Catching Light Catching Light:

Catching Light Joanna McClure, 2013-06-11 Joanna McClure's poems reveal the story of a central woman writer of the San Francisco Beat generation counterculture. Married to Beat poet Michael McClure soon after she arrived in San Francisco in 1954, Joanna McClure became a significant figure in the Beat poetry scene. Growing up on a ranch in the Arizona desert, Joanna developed early on a deep sensitivity to the beauty of nature. Her move to San Francisco as a young woman in 1951 launched a lifelong love affair with that city and the poetry it engendered. Thriving on the energy of the Beat movement, the young poet found herself inside a circle of famous poets and great writers in American poetry and American literature, including San Francisco Renaissance poet Robert Duncan and his lover, artist Jess Collins, as well as the Beats Allen Ginsberg, Jack Kerouac, Neal Cassady, and Gary Snyder. She heard Ginsberg's first public reading of *Howl* at the Six Gallery in 1955, and the home she shared with Michael became a gathering place for beatniks. Meanwhile, Joanna was developing her own body of poetic work, allowing her clear inner voice to guide her. Her poems ardently claim the freedoms her generation struggled to achieve, yet they often do so in a playful and generous voice, reveling in the beauty of the natural world and everyday moments and elegantly celebrating sensuality and intimate love. In the late 1950s, she began publishing her work in literary journals and chapbooks, and her first book of poems, *Wolf Eyes*, was published in 1974. Like many of her female Beat poet contemporaries and American women writers throughout the 20th century, Joanna McClure wrote prolifically yet quietly, year after year, even as her life shifted focus to a career in early childhood development, and she and Michael divorced. Poetry is where I keep company with myself, she declares. Now, for the first time, the full range of McClure's voice is accessible in one volume spanning the poet's entire writing life. **Catching Light** Michael Freeman, 2014-12-05 For professional

photographers chasing the light, waiting for it, sometimes helping it, and finally capturing it, is a constant preoccupation and for some, an obsession. Drawing on four decades of working with light, Michael Freeman takes a simple but practical approach to interpreting, reacting to, and capturing photography's most valuable commodity. Practical advice is organized into three straightforward sections: Waiting, Chasing, and Helping. Begin by mastering the art of patience and recognize the immense value of anticipating and planning for gorgeous light that's just over the horizon. Then learn the techniques to meet otherwise transient and fleeting lighting conditions halfway with quick thinking and fast reactions. Finally, make the most of the tools at your disposal to enhance and manipulate light as you find it, covering everything from in-the-field shooting choices to technical transformations in post-production. This is the method of a working professional: the way to interpret, approach, and master whatever lighting situation is thrown at you, and always get the shot, no matter what. **The Professional and**
