By Dawns Early Light A Novel:

By Dawn's Early Light Grant Jeffrey, Angela Hunt, 2000-10-08 Daniel Prentice's technological skill helped save the world from the deadly impact of Y2K in the popular thriller *Flee the Darkness*. But that victory didn't stop the encroaching evil. In this gripping sequel, tension mounts in the 21st century as a Russian Arab invasion of Jerusalem seems imminent. Now Daniel must guide NSA chief Captain Michael Reed in the battle ahead. More than a battle for the land, the offensive could be the fulfillment of Ezekiel's ancient biblical prophecy of Gog and Magog invading Israel. As the world shudders in response, the invaders offer Israel a choice: surrender or be obliterated. As the State of Israel fortifies itself against the coming onslaught of missiles, biological weapons, and an invasion force attacking from all four borders, Reed and his Israeli counterpart Sergeant Major Devorah Cohen exhaust every military resource to prevent a nuclear war. Soon Reed and Cohen realize that the real battle they face is one of spiritual origin for which no military drill could prepare them. Will Michael and Deborah find faith to confront the enemy? Never have the forces of evil been stronger, the stakes higher, or the world's possible destruction nearer than *By Dawn's Early Light*.

By Dawns Early Light Randolph Harrison, 2001-11 A fast-paced thriller packed with unspeakable terrorist events directed at the Homeland of the United States. Chemical, Biological, and Nuclear warfare are the tools of the attack. The heartland of the country is the target. The new President Sandra Anthony from Chicago, Illinois, wields a National Strategy of retaliation using a wide array of military resources directed at two countries that harbor and assist terrorists. The novel is packed full of police, emergency management, national security, geo-political, and military action scenarios. A must read for Weapons of Mass Destruction First Responders, Emergency Management Planners, Political Leaders, Military personnel, and citizens.

By Dawn's Early Light David Hagberg, 2010-07-01 USA Today Bestselling Author A gripping Clancyesque cat and mouse sea chase. Spellbinding Publishers Weekly. On the Bay of Bengal, a civilian research vessel witnesses a submarine fire a laser into the sky. Before they can process what they see, the sub blasts them out of the water and captures the lone survivor. Immediately one of America's spy satellites becomes inoperative and seemingly disappears. With the United States blind, Pakistan plans to announce their presence as a nuclear threat with an attack on India that would leave millions dead. The only witnesses to the plan and the only ones to know that the bomb is small enough to be dropped from an aircraft are a CIA insertion team headed by the president's own brother, former Navy SEAL lieutenant Scott Hanson. Their knowledge may prevent a nuclear holocaust, but they've been captured and tortured. Thrust into the action is Frank Dillon Jr., commanding officer on the American nuclear sub *Seawolf*, together with a team of SEALs. Their mission is to get them back safely. But with the world on the brink of war, getting out may be the greatest challenge of all. If you're looking for thrillers with international intrigue, Hagberg is a major find. Dean Koontz, 1 New York Times bestselling author of *The Bad Weather Friend*.
