Counting For Nothing What Men Value And What Women Are Worth:

Counting for Nothing Marilyn Waring, 1999-12-15 Safe drinking water counts for nothing A pollution free environment counts for nothing Even some people namely women count for nothing This is the case at least according to the United Nations System of National Accounts Author Marilyn Waring former New Zealand M P now professor development consultant writer and goat farmer isolates the gender bias that exists in the current system of calculating national wealth As Waring observes in this accounting system women are considered non producers and as such they cannot expect to gain from the distribution of benefits that flow from production Issues like nuclear warfare environmental conservation and poverty are likewise excluded from the calculation of value in traditional economic theory As a result public policy determined by these same accounting processes inevitably overlooks the importance of the environment and half the world s population Counting for Nothing originally published in 1988 is a classic feminist analysis of women s place in the world economy brought up to date in this reprinted edition including a sizeable new introduction by the author In her new introduction the author updates information and examples and revisits the original chapters with appropriate commentary In an accessible and often humorous manner Waring offers an explanation of the current economic systems of accounting and thoroughly outlines ways to ensure that the significance of the environment and the labour contributions of women receive the recognition they deserve

Counting for Nothing Marilyn Waring, 1988 Women s work fuels the economies of every country in the world Yet no value is placed on this labour Marilyn Waring analyses economics from a feminist perspective and explores the implications of discounting the work of half the world s population **The Common Purse** Robin Fleming, 1997 This book is based on the three separate studies that made up the Intra Family Income Study all of the M ori and Pacific Islands examples are taken from the studies enriched and extended the examples from the P keh study with details from unpublished interview notes P vii and ix

Women's Mental Health Sarah E. Romans, Mary Violette Seeman, 2006 Women s Mental Health A Life Cycle Approach brings together the latest research and clinical information on the wide variety of psychiatric problems that affect women in unique ways The book is organized around the female life cycle childhood adolescence adulthood reproduction and aging and addresses specific disorders as they present at each stage Chapters examine the biological hormonal and psychosocial foundations of female psychiatric disorders at each life cycle stage and offer a framework for thinking about clinical problems Expert commentaries are included to expand on key issues and provide an insightful overview of each life cycle stage The international group of contributors ensures complete coverage of cross cultural issues Concluding chapters discuss mental health services for women worldwide The Future is Degrowth Matthias

Schmelzer, Andrea Vetter, Aaron Vansintjan, 2022-06-28 We need to break free from the capitalist economy Degrowth gives us the tools to bend its bars Economic growth isn t working and it cannot be made to work Offering a counter history of how economic growth emerged in the context of colonialism fossil fueled industrialization and capitalist modernity The Future Is

Degrowth argues that the ideology of growth conceals the rising inequalities and ecological destructions associated with capitalism and points to desirable alternatives to it Not only in society at large but also on the left we are held captive by the hegemony of growth Even proposals for emancipatory Green New Deals or postcapitalism base their utopian hopes on the development of productive forces on redistributing the fruits of economic growth and technological progress Yet growing evidence shows that continued economic growth cannot be made compatible with sustaining life and is not necessary for a good life for all This book provides a vision for postcapitalism beyond growth Building on a vibrant field of research it discusses the political economy and the politics of a non growing economy It charts a path forward through policies that democratise the economy now topias that create free spaces for experimentation and counter hegemonic movements that make it possible to break with the logic of growth Degrowth perspectives offer a way to step off the treadmill of an alienating expansionist and hierarchical system A handbook and a manifesto *The Future Is Degrowth* is a must read for all interested in charting a way beyond the current crises

Encyclopedia of Motherhood Andrea O'Reilly, 2010-04-06 In the last decade the topic of motherhood has emerged as a distinct and established field of scholarly inquiry A cursory review of motherhood research reveals that hundreds of scholarly articles have been published on almost every motherhood theme imaginable The first ever on the topic this *Encyclopedia of Motherhood* helps to both demarcate motherhood as a scholarly field and an academic discipline and to direct its future development With more than 700 entries these three volumes provide information on the central terms concepts topics issues themes debates theories and texts of this new discipline Further the encyclopedia examines the topic of motherhood in various contexts such as history and geography and by academic discipline Key Features Provides an overview of the topic of motherhood in many and diverse disciplines such as anthropology sociology psychology and philosophy Examines the meaning and experience of motherhood in many time periods from classic civilizations to present day Includes an entry for all the influential theorists of maternal scholarship from the pioneering theories to the more recent writings Covers issues and events of our current times including entries on the mommy blog the motherhood memoir terrorism reproductive technologies HIV AIDS and LGBT families Explores geographical cultural and ethnic diversity with an entry for almost every country in the world as well as entries on lesbian immigrant adoptive single nonresidential young poor mothers and mothers with disabilities Key Themes History of Motherhood Issues in Motherhood Motherhood and Family Motherhood and Health Motherhood and Society Motherhood Around the World Motherhood in the United States Motherhood Studies Prominent Mothers In human society few institutions are as important as motherhood and this unique encyclopedia captures the interdisciplinary foundation of the subject in one convenient reference The scope of the *Encyclopedia of Motherhood* is focused on providing a comprehensive resource to understanding the complexities of motherhood for academic and public libraries written by scholars and institutional experts in the social and behavioral sciences

Varieties of Alternative Economic Systems Richard Westra, Robert Albritton, Seongjin Jeong, 2017-07-14 In

this age of overlapping and mutually reinforcing deep global crises financial convulsions global warming mass migrations militarism inequality selfish nation states etc there needs to be more realistic dialogue about radical alternatives to the status quo Most literature produced heretofore has focused on the surface causes of these crises without much attention given to the sorts of major societal changes needed in order to deal with the crises we face This book moves the debate beyond the critiques and the false or not fully realised alternatives to focus on what can be termed practical utopias The contributors to this book outline a range of practical proposals for constructing pathways out of the global economic ecological and social crisis Varieties of Alternative Economic Systems eschews a single blueprint but insists on dealing directly with the deep structural problems and contradictions of contemporary global capitalism It provides a diverse array of complementary proposals and perspectives that can inform both theoretical thinking and practical action This volume will be of interest to academics and students who study political science ecological economics international politics and socialism
