El Monitor de la educación común, 1898 **Altas capacidades en niños y niñas** María Teresa Gómez Masdevall, Victoria Mir Costa, 2010-12-22 HIGH CAPACITIES IN BOYS AND GIRLS Detection identification and integration in the school and in the family. The book presents and studies the basic and more important aspects of the personality of child students with high capacities. These students present different and disconcerting characteristics: can show themselves to be reserved or talkative in the extreme; free to the extent of appearing undisciplined; indifferent or emotional and creative and individualistic to avoid getting bored. The book includes an annex that offers several Questionnaires for different ages to facilitate detection, treatment and intervention of high capacities from the evaluation of the family, the educator and the student himself. Their reading will facilitate to the faculty and the families a joint work that is to say, the necessary cooperation of both, avoiding that boredom sets in their students and children and attempting that they acquire a correct self-esteem and the capacity to self-manage their own capacities.

La inteligencia se construye usándola Escuelas Infantiles de Reggio Emilia, 1995-01-01 En este volumen se recogen numerosas experiencias educativas realizadas en escuelas infantiles municipales de Reggio Emilia, Italia. Proyectos y actividades nacidos del interés de un conjunto de profesoras y profesores que conviven con niños y niñas en las aulas y que disfrutan escuchando, conversando e investigando con ellos. En esta modalidad de escuelas se ponen a prueba la fecundidad de ideas, el trabajo reflexivo y en equipo, la intuición y sensibilidad de un colectivo docente que intenta conectar de manera coherente fines y recursos, las ideas con los hechos, la fantasía con la razón. Estamos ante un manifiesto de didáctica para una etapa tan decisiva como es la educación infantil. Los proyectos que reflejan estas experiencias asumen una concepción pedagógica en la que desempeña un papel primordial la figura del profesor investigador en las aulas, algo que resulta imprescindible para poder moverse en un espacio donde son consustanciales categorías conceptuales como libertad, complejidad, pluridimensionalidad, contingencia, imprevisibilidad, etc. Las escuelas infantiles aquí reflejadas se configuran como una comunidad educativa en la que nos educamos más que se educa; en la que todos los sujetos implicados: niños y niñas, el equipo docente, las familias, son a la vez educadores y educandos y donde la inteligencia, los conocimientos y habilidades, la curiosidad, los sentimientos y la fantasía de cada uno son interdependientes de los del resto del colectivo.

Altas capacidades en niños y niñas Victoria Mir, María Teresa Gómez Masdevall, 2016-11-07 El libro presenta y estudia los aspectos básicos y más importantes sobre la personalidad de los niños, alumnos con altas capacidades.
