Chinese Communist Party In Transformation, The: The Crisis Of Identity And Possibility For Renewal Lance Liangping Gore, 2021-03-12 The book is part of the recent effort to catch up with the research on the Chinese Communist Party CCP Despite its omnipresence and pivotal role in running the country there has been a conspicuous shortage of references to the Party in most studies related to China In its stead the academic literature as well as popular discussions has too often treated the CCP as a type of regime destined to the dustbin of history The inadequacy of research in this area is understandable because CCP is a tightly organised Leninist party which has kept much of its internal affairs confidential This book examines the key aspects of the transformation of CCP in the rapidly changing national and global context It highlights the problems faced by the ruling Leninist party in adapting to a capitalistic environment that its organisations cannot fully control and its ideology cannot effectively rationalise It also examines CCP s strategies for adaptation in the areas of ideological reformulation party society relations and the ways of exercising power and maintaining internal cohesion In addition to helping the readers understand how China is ruled and how the Chinese system operates the book also highlights the evolutionary dynamics of Chinese politics in the environment created by CCP s reform and open door policies

**Urban Horror** Erin Y. Huang, 2020-02-28 In Urban Horror Erin Y Huang theorizes the economic cultural and political conditions of neoliberal post socialist China Drawing on Marxist phenomenology geography and aesthetics from Engels and Merleau Ponty to Lefebvre and Ranci re Huang traces the emergence and mediation of what she calls urban horror a sociopolitical public affect that exceeds comprehension and provides the grounds for possible future revolutionary dissent She shows how documentaries blockbuster feature films and video art from China Hong Kong and Taiwan made between the 1990s and the present rehearse and communicate urban horror In these films urban horror circulates through myriad urban spaces

characterized by the creation of speculative crises shifting temporalities and dystopic environments inhospitable to the human body The cinematic image and the aesthetics of urban horror in neoliberal post socialist China lay the groundwork for the future to such an extent Huang contends that the seeds of dissent at the heart of urban horror make it possible to imagine new forms of resistance
