Crown Jewels Henry Davenport Northrop, 1888 The A to Z of Sexspionage Nigel West, 2009-09-16 In a surprising number of espionage cases sex has played a significant role often only in the background possibly as a reason why a particular individual has lived beyond his means and is in desperate need of cash FBI agent Earl Pitts sold secrets to the Soviets to ease his financial burdens which came from his habitually heavy use of male and female prostitutes Yuri Nosenko collaborated with the CIA after having misappropriated KGB funds to entertain expensive women while on official duties in Geneva and Aleksandr Ogorodnik of the Soviet foreign ministry was persuaded to become a spy by his pregnant Spanish lover an agent recruited by the CIA In the realm of human behavior sex can be the catalyst for risky or reckless conduct The A to Z of Sexspionage explores this behavior through a chronology an introduction a bibliography and hundreds of cross referenced dictionary entries on the secret agencies operations and events From Delilah's seduction of Samson in 1161 BC to State Department official Donald Keyser's conviction of passing secrets to Isabelle Cheng a Taiwanese intelligence officer in 2007 Nigel West recounts the history of sexspionage **Mortal Crimes** Nigel West, 2013-10-18 An in depth investigation shows how the Soviet Union successfully infiltrated America's atomic bomb project *At Her Majesty's Secret Service* Nigel West, 2016-06-30 In August 1909 a kindly balding figure named Mansfield Smith Cumming was summoned to London by Admiral Alexander Bethell Director of Naval Intelligence He was to assume the inaugural position of Chief more famously known as C of what has become *Historical Dictionary of World War II Intelligence* Nigel West, 2007-11-12 In the years immediately following World War II information was disclosed about what has been termed the shadow war of the existence of hitherto secret agencies In Germany it was the Abwehr and the Sicherheitsdienst in Britain it was MI5 the Secret Intelligence Service MI6 and Special Operations Executive SOE in the United States it was the Office of Strategic Services OSS and the Special Intelligence Service SIS of the Federal Bureau of Investigation FBI in Japan it was the Kempeitai and in Italy the Servizio di Informazione Militare SIM Sixty years after World War II secrets are still being revealed about the covert activities that took place Many countries had secret agencies maintaining covert operations but even ostensibly neutral countries also conducted secret operations Changes in American British and even Soviet official attitudes to declassification in the 1980s allowed thousands of secret documents to be made available for public examination and the result was extensive revisionism of the conventional histories of the conflict which previously had excluded references to secret intelligence sources The Historical Dictionary of World War II Intelligence tells the emerging history of the intelligence world during

World War II This is done through a chronology an introduction a bibliography and hundreds of cross referenced dictionary entries on the secret agencies operations and events The world of double agents spies and moles during WWII is explained in the most comprehensive reference currently available **China's Spies** Nigel West, 2025-05-30 While many of President Xia Jinping's increasingly aggressive foreign policies manifested by expansion into the South China Sea trade confrontation with Australia and political suppression in Hong Kong have become obvious there has been a covert dimension that has gone largely unreported outside the Allied intelligence community Beijing's Ministry of State Security or MSS has increasingly shifted its priorities to hostile penetration of the CIA That this is the case has been demonstrated by the recent cases of individuals such as Glenn Shriver Jerry Chun Shing Lee Ron Rockwell Hansen Kevin Mallory Dickson Yeo and Alexander Yuk Ching Ma Of these Shriver an American student studying in China became as the FBI itself points out a target of Chinese intelligence services and crossed the line when he agreed to participate in espionage type activity For his actions in 2019 Ron Rockwell Hansen a former Defense Intelligence Agency officer pleaded guilty to attempting to spying for the People's Republic of China and was sentenced to ten years in prison Similarly Jerry Chun Shing Lee a former CIA case officer was sentenced to nineteen years in prison for conspiring to communicate deliver and transmit sensitive US information to the People's Republic of China Hitherto the MSS had concentrated at the direction of the Chinese Communist Party on the collection of foreign technology and proprietary information while also monitoring political dissidents Tibetan and Taiwanese nationalists and Uyghur and Falun Gong religious activists The MSS also tended to recruit ethnic Chinese and were less interested in the collection of political intelligence or mounting influence operations However as Nigel West reveals the MSS has undergone a radical change in doctrine and having consolidated its grip on supposedly independent commercial joint ventures and academic research institutions is leveraging control over these ostensibly legitimate enterprises to access intelligence agencies now perceived as adversaries such as the CIA and FBI As the rhetoric and tensions between the West and China mounts and with the current US administration calling America's relationship with Beijing the biggest geopolitical test of the 21st century China's unseen espionage offensive is one of the most serious developments in recent times Its extent and effectiveness are explored in this absorbing and chilling new expos
