to create a culture of giving that supports savvy faithful and legal financing The authors present a biblical theology of stewardship that supports ways to develop donors and maximize contributions enact a strategic budget and effective audit process project income and expenses work with banks compensate staff and address debt The book s practical step by step approach makes finance issues understandable for leaders without a business background The Y-B-H Handbook of Church Planting (Yes, But How?) Roger N. McNamara, Ken Davis, 2005-05 This book covers all the crucial issues of the church planting task It tells how to organize and grow the new church working toward the ultimate goal of corporate reproduction *Church Growth From the Ground Up* Bishop Derrick Dortch, 2010-03-25 Before I started pastoring I knew the call of God was on my life Like most young pastors I felt it was my time or my season as some say Like most young pastors God had given me great confirmation and assurance that this was his leading in my life However once I got into the deep waters of pastoring I quickly realized I did not know how to swim It almost appeared that God was not fair blessing some but allowing others to suffer Well now I know that s not true Many pastors waste precious years learning not knowing what to do Due to a lack of training tutoring and teaching they are stuck in the week to week cycle of just going to church Join me for a journey in church growth principles giving you the ABCs of church growth All you need is a little information **New Themes in Institutional Analysis** Georg Krücken, Carmelo Mazza, Renate E. Meyer, Peter Walgenbach, 2017-08-25 Institutional theory has become one of the dominant organizational approaches in recent decades Its roots can be traced to Europe and an important intellectual objective of this book is to examine North American theory strands and reconnect them with European research traditions In addition this book focuses on how organizations and individuals handle heterogeneous and challenging social conditions which are subsequently reflected in various forms of change **The Expositor**, 1918 **Successful Church Fund-Raising** John R. Bisagno, 2002-04-01 God is blessing many churches today with exponential growth and great opportunity for ministry in their community However many churches have inadequate facilities or feel the crunch of overcrowding and are without the immediate resources for expansion This book written from someone with the heart for the church and who had the joy of seeing his own congregation give in excess of 250 million over 30 years will equip a church of any size with the knowledge to conduct from beginning to end a full capital campaign Sunday School That Really Works, Responds, and Excels Steve R. Parr, 2013-12-10 Product contains Sunday School That Really Works Sunday School That Really Responds and Sunday School That Really Excels by Steve R Parr **Leading Beyond the Walls 21293** Adam Hamilton, 2002 Good pastoral leadership is not a by the numbers proposition It is a matter of heart and soul of devoting the

whole self to the vision God gives for the congregation in which one serves Yet neither is it purely intuitive it requires hard careful thinking about the directions and details of the path down which God calls When Adam Hamilton became pastor of the United Methodist Church of the Resurrection its membership consisted of himself and his family Ten years later the church averages between five and six thousand worshipers per weekend Throughout this remarkable period Hamilton learned many serious lessons about both the broad visions and the specific details of pastoral leadership Bringing a depth of analytical skills often lacking in visionary leaders in this book he goes beyond simply telling the story of Church of the Resurrection He shares the questions that he learned to ask about the largely unchurched population to which Church of the Resurrection has reached out Further he demonstrates what he learned by listening to the answers to these questions and how doing so has made possible a number of strategically crucial decisions the church has made One of those crucial decisions was to make more traditional forms of worship and praise the center of the congregation s life The result is that the example of Church of the Resurrection offers pastors and church leaders especially those in mainline denominations the realization that they need not completely change their liturgical and theological identity in order to reach out to the unchurched Drawing on his own experience as well as the detailed research on the characteristics of highly successful congregations he undertook during a sabbatical leave Hamilton offers pastors and other church leaders solid substantive thinking on steps that congregations can take to become centers of vibrant outreach and mission
