Connie Palmen De Wetten:

Connie Palmen, De wetten Danny Jansen, Jos Paardekooper, 1991 Beknopte informatie over de roman van de Nederlandse schrijfster 1955 *Connie Palmen, De wetten* J. W. Niesing, 1992 Uittrekselboek over de roman van de Nederlandse schrijfster 1955 **Narratives of Low Countries History and Culture** Jane Fenoulhet, Lesley Gilbert, Ulrich Tiedau, 2016-11-07 This edited collection explores the ways in which our understanding of the past in Dutch history and culture can be rethought to consider not only how it forms part of the present but how it can relate also to the future Divided into three parts The Uses of Myth and History The Past as Illumination of Cultural Context and Historiography in Focus this book seeks to demonstrate the importance of the past by investigating the transmission of culture and its transformations It reflects on the history of historiography and looks critically at the products of the historiographic process such as Dutch and Afrikaans literary history The chapters cover a range of disciplines and approaches some authors offer a broad view of a particular period such as Jonathan Israel s contribution on myth and history in the ideological politics of the Dutch Golden Age while others zoom in on specific genres texts or historical moments such as Benjamin Schmidt s study of the doolhof a word that today means labyrinth but once described a 17th century educational amusement park This volume enlightening and home to multiple paths of enquiry leading in different directions is an excellent example of what a past present doolhof might look like **Brümmer on Meaning and the Christian Faith** Vincent Brümmer, 2019-10-01 This volume presents a wide ranging selection from the writings of a leading contemporary philosophical theologian Vincent Brümmer In his many books and articles Brümmer has demonstrated how the tools of philosophical analysis are not only fruitful but also essential for dealing with the central issues of systematic theology The title of this volume Meaning and the Christian Faith highlights two characteristic themes that recur throughout the many writings of Vincent Brümmer Much of his work has been devoted to exploring the meaning of the Christian faith and especially of its central claim that God is a personal being whose fellowship believers may enjoy On the other hand Brümmer has also shown that religious belief should not be understood as an explanatory theory but rather as a way in which believers understand the meaning of their lives and their experience of the world and direct their lives accordingly Thus in the Christian tradition believers claim that their lives are meaningful because they seek to attain ultimate happiness in the love of God In the introductory sections throughout this volume Vincent Brümmer describes how he came to pay attention to the various themes dealt with in his writings and explains why he came to deal with them in the ways he did **Connie Palmen, De vriendschap** Elianne Muller, 1997 Beknopte informatie over auteur en roman *Women's Writing from the Low Countries 1880-2010* Jacqueline Bel, Thomas Vaessens, 2010 This first of its kind anthology offers the English speaking readers a unique chance to become acquainted with the leading Dutch and Flemish women writers since the 1880s Covering a representative range of public and private genres from poetry criticalessays travel literature and political commentary to diaries and journals the fifty six texts are arranged chronologically

and are accompanied by brief introductions, chronologies and brief guides to the authors and works. An important contribution to our understanding of modern European literary canon and the long march of feminist history and literature.

Dutch ed. *Schrijvende vrouwen* 978 90 8964 216 5. Translating Samuel Beckett around the World José Francisco Fernández, Pascale Sardin, 2021-08-03. The global reception of Samuel Beckett raises numerous questions in which areas of the world was Beckett first translated? Why were Beckett texts sometimes slow to penetrate certain cultures? How were national literatures impacted by Beckett's oeuvre? *Translating Samuel Beckett around the World* brings together leading researchers in Beckett studies to discuss these questions and explore the fate of Beckett in their own societies and national languages. The current text provides ample coverage of the presence of Beckett in geographical contexts normally ignored by literary criticism and reveals unknown aspects of the 1969 Nobel Prize winner interacting with translators of his work in a number of different countries.

Het slot ontvlucht Aagje Swinnen, 2006. In de klassieke Bildungsroman zijn vrouwelijke romanfiguren niet meer dan objecten ten dienste van de ontwikkeling van de mannelijke protagonist. Zelfs wanneer ze opschuiven naar het centrum van de tekst, blijft hun narratieve bewegingsruimte beperkt. Wie is er niet vertrouwd met de verhalen van Anna Karenina, Emma Bovary en Eline Vere die het met de dood bekopen? *Het slot ontvlucht* brengt de verschillende vormen in kaart die de Bildungsroman aanneemt wanneer die de subjectwording van een vrouwelijk hoofdpersonage thematiseert. Met analyses van Sara Burgerhart (1782), Dood van een non (1961), De wetten (1991) en De vermaledijde vaders (1985) wordt de evolutie getoond van de portrettering van de vrouwelijke ontwikkeling in de moderne Nederlandse literatuur. Geïnspireerd door de discussie over de moeizame vertaling van de Bildungsidee in een literaire vorm, vertrekken de analyses vanuit de tegenstrijdige stemmen in de receptie rond de geloofwaardigheid van het romaneinde. Die stemmen worden verbonden met het conflict tussen plotstructuren die respectievelijk een statisch en een dynamisch vrouwelijk hoofdpersonage veronderstellen.

Studies on English Modality Frank Robert Palmer, 2009. Inspired by Frank Palmer's work, this book addresses a set of specific topics pertaining to the description of modality in English and places them in a broader context. A number of more general theoretical and typological matters are also raised which bear upon the theory of syntax, semantics and pragmatics and their interfaces. The methodology adopted is mostly functional typological, though some reference is made to various theoretical frameworks ranging from cognitive linguistics to parametric variation. Modal meanings are seen to extend beyond particular lexical and grammatical exponents through sentential semantics and into actual contexts of use. At the same time, the study of modality seems to challenge commonly held views on the relationship between different levels of linguistic analysis. Other languages discussed include Brazilian Portuguese, Classical and Modern Greek and Spanish.
