Contracting Officer Study Guide:

Certified Federal Contract Manager Study Guide National Contract Management Association, The CFCM Study Guide is designed to assist candidates in reading the FAR by summarizing each part and highlighting critical definitions and information. It is intended as a detailed study outline of the main topics within each FAR part and includes specific references. The 4th Edition is divided by FAR subchapters A-H. Each subchapter section contains a brief at a glance summary of the FAR parts contained in that subchapter followed by a more in depth summary of each part. The CFCM Study Guide provides references to specific thresholds, limitations, and requirements. Use the citations provided in the guide to find the most up to date thresholds in the FAR. This study guide has been updated to incorporate changes up to and including Federal Acquisition Circular 2021-06. As stated above, CFCM candidates are responsible for updates. Check National Contract Management's website for additional information about what is covered on the CFCM examination. The CFCM Study Guide comes with a full CFCM practice exam at the end of the book as well as an answer key to self-grade your responses. As noted, the questions on the practice exam may resemble those on the examination but were developed independently of the actual exam. Therefore, they are not the actual exam questions. Memorization of the practice exam questions and answers is not sufficient preparation for the examination. *Acquisition Guide for Contracting Officer's Representatives and Program Officers*, 1989
