Women Called to Catholic Priesthood Sharon Henderson Callahan, Jeanette Rodriguez, 2024-03-19 Sharon Callahan and Jeanette Rodriguez explore the contexts calls journeys spirituality and theology of women called to priesthood in the Roman Catholic Church in this compelling and carefully crafted ethnographic work Posing the questions of how women priests stories illustrate both ecclesial challenges and spiritual renewal the authors encourage readers to thoughtfully engage these women on their own terms *Women Called*

to Catholic Priesthood draws on the stories of forty two women serving in the United States Canada Colombia Europe and South Africa Ranging in age from their early thirties to their late eighties these women tell stories that help us understand the spirituality and deep sense of call womenpriests experience despite the challenges they face in challenging Roman Catholic canon law Callahan and Rodriguez s work is both moving and timely as the global church engages in synod work aiming to discern where the Spirit of God is calling Roman Catholics in the twenty first century **The Laity and Christian Education** Dolores R. Leckey,2006 This book tells the story of how the role of the laity as essential in the life of the Church moved to center stage during the Council and how lay people were among those who made it happen Understanding New Perspectives of Spirituality Edie Lanphar,Agata Wilczek,2019-01-04 This volume was first published by Inter Disciplinary Press in 2015 This book deals with the rapidly developing field of spirituality Although having a singularity of focus the chapters have been written by a cross cultural and international set of researchers who discuss critical issues from an interdisciplinary perspective Thus while a broad range of critical aspects emerge the chapters are threaded together by the concept of spirituality as a lone walk While alone the spiritual journey is also deeply connected to others As a deeply human experience the chapters in this book therefore reflect the prismatic viewpoints that form the understandings and experiences of the spiritual walk This book challenges the reader to start to understand the apparent ambiguity this appears to bring to researchers and practitioners Rather than a roadblock to understanding the multiple frames and facets this brings it is instead a rich field for the exploration of the human condition When the Magisterium Intervenes Richard R. Gaillardetz,2012 **Building Bridges, Leading Hearts** Ronald R. Rojas,2024-04-17 Its easy to learn and then apply secular leadership models into the pastoral and ministry sector But is it the best alternative to form Church leaders What is missing when business models are used in ministry This book is about creating more sensitivity on how some of the secular models can unintentionally limit pastoral and ministry effectiveness It suggests a competency approach to address leadership influences that are missing yet essential to ministry and the faith based sector In many ways this book is a guide for securing and developing a more engaging ministry leadership one that emerges from the intersection of the leadership and pastoral theology disciplines Its guiding principle is Leadership is a Spiritual Practice This book is a must have for leadership training programs and anyone engaged in forming for ministry leadership roles **The Gift of Administration** Donald Senior,2016 In his First Letter to the Corinthians Paul cites administrators as one of God s gifts to the Christian community 1 Cor 12 28 But many who serve in administrative service today have difficulty seeing how their everyday work is an expression of discipleship This book written by an experienced administrator and noted biblical scholar shows how the various functions of institutional administration are deeply rooted in the Scriptures and are a genuine expression of our call to discipleship Leadership mission statements and planning finances and fund raising personnel issues communications and public relations all of these seemingly secular activities serve to build up the Body of Christ and deserve to be recognized as authentic

Christian ministry To see administrative service as a biblically rooted gift can help those involved in this way of life to find deeper and more satisfying spiritual meaning in what they do **In the Name of the Church** William J. Cahoy, 2012-05-01

In the Name of the Church Vocation and Authorization in Lay Ecclesial Ministry presents insights generated in the 2011 Collegeville National Symposium on Lay Ecclesial Ministry a gathering designed to prioritize the theological foundations for vocation and authorization in lay ecclesial ministry and make recommendations to advance excellence in this expanding ministry The essays presented by seven theologians at the Symposium are included along with thoughtful input drawn from the experiences of lay and ordained ministers who gathered to amplify the voice and strengthen the national will to promote effective ecclesial leadership practices identified within Co Workers in the Vineyard of the Lord
