Curative Properties Of Honey And Bee Venom:

Curative Properties of Honey and Bee Venom N. Yoirish, 2001-06 For centuries honey has been regarded as a wonderful gift of nature in which the properties of an excellent food beneficial alike to adults and children are combined with medicinal properties Ancient Russian manuscripts attached great importance to honey as a medicine Popular medicine has successfully used it for many diseases from time immemorial The results of experiments and observations made by the medical science in recent decades have proved that honey is an important medicine possessing many sided therapeutic properties Honey is very effective in the treatment of some pathological conditions of the intestinal tract the respiratory organs the heart and the nerves The knowledge that bee venom possesses medicinal properties has come down to us from remote antiquity Written evidence as well as the observations of many beekeepers and our own long experience confirm the effectiveness of been venom in the treatment of rheumatic fever neuritis and some other diseases Honey and bee venom treatment must be carried on under the supervision of a physician and can be made a component part in a complex of curative measures for many diseases Curative Properties of Honey and Bee Venom N. Fulder, A. Mizrahi, N. Sheinman, 2013-06-29 With all the enormous resources that are invested in medicine it is sometimes a mystery why there is so much sickness still in evidence Our life span though higher than at any time in

history has now leveled off and has not significantly increased in the last two generations There is a one third increase in long term illness in the last 20 years and a 44% increase in cancer incidence which are not related to demographic issues In some modern countries the level of morbidity defined as days off work because of sickness has increased by two thirds in this time Despite 1 trillion spent on cancer research in 20 years the War On Cancer has recently been pronounced a complete failure by the u s President s Cancer Panel Evidently we still have a long way to go The goal of Health for All by the Year 2000 as the World Health Organization has put it is another forgotten dream As ever the answer will be found in breaking out of the old philosophical patterns and discovering the new as yet unacceptable concepts The problems of medicine today require a Kuhnian breakthrough into new paradigms and new ways of thinking And these new ways will not be mere variations of the old but radical departures This book and the conference upon which it was based is part of a search for these new pathways
