Why Taiwan Matters Kerry Brown, 2025-01-28 Taiwan expert Kerry Brown sums up the history of Taiwan and the danger of a Chinese takeover in this succinct and authoritative book When the bloody Chinese Civil War concluded in 1949 two Chinas were born Mao s Communists won and took China s mainland Chiang Kai shek s Nationalists fled to Taiwan island Since then China and Taiwan have drifted into being separate political and cultural entities Taiwan is now a flourishing democracy and an economic success story just one of its companies produces over 90 per cent of the semiconductors that power the world s economy It is a free and vibrant society For the United States and the West the island is a bastion of freedom against China s assertive presence in the region And yet China increasingly bellicose under Xi Jinping insists Taiwan is part of its territory and must be returned to it Should China blockade the island and mount an invasion it would set off a chain reaction that would pitch it against the US escalating a regional war into a global one Taiwan is thus a geopolitical powder keg Why Taiwan Matters helps us understand how and why we ve arrived at this dangerous moment in history With unparalleled access to Taiwan s political leaders and a deep understanding of the island s history and culture Professor Kerry Brown provides a new reading of Taiwan its twenty three million people and how they navigate being caught in this frightening geopolitical standoff Why Taiwan Matters is the essential book for understanding Taiwan s unique story told in an accessible expert and urgent way

Defending Taiwan Martin Edmonds, Michael Tsai, 2013-10-18 Recent concern about mainland China s intentions towards Taiwan and more general concern about the risk of instability in the region has led to growing interest in Taiwan s military strategy in how Taiwan perceives threats to itself and in how the Taiwanese military are reacting to these perceived threats This book which includes contributions by leading Taiwanese military thinkers explores current military strategy in Taiwan and how it is evolving It discusses Taiwan s military modernisation and the implications of the recent defeat after fifty years in power of the Kuomintang Party implications which include a move away from an authoritarian garrison state culture and the beginnings of a more open debate about defence The book concludes with an overall appraisal of Taiwan s defence vision and makes recommendations on how Taiwan s defence might be enhanced
