Cross And The Swastika The:

Hitler's Cross Erwin W. Lutzer, 2015-12-15 The story of Nazi Germany is one of conflict between two saviors and two crosses Deine Reich komme Hitler prayed publicly Thy Kingdom come But to whose kingdom was he referring When Germany truly needed a savior Adolf Hitler falsely assumed the role He directed his countrymen to a cross but he bent and hammered the true cross into a horrific substitute a swastika Where was the church through all of this With a few exceptions the German church looked away while Hitler inflicted his Final Solution upon the Jews Hitler's Cross is a chilling historical account of what happens when evil meets a silent shrinking church and an intriguing and convicting exposé of modern America's own hidden crosses Erwin W Lutzer extracts a number of lessons from this dark chapter in world history such as The dangers of confusing church and state The role of God in human tragedy The parameters of Satan's freedom Hitler's Cross is the story of a nation whose church forgot its call and discovered its failure way too late It is a cautionary tale for every church and Christian to remember who the true King is

The Symbolism of the Cross René Guénon, 2001 The Symbolism of the Cross is a major doctrinal study of the central symbol of Christianity from the standpoint of the universal metaphysical tradition the perennial philosophy as it is called in the West As Guénon points out the cross is one of the most universal of all symbols and is far from belonging to Christianity alone Indeed Christians have sometimes tended to lose sight of its symbolical significance and to regard it as no more than the sign of a historical event By restoring to the cross its full spiritual value as a symbol but without in any way detracting from its historical importance for Christianity Guénon has performed a task of inestimable importance which perhaps only he with his unrivalled knowledge of the symbolic languages of both East and West was qualified to perform Although The Symbolism of the Cross is one of Guénon's core texts on traditional metaphysics written in precise nearly geometrical language vivid symbols are necessarily pressed into service as reference points how else could the mind ascend the ladder of analogy to pure intellection Guénon applies these doctrines more concretely elsewhere in critiquing modernity in such works as The Crisis of the Modern World and The Reign of Quantity and the Signs of the Times and invokes them also to help explain the nature of initiation and of initiatic organizations in such works as Perspectives on Initiation and Initiation and Spiritual Realization

Right-Wing Radicalism and National Socialism in Germany Ingvar Kolden, 2021-04-23 This book explores the total resistance to Nazism among the Catholic Christian voters of the Zentrum party in the elections in German states in the Interwar period Kolden explains the unique Catholic resistance by comparing the diverging evolutions of Catholic and Protestant cultures and mentalities since the awakening of German nationalism in the late eighteenth century During the Empire 1871-1918 both socialists and Catholics were regarded as pariah groups by the dominant non socialist Protestant majority and more so after the WWI defeat when the pariah parties together with Protestant liberals tried to accommodate the new democratic circumstances with their Weimar Constitution When right wing radicals and eventually the Nazis increased their support largely on behalf

of the rapid shrinking number of liberals the Catholic church leaders showed a stubborn stance against the rightists issuing several resolutions of condemnation whereas no such appeared from their Protestant counterparts In contrast many local Protestant clergymen agitated for the Nazi party The anti Catholic sentiment obvious among prominent Nazis enhanced the antagonism especially after the publication of Alfred Rosenberg s The Myth of the 20th Century in 1930 The basic and profound confessional difference appears in the less Christian profiled agrarian parties anti Semitic and right wing radical Protestant parties confronted by one left wing and democratic Catholic party By 1945 the bulk of the former rightist Protestants sided with the Catholics who reorganized their party to the non denominational CDU which has been the mightiest proponent in Europe of the former party s ambitions of democracy stability anti racism human rights and European unity

BLACK SUN - the Mythological Background of National Socialism Ian Tinny, Thurston Howell III, American Psychopath Association, Rex Curry, BLACK SUN sheds new light on the sources of Nazi ideology by examining its occult roots in the world of myths symbols and fantasies It traces this development from the writings of various mystics in the early 20th century who propagated the mythology of a superior global ideology whose heroes would fight the forces of moral decadence and greed The book uses rare archival photographs and sources to chronicle how the Nazis used these mythological foundations to develop Nazism as a political religion While BLACK SUN documents the nationalist mystical beliefs that infused National Socialism the book also reveals the disturbing perpetuation of these beliefs among certain political groups today in Germany and worldwide reflecting an ongoing search for salvation inspiration and messianic leaders This eye popping expose juxtaposes the

polarization in German national history between an obsession with capturing light in all its symbolic uses in order to battle the darkness of the Others The final lesson that Black Sun implies and what makes it a provocative and interesting book for a number of audiences whether scholars and students of history or iconography is the danger of not knowing one's own history In this sense the title signals not only the recurrent theme of evil throughout history but also the need to shed light upon all its manifestations

LIES and the LYING LIARS who tell them Ian Tinny, Dead Writers Club, Matt Crypto, Micky Barnetti, Pointer Institute, 2015-07-30 The Pledge of Allegiance was the origin of the Nazi salute and Nazi behavior Swastikas were S letters for SOCIALIST under the Nazis the National Socialist German Workers Party The pledge remains the first bullying that begins each day in government schools socialist schools in Police State USA The astonishing discoveries of the historian Dr Rex Curry are reviewed by author Ian Tinny who then asks the question that must be asked What do Americans know about the pledge And if not why don't they know When did they first not know Why don't they ask to have the pledge explained to them Do they know that they don't understand it Americans say repeatedly The pledge is freedom The pressites say nothing in response Is it because there's a socialist bias in the media I think so And I think their attitude is Americans don't know Leave those pathetic voters alone they don't know Join the Pointer Institute and the Dead Writers Club and help provide remedial education Stop teachers from drilling children to verbally flog the flag every morning Stop the daily witch hunt Stop the Lies and the Lying Liars who tell them Remove the pledge from the flag remove flags from schools remove schools from government

The Sign of the Cross Daniel Rancour-Laferriere, 2017-09-08 This book presents a unique effort to create a new understanding of the Christian sign of the cross At its core it traces the conscious and unconscious influence of this visual symbol through time What began as the crucifixion of a Jewish troublemaker in Roman occupied Judea in the first century eventually gave rise to a broad spectrum of readings of the instrument used to accomplish such a punishment a cross The author argues that Jesus was a provocative grandiose masochist whose suffering and death initially signified redemption for believers This idea gradually morphed into a Christian sense of freedom to persecute and wage war against non-believers however as can be seen in the Crusades wars of the cross Many believers even construed the murder of their savior as a crime perpetrated by the Jews and this paranoid notion culminated in the mass murder of European Jews under the sign of the Nazi hooked cross Hakenkreuz Rancour-Laferriere's book is expertly written and argued it will be readable to a large audience because it touches on many areas of controversy interest and scholarship The work is critical but not unfair it employs psychoanalysis art history the study of the symbol of the cross in works of art religion and religious texts and world history generally The interweaving of these various themes is what gives this work its ability to draw in readers and will ultimately be what keeps the reader interested through the conclusion

Normal Instructor, 1907

HITLER WAS SOCIALIST -Nazis, Communists, Fascists Johnny Quest, Hector J. Peabody, Ian Tinny, Adolf Hitler was a socialist Most of what is written about Hitler is deceitfully designed to hide the fact that he touted socialism by the very word

Consider the following revelations explained herein with special thanks to archives of Dr Rex Curry's work

- 1 Hitler called himself a Socialist The word Socialist appears throughout Mein Kampf as a self description by Hitler Hitler and his supporters self identified as socialists by the very term in voluminous speeches and writings
- 2 Hitler never called himself a Nazi There was no Nazi Party nor Nazi Germany as those are lies to hide the true names of the entities
- 3 Hitler never called himself a Fascist
- 4 The term Nazi isn't in Mein Kampf nor in Triumph of the Will
- 5 The term Fascist never appears in Mein Kampf as a self description by Hitler
- 6 The term swastika never appears in the original Mein Kampf
- 7 There is no evidence that Hitler ever used the word swastika
- 8 The symbol that Hitler did use was intended to represent S letter shapes for socialist
- 9 Hitler altered his own signature to reflect his S shapes for socialism logo branding
- 10 Hitler was influenced by American socialists the USA's Pledge of Allegiance to the flag was the origin of Nazi salutes and Nazi behavior
- 11 The classic military salute to the brow also contributed to the creation of the Nazi salute with the right arm extended stiffly
- 12 Mussolini was a long time socialist leader with a socialist background raised by socialists to be a socialist and he joined socialists known as fascio fasci and fascisti
- 13 Fascism came from a socialist e.g. Mussolini Communism came from a socialist e.g. Marx Fascism and Communism came from socialists
- 14 German socialists partnered with Soviet socialists to launch WWII invading Poland together and going onward from there killing millions Hitler Mussolini Stalin Mao and other tyrants were influenced by propaganda in the USA including the childish American socialists Francis Bellamy and Edward Bellamy Both Bellamy cousins wanted government to take over all schools to teach socialism to all youngsters worldwide Francis Bellamy was the author of the Pledge of Allegiance to the flag the origin of the infamous stiff armed salute adopted later under German socialism and Adolf Hitler Long before the Deutschland fad began American schoolchildren were taught to chant in unison and perform the same salute each day in government schools that imposed segregation by law and taught racism as official policy Anyone who rejected the ritual in the schools was persecuted America's Nazi salute was often performed by public officials in the USA from 1892 through 1942 What happened to old photographs and films of the American Nazi salute performed by federal state county and local officials Those photos and films are rare because people don't want to know the truth about the government's past TV newspapers and other MSM will not show a historic photo or video of the early American straight arm salute nor mention its history and impact worldwide American youth groups Scouting adopted Bellamy's American Nazi salute with Bellamy's encouragement AND saluted swastika badges worn by fellow scouts Many Americans were accustomed to Nazi salutes for swastikas long before German socialism and Hitler Youth adopted similar behavior under Hitler That helps to explain another inconvenient truth swastikas were promoted in the US military and worn as a patch on the upper left arm of American soldiers in a fashion that would become uniform under German socialism There are photos in this book The military salute was the origin of Nazi salutes via the USA's flag pledge in government schools Public officials in the USA who preceded the German socialist Hitler and the Italian socialist Mussolini were sources for the

stiff armed salute and brainwashed chanting in Germany Italy and other foreign countries
