Helmrich,2022-01-12 Perhaps the most fundamental barrier to faith is that every scheme of meaning is seen as a construction i e that reality in itself is meaningless One constructs a meaning and lives within it to make life workable and bearable This current view though is based on the assumption that reality has no meaning In contrast the claim here is that reality is not meaningless in itself and that Judeo Christianity and Catholicism in particular and other understandings to the extent that they agree with these two are not constructions but are true in reality Reality has meaning and that meaning is revealed and accessible to us It s not pushing one construction over another it is to claim that Catholicism Christianity describes the nature of reality At the same time it has to be acknowledged that our culture has recently moved beyond discourse and discussion of which this collection is a part making it sort of out of date we have moved on to simple conflicts

of power and now to even worse In general it might be that our situation is that of Revelation 22 11 Let the one who does wrong continue to do wrong let the vile person continue to be vile let the one who does right continue to do right and let the holy person continue to be holy From the forward *Prentice Hall Small Business Model Letter Book* Wilbur Cross,1994-03
