Churches Of The New Testament:

Images of the Church in the New Testament Paul Sevier Minear, 2004-01-01 First published in 1960 Paul Minear's classic work identifies and explicates ninety six images for the church found in the New Testament Comprehensive and accessibly written it has been used in seminary classes for over thirty years Its range of reach and incredibly rich discussions of the many images and metaphors make this book a splendid resource for students and pastors The New Testament Library offers authoritative commentary on every book and major aspect of the New Testament as well as classic volumes of scholarship The commentaries in this series provide fresh translations based on the best available ancient manuscripts offer critical portrayals of the historical world in which the books were created pay careful attention to their literary design and present a theologically perceptive exposition of the text *Seven Marks of a New Testament Church* David Alan

Black, 2016-09-21 What is the church What does it look like What should it look like For answers to these questions David Alan Black looks to the first century church and our founding documents in the New Testament What were the characteristics of a Christian assembly in the first century In his study he finds seven things that defined the church then Evangelistic Preaching Christian Baptism Apostolic Teaching Genuine Relationships Christ Centered Gatherings Fervent Prayer and Sacrificial Living Dr Black believes each of these things should characterize our twenty first century churches as well And that is the challenge How can we apply these principles in our own lives and church congregations This brief book won't answer all your questions What it will do is point you toward the right way to find the answers Ultimately Dave Black believes that the more we understand the Scriptures the more we understand our responsibility to submit our lives and our futures to its radical teachings This is the challenge Will you answer it **From the Ground Up** John Scott Horrell, Veteran pastor professor and church planter Horrell suggests that the customs patterns and structures of churches may actually be barriers to what God's purposes for the church really are *The New Testament Church Then and Now* E. LeRoy Lawson, LeRoy Lawson, 1996 LeRoy Lawson gives a clear picture of the first church then explains why we need to belong to a church how a church should be organized and structured salvation worship and the meaning of New Testament Church

The Churches of the New Testament George White McDaniel, 1930 **Effective Church Planting** Dr. J Hernes Abante, 2016-10-24 Building a strong growing and vibrant New Testament Church can be very challenging Part of the challenge lies in the dearth of literature on the subject *Effective Church Planting A Primer on Establishing New Testament Churches in the Millennium* is Dr J Hernes Abante's humble personal contribution to the enrichment of knowledge regarding the divinely appointed task Make no mistake this is not about the construction of churches using lifeless bricks and mortar but of people quickened by the Spirit the joy set before Jesus Christ for whom He endured death even the death on the cross This is part guidebook part biographical sketch and Dr Abante draws from his ecclesiastical experience of over four decades to provide men called by God an easily readable instantly edifying blueprint for starting churches that not only grow but also

remain true and faithful to the work the Almighty commanded it to do The enduring vitality of the International Bible Baptist Church and ministries where Dr Abante is the senior pastor stands as an undeniable attestation of the effectiveness of Dr Abantes methods particularly in obtaining the favor of God from which comes all increase An invaluable reference that ought to be within reach of every pastor and preacher of New Testament churches

The Church of the New Testament, the presbyterate William Paterson,1903

Church Order in the New Testament Eduard Schweizer,2006-07-01 Schweizer listens carefully to the testimony of the various New Testament writers in order to understand the theological problem of how the New Testament church understood itself and how it expressed that understanding in its order The purely historical question about the form of the church at different times is seen by Schweizer as necessary but need only be asked insofar as the actual shaping of the church is always evidence of the concept of its own nature to which it testifies Thus Schweizer arranges the New Testament writings primarily by the theological kinship of their idea of the church providing a comprehensive examination of the church in the New Testament and Apostolic Fathers He treats both the diversity of views and the unity found in these writings He also discusses issues relating to church office ministry and ordination
