By James H Jr Evans **We Have Been Believers:**

We Have Been Believers James H. Evans, 1992 In this the first full scale black systematic theology in twenty years James Evans emerges as a major and distinctive voice in American theology Seeking to overcome the chasm between church practice and theological reflection Evans situates theology squarely in the nexus of faith with freedom There with a sure touch he uplifts revelatory aspects of black religious experience that reanimate classical areas of theology and he creates a theology with a heart a soul and a voice that speaks directly to our condition *Heart of the Living God* Michael G. Maness, 2004-06-23 Maness asks us to tie up our sneakers for we are going to have some fun as we hike into the Grand Canyon of Love Love is the treasure of life It is Love all the way Nothing else really matters outside of Love Best of all our Love will only get better in heaven The treasured ability to have loving relationships is Gods gift to us in our Imago Deitae the image of God we all share Likewise what we know of Love this side of heaven is but a dusty image of what God experiences I want to get personally involved says Maness Can we have a free will relationship with anyone even God if all of what we do and think is settled I dont think so Love is greater than that and I shall prove that and that is indeed a Grand Canyon Manes brings some of the brain splitting complexities of this to light with good humor introduces dynamic foreknowledge and challenges Classical Theisms avoidance of Love And he exposes some foul play in the process Thats the first half of the book For those wanting to strike out on their own wanting to see more of the depth and diversity of the Grand Canyon the second half contains reviews of about 60 major authors a 4 000 Abysmal Bibliography and a huge index to just about everything in the book Maness has thrown a gauntlet before the Classical Theists So tie up your sneakers and take a hike with Michael G Maness as he walks with you into the Grand Canyon see more at www.PreciousHeart.net [Liberating Black Theology](#) Anthony B. Bradley, 2010-02-03 When the beliefs of Barack Obama s former pastor Rev Jeremiah Wright assumed the spotlight during the 2008 presidential campaign the influence of black liberation theology became hotly debated not just within theological circles but across cultural lines How many of today s African American congregations and how many Americans in general have been shaped by its view of blacks as perpetual victims of white oppression In this interdisciplinary biblical critique of the black experience in America Anthony Bradley introduces audiences to black liberation theology and its spiritual and social impact He starts with James Cone s proposition that the victim mind set is inherent within black consciousness Bradley then explores how such biblical misinterpretation has historically hindered black churches in addressing the diverse issues of their communities and prevented adherents from experiencing the freedoms of the gospel Yet *Liberating Black Theology* does more than consider the ramifications of this belief system it suggests an alternate approach to the black experience that can truly liberate all Christ followers **Urban Apologetics: Cults and Cultural Ideologies** Eric Mason, 2023-06-20 We know that Urban isn t just a place but a culture now Followers of Jesus face many challenges to their faith among them the rising influence of contemporary cults alternative theologies and ethical issues that

challenge traditionally held beliefs and practices Urban Apologetics Cults and Cultural Ideologies is a follow up to the bestselling Urban Apologetics and it provides a guide to addressing these challenges with grace and wisdom In addition throughout the book are short essays by leaders in the church sharing their convictions on successful ministry and reflection on today s challenges in light of the past This all new volume addresses several of today s most talked about issues including Jehovah Witnesses The Prosperity Gospel Black Liberation theology LGBTQ Issues Critical Race Theory CRT White Nationalism Faith Deconstruction Edited by Dr Eric Mason and featuring a top notch lineup of contributors such as Anthony Bradley Brandon Washington and Thabiti Anyabwile Urban Apologetics Cults and Cultural Ideologies equips pastors churches and everyday believers to engage the most common ethical biblical and theological challenges faced by Christians and the church today *The Decline of African American Theology* Thabiti M. Anyabwile, 2009-08-20 Thabiti Anyabwile argues that contemporary African American theology has fallen far from the tree of its early American antecedents This book is a goldmine for any reader interested in the history of African American Christianity With a foreword by Mark Noll

Worship at a Crossroads Melinda A. Quivik, 2023-04-13 This book calls Protestant churches and the ELCA in particular to a church wide conversation about racism It is a response to the 2019 book Dear Church by Lenny Duncan a former Lutheran pastor who is Black and who among other reparations calls for changing the church s worship in order to address segregated Sundays Changes in worship affect theological foundations Informed consideration is essential Because entering into life changing conversations requires vulnerability and commitment this book includes several narratives my life as a White woman and pastor the history of the Black church as defined by Black theologians the development of the liturgical renewal movement and my experiences as a professor navigating worship conflicts as my seminary struggled with financial constraints and a changing student body The seminary conflicts offered me a window into how better to address racism inspired by the example of post WWII German truth telling and how some US Southern states have come to grips with the history of the Jim Crow South described in Susan Neiman s Learning from the Germans This book outlines a way forward for churches in responding to racism by encouraging healthy engagement with contentious relationships as a necessity for healing *Christian Theology in the Pluralistic World* Veli-Matti Kärkkäinen, 2019-06-20 Kärkkäinen s acclaimed five volume constructive theology abridged in one accessible volume Providing a new and unique way of doing theology in our pluralistic world Veli Matti Kärkkäinen presents historic Christian doctrines in relation to the natural sciences and four other living faiths Judaism Islam Buddhism and Hinduism This textbook covers all systematic topics along with a host of current issues such as violence colonialism inclusivity sociopolitical liberation environmental care and more Accessible and student friendly *Christian Theology in the Pluralistic World* is the ideal text for exploring a theological vision at once rooted in the Christian tradition and constructive in its engagement with the complexities of our global pluralistic world **The Imposing Preacher** Adam L. Bond, 2013-06-01 As a distinguished pastor educator and public servant Samuel DeWitt Proctor made it

his mission to serve American life by fighting racism In *The Imposing Preacher* Adam Bond shows how Proctor as the product of a prophetic black church tradition a social gospel laced liberal Protestantism and a black middle class integrationist ethos envisioned a pulpit activism through which the United States could realize an integrated civil society and was able to anticipate themes articulated by black religious movements of the late twentieth century Proctor presents an alternative model of religious and social leadership and for studies of African American religion

Handbook of U.S. Theologies of Liberation Miguel A. De La Torre, 2004-11-01 The purpose of this handbook is to introduce the reader to Christian concepts from the perspective of U S marginalized communities It explores the interrelationship between religion community and culture in the social context of different marginalized groups specifically those rooted in the African American Amerindian Asian American feminist gay lesbian and Hispanic experiences and their impact on the development of U S theologies of liberation The handbook gives attention to the history nature sources and development of these theologies and the theologians who contributed to their formation Of particular interest is how *Handbook of U S Theologies of Liberation* clearly distinguishes both the differences and similarities between these U S theologies and their Latin American counterparts The handbook is divided into two sections Thematic Essays that provide a general overview of a specific theological theme from the perspectives of different marginalized groups and Contextual Essays that focus on the specific contributions of scholars from various racial ethnic and gender backgrounds

The Language of Faith in Southern Africa: Spirit World, Power, Community, Holism Hermen Kroesbergen, 2019-12-12 The aim of this book is to provide a way to do justice to an African language of faith In systematic theology anthropology and philosophy of religion similar debates about how to interpret an African language of faith are ongoing Trying to avoid the othering discourses of past generations scholars are careful to take seriously what people in Africa say without portraying people s beliefs as weird or backward Yet in their desperate attempts to avoid othering these theologians anthropologists and philosophers often painfully misconstrue the language of faith in Africa Understanding the language of faith in Southern Africa is not an easy task How should we take seriously the form of language that often seems so strange and different I argue that after African inculturation theology and black liberation theology a better way to make sense of being a Christian in Southern Africa is to pay close attention to people s language of faith The way in which people speak of the spirit world or powers in Africa appears strange to outsiders and the sense of community and the holistic worldview differentiates the African way of life from its Euro American counterparts When proper attention is paid to the use of concepts like spirit world power community and holism language of faith in Southern Africa is neither as strange as it may seem nor as romantic By investigating these distinguishing concepts that colour language of faith in Southern Africa this book contributes to future projects of both fellow theologians who try to construct a contemporary African theology and those who are interested in theology in Africa given the well known southward shift of the centre of gravity of Christianity
