Cecilia Valdés or El Angel Hill Cirilo Villaverde, 2005-09-29 Cecilia Valdés is arguably the most important novel of 19th century Cuba Originally published in New York City in 1882 Cirilo Villaverde's novel has fascinated readers inside and outside Cuba since the late 19th century In this new English translation a vast landscape emerges of the moral political and sexual depravity caused by slavery and colonialism Set in the Havana of the 1830s the novel introduces us to Cecilia a beautiful light skinned mulatta who is being pursued by the son of a Spanish slave trader named Leonardo Unbeknownst to the two they are the children of the same father Eventually Cecilia gives in to Leonardo's advances she becomes pregnant and gives birth to a baby girl When Leonardo who gets bored with Cecilia after a while agrees to marry a white upper class woman Cecilia vows revenge A mulatto friend and suitor of hers kills Leonardo and Cecilia is thrown into prison as an accessory to the crime For the contemporary reader Helen Lane's masterful translation of Cecilia Valdés opens a new window into the intricate problems of race relations in Cuba and the Caribbean There are the elite social circles of European and New World Whites the rich culture of the free people of color the class to which Cecilia herself belonged and then the slaves divided among themselves between those who were born in Africa and those who were born in the New World and those who worked on the sugar plantation and those who worked in the households of the rich people in Havana Cecilia Valdés thus presents a vast portrait

of sexual social and racial oppression and the lived experience of Spanish colonialism in Cuba Concise Encyclopedia of Latin American Literature Verity Smith,2014-01-14 The Concise Encyclopedia includes all entries on topics and countries cited by many reviewers as being among the best entries in the book entries on the 50 leading writers in Latin America from colonial times to the present and detailed articles on some 50 important works in this literature those who read and studied in the English speaking world Early Spanish American Narrative Naomi Lindstrom,2009-09-15 The world discovered Latin American literature in the twentieth century but the roots of this rich literary tradition reach back beyond Columbus's discovery of the New World The great pre Hispanic civilizations composed narrative accounts of the acts of gods and kings Conquistadors and friars as well as their Amerindian subjects recorded the clash of cultures that followed the Spanish conquest Three hundred years of colonization and the struggle for independence gave rise to a diverse body of literature including the novel which flourished in the second half of the nineteenth century To give everyone interested in contemporary Spanish American fiction a broad understanding of its literary antecedents this book offers an authoritative survey of four centuries of Spanish American narrative Naomi Lindstrom begins with Amerindian narratives and moves forward chronologically through the conquest and colonial eras the wars for independence and the nineteenth century She focuses on the trends and movements that characterized the development of prose narrative in Spanish America with incisive discussions of representative works from each era Her inclusion of women and Amerindian authors who have been downplayed in other survey works as well as her overview of recent critical assessments of early Spanish American narratives makes this book especially useful for college students and professors **The History of Havana** Dick Cluster,Rafael Hernández,2008-04-29 This is the first comprehensive history of the culturally diverse city and the first to be co authored by a Cuban and an American Beginning with the founding of Havana in 1519 Cluster and Hernández explore the making of the city and its people through revolutions art economic development and the interplay of diverse societies The authors bring together conflicting images of a city that melds cultures and influences to create an identity that is distinctly Cuban **Romantic Prose Fiction** Gerald Ernest Paul Gillespie,Manfred Engel,Bernard Dieterle,2008 In this volume a team of three dozen international experts presents a fresh picture of literary prose fiction in the Romantic age seen from cross cultural and interdisciplinary perspectives The work treats the appearance of major themes in characteristically Romantic versions the power of Romantic discourse to reshape imaginative writing and a series of crucial reactions to the impact of Romanticism on cultural life down to the present both in Europe and in the New World Through its combination of chapters on thematic generic and discursive features Romantic Prose Fiction achieves a unique theoretical stance by considering the opinions of primary Romantics and their successors not as guiding truths by which to define the permanent meaning of Romanticism but as data of cultural history that shed important light on an evolving civilization SPECIAL OFFER 30% discount for a complete set order 5 vols The Romanticism series in the Comparative History of Literatures in European

Languages is the result of a remarkable international collaboration. The editorial team coordinated the efforts of over 100 experts from more than two dozen countries to produce five independently conceived yet interrelated volumes that show not only how Romanticism developed and spread in its principal European homelands and throughout the New World but also the ways in which the affected literatures in reaction to Romanticism have redefined themselves on into Modernism. A glance at the index of each volume quickly reveals the extraordinary richness of the series' total contents. *Romantic Irony* sets the broader experimental parameters of comparison by concentrating on the myriad expressions of irony as one of the major impulses in the Romantic philosophical and artistic revolution and by combining cross-cultural and interdisciplinary studies with special attention also to literatures in less widely diffused language streams. *Romantic Drama* traces creative innovations that deeply altered the understanding of genre at large, fed popular imagination through vehicles like the opera and laid the foundations for a modernist theater of the absurd. *Romantic Poetry* demonstrates deep patterns and a sharing of crucial themes of the revolutionary age which underlie the lyrical expression that flourished in so many languages and environments. *Nonfictional Romantic Prose* assists us in coping with the vast array of writings from the personal and intimate sphere to modes of public discourse including Romanticism's own self-commentary in theoretical statements on the arts, society, life, the sciences, and more. Nor are the discursive dimensions of imaginative literature neglected in the closing volume, *Romantic Prose Fiction*, where the basic Romantic themes and story types, the romance, novel, novella, short story, and other narrative forms are considered throughout Europe and the New World. This enormous realm is seen not just in terms of Romantic theorizing but in the light of the impact of Romantic ideas and narration on later generations. As an aid to readers, the introduction to *Romantic Prose Fiction* explains the relationships among the volumes in the series and carries a listing of their tables of contents in an appendix. No other series exists comparable to these volumes which treat the entirety of Romanticism as a cultural happening across the whole breadth of the Old and New Worlds and thus render a complex picture of European spiritual strivings in the late eighteenth and the nineteenth centuries, a heritage still very close to our age.

The Cambridge Companion to the Latin American Novel Efraín Kristal, 2005-05-26. The diverse countries of Latin America have produced a lively and ever-evolving tradition of novels, many of which are read in translation all over the world. This Companion offers a broad overview of the novel's history and analyses in depth several representative works by, for example, Gabriel García Márquez, Machado de Assis, Isabel Allende, and Mario Vargas Llosa. The essays collected here offer several entryways into the understanding and appreciation of the Latin American novel in Spanish-speaking America and Brazil. The volume conveys a real sense of the heterogeneity of Latin American literature, highlighting regions whose cultural and geopolitical particularities are often overlooked. Indispensable to students of Latin American or Hispanic studies and those interested in comparative literature and the development of the novel as genre, the Companion features a comprehensive bibliography and chronology and concludes with an essay about the success of Latin American novels in translation.

Beyond the Walled City Guadalupe Garcia, 2016 Once one of the most important port cities in the New World Havana was a model for the planning and construction of other colonial cities This book tells the story of how Havana was conceived built and managed and explores the relationship between colonial empire and urbanization in the Americas Guadalupe Garcia shows how the policing of urban life and public space by imperial authorities from the sixteenth century onward was explicitly centered on politics of racial exclusion and social control She illustrates the importance of colonial ideologies in the production of urban space and the centrality of race and racial exclusion as an organizing ideology of urban life in Havana *Beyond the Walled City* connects colonial urban practices to contemporary debates on urbanization the policing of public spaces and the urban dislocation of black and ethnic populations across the region Provided by publisher **Black Cosmopolitanism**

Beidler, 2014-02-28 A personal and cultural mediation Philip D. Beidler's *The Island Called Paradise* explores the fascinating ways Cuban history and culture have permeated North American consciousness and vice versa In *The Island Called Paradise* Philip D. Beidler shares his personal discovery of the vast rich and astonishing history of the island of Cuba and the interrelatedness of Cuba and the US Cuba first entered Beidler's consciousness in the early 1960s when he watched with mesmerized anxiety the televised reports of the Cuban missile crisis a conflict that reduced a multifaceted centuries old history between North America and Cuba to the stark duotones of Cold War politics Fifty years later when Beidler traveled to the US's island neighbor he found a Cuba unlike the nation portrayed in truculent political rhetoric or in the easy preconceptions of US popular culture Instead he found an entrancing people and landscape with deep historical connections to the US and a dazzling culture that overwhelmed his creative spirit In twelve original essays Beidler reintroduces to English speaking readers many of the central figures both real and literary of Cuban and Cuban American history Meet Cecilia Vald's the young mixed race heroine of a 1839 novel that takes readers to the poor streets and sumptuous salons of Spanish colonial Cuba and Narciso Lopez a real life Venezuelan adventurer and filibustero who attempted to foment a Cuban uprising against Spain Both would have been familiar figures to nineteenth century Americans Beidler also visits the twentieth century lives of the two Ernestos Ernest Hemingway and Che Guevara and the pop culture Cuban icon Ricky Ricardo A country not with one history but multiple layers of history Cuba becomes a fertile island for Beidler's exploration Art he argues perpetually crosses walls erected by politics history and nationality At its core *The Island Called Paradise* renews and refreshes our knowledge of an older Atlantic world even as we begin to envision a future in which the old bonds between our nations may be restored
