New Prophet or Spiritual Villain? Denny JA,2020-11-01 If you wish to be alive many times with different personalities and various experiences watch and appreciate a significant number of films Undergo through the imagination and ponder their numerous stories as if you were living in those stories Watching good films make me encounter different events as if I dived and became part of the films I interact with various roles in the films feel the story of the depth or falsehood of love the struggle the friendship the success or the failure the betrayal and the tragedy presented in the films Every week I watch about 3 10 films it depends on my other activities My friends who know my fixation with films say that being a political or business consultant is just my side job And my main job is watching films It is not the satisfaction of watching the latest movies that move me But it is the film that made me feel like I was making a spiritual journey into the atmospheres and events in the films My mind is truly enriched While watching the movie I laughed got angry was overwhelmed choked and shed the tears I came across Richard Nixon s words If you want to explore politics don t read political science books but read religion philosophy and literature Based on my personal experience Nixon s quote needs to be revised and expanded If you want to explore the human spirit and the character watch a good film Contemplate and live it as if you were engaged in the events taking place in the film
