Cecily Neville Mother Of Kings:

Cecily Neville Amy Licence,2014-04-15 Discover the true story of Richard III's mother one of her era's great survivors

Cecily Neville John Ashdown-Hill,2018-04-30 An intriguing new biography of the fifteenth century Duchess of York and mother to two kings of England Wife to Richard Duke of York mother to Edward IV and Richard III and aunt to the famous Kingmaker Richard Earl of Warwick Cecily Neville was a key player on the political stage of fifteenth century England She is rumored to have been known as the Rose of Raby because of her beauty and her birth at Raby Castle and as Proud Cis because of her vanity and fiery temper But Cecily's personality and temperament have actually been highly speculated upon In fact much of her life is shrouded in mystery Aside from Cecily's role as mother and wife who was she really Matriarch of the York dynasty she navigated through a tumultuous period and lived to see the birth of the future Henry VIII From seeing the house of York defeat their Lancastrian cousins to witnessing the defeat of her own son Richard III at the battle of Bosworth Cecily then saw one of her granddaughters become Henry VII's queen consort Her story is full of controversy and the few published books on her life are full of guesswork In this highly original history Dr John Ashdown Hill renowned for his role in locating the long lost remains of Richard III in 2012 seeks to dispel the myths surrounding Cecily using previously unexamined contemporary sources Includes illustrations

Cecily Duchess of York J. L. Laynesmith,2017-07-13 This is the first scholarly biography of Cecily Neville duchess of York the mother of Edward IV and Richard III She was said to have ruled Edward IV as she pleased and Richard III made his bid for the throne from her home Yet Cecily has been a shadowy figure in modern histories noted primarily for her ostentatious piety her expensive dresses and the rumours of her adultery Here J L Laynesmith draws on a wealth of rarely considered sources to construct a fresh and revealing portrait of a remarkable woman Cecily was the only major protagonist to live right through the Wars of the Roses This book sheds new light on that bloody conflict in which Cecily proved herself an exceptional political survivor Skilfully manipulating her family connections and contemporary ideas about womanhood Cecily repeatedly reinvented herself to protect her own status and to ensure the security of those in her care From her childhood marriage to Richard duke of York until her final decade as grandmother of the first Tudor queen the story of Cecily Neville's life provides a rich insight into national and local politics women's power and relationships motherhood household dynamics and the role of religion in fifteenth century England

Forgotten Women of the Wars of the Roses Jo Romero,2024-04-30 First of its kind this book showcases relationships between women as well as their individual efforts and roles during the Wars of the Roses The Wars of the Roses were fought in England from the mid fifteenth century as the supporters of Lancaster and York wrestled over control of the crown Books have analyzed the politics battles and motives of its key characters However a discussion of women's roles relating to the conflict is so far missing Forgotten Women of the Wars of the Roses highlights their involvement their lives during wartime and the consequences of their actions Many women lost male relatives to battle execution and rebellion suffering emotional

and legal consequences as rivals seized lands and livelihood. Despite the uneasy political atmosphere and challenges in marriage and parenting, women maintained the household and supported the family commercially and politically. Forgotten royal women acted as diplomats, negotiators, and supporters to both York and Lancaster. Religious women were involved in the conflict, and their individual experiences are examined. There is a discussion of women who fought to overcome potentially dangerous circumstances to secure safety and status, and those who directly supported the war effort. There were organisers writing lists, planning defenses and strategy, and quietly supplying husbands with horses, silver, and men. Defenders commanded soldiers during a siege, usually at their homes, and took active roles in family feuds. The existence of women rebels at this time is also discussed, as is women's wider, more subtle contributions and experiences to the security of the monarchy. The book demands acknowledgement of women's varied roles during the conflict at all levels of society. It draws on primary sources, aspects of their families, their daily lives, homes, and fashions, thus presenting them as three-dimensional people against the backdrop of the wars.

Sisters of Richard III Sarah J. Hodder, 2024-05-16 This book is the narrative of three women of York, sisters to not one but two kings of England. Anne, Elizabeth, and Margaret Plantagenet were the daughters of Richard, Duke of York, and his wife Cecily Neville, and therefore sisters to Edward IV and Richard III. These women watched from the sidelines as their father challenged England's anointed king and lost his life, as their brothers fought together for the throne of England and then amongst themselves, and as the Plantagenet dynasty fell, making way for the reign of the Tudors. But they were not just bystanders; they had their own stories to tell. Anne of York was married to the Lancastrian Duke of Exeter, who sided against her father and brother, before finding later happiness, albeit briefly, with her second husband. Elizabeth of York married John de la Pole, Duke of Suffolk, and became the mother of eleven children, who would become thorns in the side of the Tudor kings. Margaret of York became Duchess of Burgundy, a hugely influential woman in her adopted kingdom, although she never stopped supporting her family back in England. Between them, they witnessed and contributed to one of the most turbulent times in English history, yet they have naturally been overshadowed by their more famous brothers. This is their story.

The Lost Kings Amy Licence, 2017-08-01 The century spanning the wars of the roses and the reigns of the Tudor kings was a volatile time of battle and bloodshed, execution and unexpected illness. Life could be nasty, brutish, and short. Some met their end in battle; others were dragged to the block, losing everything for daring to aspire to the throne. Some were lost in mysterious circumstances, like Edward V, the elder of the Princes in the Tower. But the majority of these young men died in their teens, on the brink of manhood. They represent the lost paths of history, the fascinating what-ifs of the houses of York and Tudor. They also diverted the route of dynastic inheritance, with all the complicated implications that could bring passing power into some unlikely hands. This book examines ten such figures in detail, using their lives to build a narrative of this savage century.

Blood Sisters Sarah Gristwood, 2014-03-04 A gem of a book, enlivened by incisive analysis, exquisite detail, and an elegant and witty style. Alison Weir's *The Wars of the Roses*, which

tore apart the ruling Plantagenet family in fifteenth century England was truly a domestic drama as fraught and intimate as any family feud before or since But as acclaimed historian Sarah Gristwood reveals while the events of this turbulent time are usually described in terms of the men who fought and died seeking the throne a handful of powerful women would prove just as decisive as their kinfolks clashing armies A richly drawn absorbing epic *Blood Sisters* reveals how women helped to end the Wars of the Roses paving the way for the Tudor age and the creation of modern England *A Woman's Will* Viki Holton, 2023-07-15 Unearths the lives of British women over 1 000 years using the rich historical record of their wills and legacies *On the Trail of the Yorks* Kristie Dean, 2016-03-15 Follow the story of the Yorkist dynasty through the resplendent castles towering cathedrals and bloody battlefields associated with this controversial family *The York Princesses* Sarah J. Hodder, 2021-04-30 As a collective the lives of the Princesses of York span across seven decades and the rule of five different Kings The daughters of Edward IV and Elizabeth Woodville they were born into an England that had been ruled over by the great Plantagenet Kings for almost three hundred years Their young years were blighted by tragedy the death of their beloved father followed by the disappearance and possible murder of their two brothers Edward and Richard of York forever now known to history as the infamous Princes in the Tower With their own futures uncertain during the reign of their uncle Richard III and their mother held under house arrest the Princesses had to navigate their way through the tumultuous years of the 1480s before having to adjust to a new King and a new dynasty in the shape of Henry VII who would bring about the age of the Tudors Through her marriage to Henry Elizabeth of York rebuilt her life establishing herself as a popular if not hugely influential Queen But she did not forget her younger siblings and even before her own mother's death she acted as a surrogate mother to the younger York princesses supporting them both financially and emotionally The stories of the York Princesses are entwined into the fabric of the history of England as they grew up survived and even thrived in the new Tudor age Their lives are played out against a backdrop of coronations and jousts births and deaths marriages and divorces and loyalties and broken allegiances From the usurpation of Richard III to the Battle of Bosworth the brilliance of the court of Catherine of Aragon and Henry VIII to the rise of Anne Boleyn the York Princesses were there to witness events unfold They were the daughters sisters and aunts of Kings and this is their story *The York Princesses* is a natural follow up to Sarah J Hodder's first book *The Queen's Sisters* which told the stories of the lives of the sisters of Elizabeth Woodville

Uncover the mysteries within Crafted by is enigmatic creation, Embark on a Mystery with **Cecily Neville Mother Of Kings** . This downloadable ebook, shrouded in suspense, is available in a PDF format (*). Dive into a world of uncertainty and anticipation. Download now to unravel the secrets hidden within the pages.
