California Journeyman Electrician Study Guide:

California Journeyman Electrician's Preparation & Study Guide Bob Norris, 2008-12 The California Journeyman Electrician's Preparation and Study Guide is designed as an aid to the 2002 National Electrical Code as your primary reference for the California State Certification Examination. Anyone doing electrical work within the State of California must be state licensed or certified. That means learning the rules and regulations that apply to electrical installations and passing a state exam. As you study using this guide you will refer to the NEC constantly. You will become comfortable with the Code and be able to quickly locate important sections, articles, and tables. You will learn the language and terminology that will help you understand the rules and requirements of this important standard so you can pass the exam and put your knowledge to use as a working electrician. This book also offers helpful information on how to read and analyze exam questions so you can quickly determine where to find the answers in the Code. There are questions within each chapter that will help you focus on the areas most likely to be covered in the exam. At the end of the book there is a 60 question practice exam with a separate answer sheet. Test yourself as many times as you need. This study guide and your NEC will give you the educational background and the tools you need to successfully pass the State of California Certification Examination and receive your General Journeyman License.

California 2017 Journeyman Electrician Study Guide Ray Holder, 2017-02-15 The 2017 California study guide will help you prepare for the exam by providing 12 practice open book exams and 2 Final Closed Book Exams.
