Contact Steven M. Greer, 2009 The Ultimate Collection on UFOs compiled from Wikipedia entries and published by Dr Googleberg, 2012-06-11 Lots of information on sightings and everything from a scientific angle about them Compiled from Wikipediapages and published by DrGoogleberg *The One Mind* Matthew A. Fike, 2013-10-08 The One Mind C G Jung and the Future of Literary Criticism explores the implications of C G Jung s unus mundus by applying his writings on the metaphysical the paranormal and the quantum to literature As Jung knew everything is connected because of its participation in universal consciousness which encompasses all that is including the collective unconscious Matthew A Fike argues that this principle of unity enables an approach in which psychic functioning is both a subject and a means of discovery psi phenomena evoke the connections among the physical world the psyche and the spiritual realm Applying the tools of Jungian literary criticism in new ways by expanding their scope and methodology Fike discusses the works of Hawthorne Milton Shakespeare Wordsworth and lesser known writers in terms of issues from psychology parapsychology and physics Topics include the case for monism over materialism altered states of consciousness types of psychic functioning UFOs synchronicity and space time relativity The One Mind examines Goodman Brown s dream Adam s vision in Paradise Lost the dream sequence in The Wanderer the role of metaphor in Robert A Monroe s metaphysical trilogy Orfeo Angelucci s work on UFOs and the stolen boat episode in Wordsworth s The Prelude The book concludes with case studies on Robert Jordan and William Blake Considered together these readings bring us a significant step closer to a unity of psychology science and spirituality The One Mind illustrates how Jung s writings contain the seeds of the future of literary criticism Reaching beyond archetypal criticism and postmodern theoretical approaches to Jung Fike proposes a new school of Jungian literary criticism based on the unitary world that underpins the collective unconscious This book will appeal to scholars of C G Jung as well as students and readers with an interest in psychoanalysis literature literary theory and the history of ideas **Timeless**

Within - On the Human Condition A. G. Williamson, 2023-01-07 What do we truly understand about life spirituality and the human condition In fields like psychology science religion and politics we hear talk of discernment yet who among us wields enough real power to discover the deeper truths for themselves Make no mistake real truth demands real power Anyone can read a book study a subject get a degree or become a scholar and yet none of these things are guaranteed to lead us to truth We might learn a few facts but somewhere along the way almost without fail we become sidetracked or worse entirely lost Caught up in the pressures exerted by our peers the establishment or the socioeconomic controls attempting to hook us into predetermined mindsets we eventually become lulled into a belief that we are learning something relevant about how the world works We might even believe we are making a difference In all but the rarest of cases however what we are in fact experiencing is not education or higher learning but indoctrination In politics we lose ourselves to the spirit of party so much so that we are blinded to the humanity being extinguished with every hate filled breath In religion we lose ourselves to
