William Deverell, Greg Hise

California Gardens Creating A New Eden:

California Gardens David C. Streatfield, 1994 With its lush photographs and authoritative text this definitive history captures the exuberant past and dynamic present of the California garden Ranging from the pragmatic plantings of the Spanish missions through Victorian fantasies and Hollywood extravagances and culminating in up to the minute drought tolerant gardens *California Gardens Creating a New Eden* provides a thought provoking eye dazzling chronicle of the state s diverse garden traditions Offering ideas and examples that will inspire all gardeners and garden lovers David C Streatfield recounts how amateurs architects landscape designers and nurserymen have created the gardens of their dreams His ground breaking text in preparation for over twenty years illuminates how California s ecology economy and the importation of exotic plants and styles have shaped its gardens and ultimately influenced garden design around the world The various ways that landscape architecture and architecture have intertwined in the last two centuries are explored with particular insightfulness Some of the finest architects and landscape architects of this century Charles and Henry Greene Frank Lloyd Wright Richard Neutra Thomas Church Lockwood de Forest Garrett Eckbo and Florence Yoch have shaped the landscape of California in distinctive ways Contemporary and historical color photographs by some of the country s best garden photographers are complemented by rare black and white archival illustrations and detailed plans Two invaluable appendices provide biographies of the major designers and information about visiting the public gardens cited in the book **The**

California Landscape Garden Mark Francis, Andreas Reimann, 1999-01-01 The beauty resources and natural processes of the California landscape are brought to the home garden in this fine testament to ecological gardening culture and design 117 illustrations 30 in color 4 site plans 6 tables *An Architectural Guidebook to Los Angeles* Robert Winter, 2009-09

Known as the bible to Los Angeles architecture scholars and enthusiasts Robert Winter and David Gebhard s groundbreaking guide to architecture in the greater Los Angeles area is updated and revised once again From Art Deco to Beaux Arts Spanish Colonial to Mission Revival Winter discusses an impressive variety of architectural styles in this popular guide that he co authored with the late David Gebhard New buildings and sites have been added along with all new photography Considered the most thorough L A architecture guide ever written this new edition features the best of the past and present from Charles and Henry Greene s Gamble House to Frank Gehry s Disney Philharmonic Hall This was and is again a must have guide to a diverse and architecturally rich area Robert Winter is a recognized architectural historian who lives in Los Angeles and has led architectural tours through the Los Angeles area since 1965 He is a professor at Occidental College in Los Angeles

Gardens of the Arts and Crafts Movement Judith B. Tankard, 2018-11-27 The ever alluring Arts and Crafts garden is profoundly relevant to our 21st century needs Sam Watters author of *Gardens for a Beautiful America* In *Gardens of the Arts and Crafts Movement* landscape scholar Judith B Tankard surveys the inspirations characteristics and development of garden design during this iconic movement Tankard presents a selection of houses and gardens of the era from Great Britain and

North America With almost 300 illustrations and photographs and an emphasis on the diversity of designers who helped forge the movement Gardens of the Arts and Crafts Movement is an essential resource for this truly distinct approach to garden design

Orange Empire Doug Sackman, 2005-02-07 This innovative history of California opens up new vistas on the interrelationship among culture nature and society by focusing on the state's signature export the orange From the 1870s onward California oranges were packaged in crates bearing colorful images of an Edenic landscape This book demystifies those lush images revealing the orange as a manufactured product of the state's orange industry Orange Empire brings together for the first time the full story of the orange industry how growers scientists and workers transformed the natural and social landscape of California turning it into a factory for the production of millions of oranges That industry put up billboards in cities across the nation and placed enticing pictures of sun-kissed fruits into nearly every American's home It convinced Americans that oranges could be consumed as embodiments of pure nature and talismans of good health But as this book shows the tables were turned during the Great Depression when Upton Sinclair Carey McWilliams Dorothea Lange and John Steinbeck made the Orange Empire into a symbol of what was wrong with America's relationship to nature

The Architecture of Entertainment Robert Winter, 2009-09 In L.A. in the 20s noted architectural historian and author Robert Winter explains this architecture of entertainment the inherent beauty and mystery of the era when historic architectural styles became adventurous escapades

Land of Sunshine William Deverell, Greg Hise, 2011-12-12 Most people equate Los Angeles with smog sprawl forty suburbs in search of a city the great what not to do of twentieth century city building But there's much more to L.A.'s story than this shallow stereotype History shows that Los Angeles was intensely ubiquitously planned The consequences of that planning the environmental history of urbanism is one place to turn for the more complex lessons L.A. has to offer Working forward from ancient times and ancient ecologies to the very recent past Land of Sunshine is a fascinating exploration of the environmental history of greater Los Angeles Rather than rehearsing a litany of errors or insults against nature rather than decrying the lost opportunities of roads not taken these essays by nineteen leading geologists ecologists and historians instead consider the changing dynamics both of the city and of nature In the nineteenth century for example density was considered an evil and reformers struggled mightily to move the working poor out to areas where better sanitation and flowers and parks made life seem worth the living We now call that vision sprawl and we struggle just as much to bring middle class people back into the core of American cities There's nothing natural or inevitable about such turns of events It's only by paying very close attention to the ways metropolitan nature has been constructed and construed that meaningful lessons can be drawn History matters So here are the plants and animals of the Los Angeles basin its rivers and watersheds Here are the landscapes of fact and fantasy the historical actors events and circumstances that have proved transformative over and over again The result is a nuanced and rich portrait of Los Angeles that will serve planners communities and environmentalists as they look to the past for clues if not blueprints for enhancing the quality and

viability of cities *American Home Landscapes* Denise Wiles Adams, Laura L. S. Burchfield, 2013-05-07 While there is no shortage of information on restoring and maintaining the historical integrity of period homes until now there has been no authoritative reference that provides comparable information for landscapes *American Home Landscapes* is a comprehensive fully illustrated guide to recreating nearly 400 years of historical landscape design and adapting them to modern needs You will first learn how to research design elements for a particular property Each of the following chapters focuses on the design characteristics of six well defined historical periods beginning with the Colonial period and ending with the last decades of the twentieth century Each section features the most prominent landscape features of each era such as paths driveways fences hedges seating and accessories Extensive bibliographic resources and historically accurate plant lists round out the text Whether the goal is to create a meticulously accurate period landscape or simply to evoke the look of a bygone era you will find the tools you need in *American Home Landscapes*

The Legendary Estates of Beverly Hills Jeffrey Hyland, 2025-09-02 A re edition of the authoritative Los Angeles estates book featuring the homes gardens and lifestyles of many of the city's original great architects and residents This deluxe volume offers a meticulously researched and lavishly illustrated history of fifty magnificent estates in three of America's most prized residential districts Beverly Hills Bel Air and Holmby Hills Lush color photographs as well as a trove of historical images take readers beyond the front gates for an exceptional view of the mansions grounds and gardens of these sumptuous estates and tell the history of Los Angeles's rise from rugged paddocks and farmland to famed metropolis Each house is explored both for its historical and architectural importance for here are the epitome of residences and gardens reflecting the famed Italianate and California Mediterranean styles by all the leading architects of Southern California including Wallace Neff James Dolena Gordon Kaufmann Robert Farquhar Roland Coate and Paul Williams They built for clients such as Gary Cooper Buster Keaton Harold Lloyd and Bing Crosby whose own stories reflect the intrigue and foibles of Hollywood society The book's final chapter *Gone but Not Forgotten* pays homage to great estates that have been destroyed or lost to history
