Calvinistische Geschiedenisbeschouwing:

In the Phrygian Mode Robert Sweetman, 2007 This volume has emerged from a small scholarly conference on the relationship between Christianity and Greco Roman civilization above all that civilization's characteristic patterns of philosophical thought The field of investigation is the neo Calvinist current within Dutch protestantism and the elaboration in the 1920s and 1930s of Calvinistic philosophy as one of its most distinctive effects this parish tale has more to recommend it than might appear at first blush For there is a good argument to be made why such a thoroughly local study can benefit a much broader segment of contemporary Protestantism
