Katherine Brickell, Simon Springer

Cambodia After The Khmer Rouge Inside The Politics Of Nation Building:

Cambodia After the Khmer Rouge Evan Gottesman, 2003-01-01 When the Vietnamese army overthrew the Khmer Rouge in 1979 Cambodia was a political and economic wasteland It had no government no functioning economy and no cultural institutions Its population was decimated its educated class nearly eliminated For the next twelve years Cambodia struggled to emerge from this chaos despite a Western diplomatic and economic embargo a Vietnamese occupation and a civil conflict fueled by the Cold War The first account of this turbulent era Cambodia After the Khmer Rouge tells how the turmoil gave shape to a nation Drawing on previously unexplored archival sources interviews and secondary materials Evan Gottesman recounts how a handful of former Khmer Rouge soldiers and officials Vietnamese trained revolutionary cadres and surviving intellectuals simultaneously jostled for power and debated fundamental policy questions Gottesman describes the formation of a Vietnamese backed regime and its attempts to co opt the Khmer Rouge the relationship between the Cambodians and their Vietnamese advisors the treatment of the ethnic Chinese and the constant tension between patronage politics and communist ideology He not only tracks how the current leadership rose to power in the 1980s but explains how the legacy of this period influences events in Cambodia to this day Book jacket

How Cambodia Survived the Killing Fields Michael Haas, 2025-09-04 Weaving a critique of major power intervention into political history this book provides a comprehensive overview of Cambodia from 1953 to the present Since gaining its independence in 1953 Cambodia has been treated as a pawn by more powerful countries China Vietnam the United Nations and especially the United States have played a role in shaping Cambodia s history from propping up the Khmer Rouge regime to restricting its economic opportunities Michael Haas has been deeply and personally involved in many aspects of the recent history of the country and his research uncovers details of 20th century US realpolitik such as Lyndon Johnson s indiscriminate bombing of Cambodia during the Vietnam War US funding of the Khmer Rouge in the 1980s and the United States surrender of economic control to China since the 1990s In an era of increasing great power competition in Southeast Asia Cambodia is a case study long overdue for reassessment

United Nations Peacekeeping and the Politics of Authoritarianism Sarah von Billerbeck, Birte Julia Gippert, Kseniya Oksamytna, Oisín Tansey, 2025-01-11 What impact does UN peacekeeping have on the politics of authoritarianism in host countries This book advances a theoretically innovative and empirically rich answer to this question while the UN does not intentionally promote authoritarianism it faces a number of constraints and dilemmas that give rise to what we call authoritarian enabling Enabling can occur through two mechanisms capacity building and the creation of a permissive environment which enhance the ability of host governments to engage in authoritarian behavior and signal to them that doing so is low cost This book illustrates these two mechanisms with four in depth case studies of UN peacekeeping operations UNTAC in Cambodia MONUC MONUSCO in the Democratic Republic of Congo MINUSTAH in Haiti and UNMIL in Liberia The analysis is based on primary interview data from over 200 interviews The authors explore the

sources of enabling identifying the trade offs and contradictions that give rise to these two mechanisms They include respect for sovereignty the importance of working relations with the host government the tension between democracy and other mission goals the pressure to demonstrate quick results and divergences within missions and the broader international community While enabling stops short of the outright promotion of authoritarianism it explains why the UN s activities often appear to contradict its stated objectives and the outcomes it delivers fall short of its goals In addition to its theoretical and empirical contributions the book suggests how these dilemmas and challenges can be overcome *Hun Sen's Cambodia* Sebastian Strangio,2014-01-01 A fascinating analysis of the recent history of the beautiful but troubled Southeast Asian nation of Cambodia To many in the West the name Cambodia still conjures up indelible images of destruction and death the legacy of the brutal Khmer Rouge regime and the terror it inflicted in its attempt to create a communist utopia in the 1970s Sebastian Strangio a journalist based in the capital city of Phnom Penh now offers an eye opening appraisal of modern day Cambodia in the years following its emergence from bitter conflict and bloody upheaval In the early 1990s Cambodia became the focus of the UN s first great post Cold War nation building project with billions in international aid rolling in to support the fledgling democracy But since the UN supervised elections in 1993 the nation has slipped steadily backward into neo authoritarian rule under Prime Minister Hun Sen Behind a mirage of democracy ordinary people have few rights and corruption infuses virtually every facet of everyday life In this lively and compelling study the first of its kind Strangio explores the present state of Cambodian society under Hun Sen s leadership painting a vivid portrait of a nation struggling to reconcile the promise of peace and democracy with a violent and tumultuous past **The Justice Facade** Alexander Hinton,2018-03-16 What is Justice Is it always just to come Can real experience be translated into law Examining Cambodia s troubled reconciliation Alexander Hinton suggests an approach to justice founded on global ideals of the rule of law democratization and a progressive trajectory towards liberty and freedom and which seeks to align the country with so called universal modes of thought is condemned to failure Instead Hinton advocates focusing on the individual lived experience and the discourses interstices and the combusive encounters connected with it as a radical alternative A phenomenology inspired approach towards healing national trauma Hinton s ground breaking text will make anybody with an interest in transitional justice development humanitarian intervention human rights or peacebuilding question the value of an established truth *The Handbook of Contemporary Cambodia* Katherine Brickell,Simon Springer,2016-09-13 Offering a comprehensive overview of the current situation in the country The Handbook of Contemporary Cambodia provides a broad coverage of social cultural political and economic development within both rural and urban contexts during the last decade A detailed introduction places Cambodia within its global and regional frame and the handbook is then divided into five thematic sections Political and Economic Tensions Rural Developments Urban Conflicts Social Processes Cultural Currents The first section looks at the major political implications and tensions that have occurred in Cambodia as well as the

changing parameters of its economic profile The handbook then highlights the major developments that are unfolding within the rural sphere before moving on to consider how cities in Cambodia and particularly Phnom Penh have become primary sites of change The fourth section covers the major processes that have shaped social understandings of the country and how Cambodians have come to understand themselves in relation to each other and the outside world Section five analyses the cultural dimensions of Cambodia's current experience and how identity comes into contact with and responds to other cultural themes Bringing together a team of leading scholars on Cambodia the handbook presents an understanding of how sociocultural and political economic processes in the country have evolved It is a cutting edge and interdisciplinary resource for scholars and students of Southeast Asian Studies as well as policymakers sociologists and political scientists with an interest in contemporary Cambodia

Beyond Settlement Vanessa E. Shields, Nicholas Baldwin, 2008 Political ideological and ethnic conflicts have resulted in countless deaths the creation of millions of refugees the destruction of livelihoods and widespread human suffering to say nothing of the economic destruction This book examines institution building and security sector reform in conflict states by analyzing eighteen case studies covering eleven countries and six decades With regard to institution building there is an analysis of four democratic levers elections the legislature the executive and devolution focusing on how the structure and function of these political institutions contribute to the management and reduction of conflict and to the consolidation of fragile democracies Concerning security sector reform there is an analysis of how military police and intelligence institutions are reformed in states that are coming out of conflict states that are moving beyond settlement Some of the conflicts in this study are ongoing Palestine while others have been resolved Spain South Africa while still others are in a peace building or immediate post conflict stage Northern Ireland

The Prevention and Intervention of Genocide Samuel Totten, 2017-09-08 Over the last twenty years the world has witnessed four major genocides There was the genocide in Iraq 1988 in Rwanda 1994 in Srebrenica 1995 and in Darfur 2003 and continuing Most observers agree there is an urgent need to assess the international community's efforts to prevent genocide and to intervene once a genocide is under way in an effective and timely manner This volume the latest in a widely respected series on the subject of genocide provides an overview of a host of issues germane to this task The book begins with a cogent discussion of the issues of prevention and intervention during the Cold War years The second chapter discusses the abject failures and moderate though in some cases highly controversial successes at prevention and intervention carried out in the 1990s and early 2000s Further chapters examine latest efforts to develop an effective genocide early warning system and examine the complexity of and barriers to prevention The pros and cons of sanctions and the problems of enforcement and evaluation their effectiveness are then discussed Conflicts between state sovereignty and the protection of threatened populations are examined both in historical context and by incorporating the latest thinking Later chapters treat the issue of intervention why and how it has met with only limited success Concentrating on Rwanda and Srebrenica chapter 8 discusses various peace operations that were abject

failures and those that were moderately successful The concept of an anti genocide regime is examined in terms of progress in developing such a regime as well as what the international community must do in order to implement it Chapters discuss key issues related to post genocidal periods those that need to be addressed in order to establish stability in a wounded land and populace as well as to prevent future genocides The final chapter asks whether bringing perpetrators to justice has any impact in breaking impunity ensuring deterrence and bringing about reconciliation The contributors to the volume are all noted scholars some of whom specialize in the study of genocide and others who specialize in such areas as early warning peacekeeping and sanctions

Language and National Identity in Asia Andrew Simpson, 2007-08-30 *Language and National Identity in Asia* is a comprehensive introduction to the role of language in the construction and development of nations and national identities in Asia Leading scholars from all over the world investigate the role languages have played and now play in the formation of the national and social identity in countries throughout South East and Southeast Asia They consider the relation of the regions languages to national ethnic and cultural identity and examine the status of and interactions between majority official and minority languages Illustrated with maps and accessibly written this book will interest all those concerned to understand the dynamics of social change in some of the most important countries in the world It will appeal to all those studying researching or teaching issues in Asian society language and politics from a comparative perspective

Corruption in the Aftermath of War Jonas Lindberg, Camilla Orjuela, 2017-10-02 Corruption is a serious concern one which can undermine state legitimacy exacerbate inequality and affect trust between social groups Such effects are particularly problematic in societies that have gone through violent conflict and are struggling to rebuild institutions restore social trust and recover economically While anti corruption measures are increasingly integrated into post conflict programs war time structures and practices of corruption often prevail This book explores corruption in post war societies by focusing on the important issues of power inequality and trust To understand post war power structures and the extent to which they engrain challenge or transform corrupt practices we need to study what kind of peace has emerged The empirical cases in this book offer a variety of post conflict situations demonstrating how corruption is played out in depending on the type and extent of international intervention and in the case of a victor s peace a contested peace a partial peace etc The chapters illustrate the experiences and perceptions of people on the ground in post conflict societies and by giving much space to local dynamics the book shifts the focus from external intervention and actors to local contexts striving for greater understanding of the interplay between corruption power inequality and trust in post war societies This book was originally published as a special issue of *Third World Quarterly*

Cambodia After The Khmer Rouge Inside The Politics Of Nation Building Introduction

In the digital age, access to information has become easier than ever before. The ability to download Cambodia After The Khmer Rouge Inside The Politics Of Nation Building has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Cambodia After The Khmer Rouge Inside The Politics Of Nation Building has opened up a world of possibilities. Downloading Cambodia After The Khmer Rouge Inside The Politics Of Nation Building provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Cambodia After The Khmer Rouge Inside The Politics Of Nation Building has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Cambodia After The Khmer Rouge Inside The Politics Of Nation Building. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Cambodia After The Khmer Rouge Inside The Politics Of Nation Building. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Cambodia After The Khmer Rouge Inside The Politics Of Nation Building, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Cambodia After The Khmer Rouge Inside The Politics Of Nation Building has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a

popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Cambodia After The Khmer Rouge Inside The Politics Of Nation Building Books

1. Where can I buy Cambodia After The Khmer Rouge Inside The Politics Of Nation Building books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores.
