Daughter of Earth and Sky Kaitlin Bevis, 2015-05-18 Bevis has done a wonderful job building the worlds that the gods occupy as well as giving them a place in the modern world Amazon Top Reviewer and author Margaret Lesh I stayed up way too late again I had to know what happened You might call me irresponsible and that may be true But when a series comes along and grabs you like Daughters of Zeus it really can't be helped Amazon Top Reviewer and author Rachel Wagner I need to calm down before I write this review because I am still reeling from the book OMG I thought book 1 Persephone was good but this was WAY BETTER Lastly OMG I need book 3 so badly Amazon Top Reviewer and author Mary Smith The Daughters of Zeus Series Book Two Some vows can never be broken especially when you've recently found out you're a goddess In the flick of a eyelash Persephone has gone from being a high school junior in Athens Georgia to the wife of Hades god of the Underworld Under his platonic protection she's waiting for springtime when Boreas the sinister god of winter will stop stalking her But even Hades can't keep Boreas and his minions from threatening her Finally she escapes back to the world of the living Maybe she can just go back to normal and forget that she's fallen in love with Hades She's wrong Thanatos a friend from the Underworld has betrayed her Persephone can't tell anyone about Thanatos betrayal and it drives a wedge between her and Hades And then there's Aphrodite the gorgeous goddess who was born among the ocean waves with more charm than she can control Persephone's dearest ally Melissa is furious and jealous when Aphrodite starts winning Persephone's friendship Persephone turns to a human boy for friendship But will their relationship put him in danger Persephone must choose between her human life and her responsibilities as a goddess If she doesn't she could lose that life and Hades too But either way she may not survive her father's schemes After all she's Zeus's daughter Kaitlin Bevis spent her childhood curled up with a book and a pen If the ending didn't agree with her she rewrote it Because she's always wanted to be a writer she spent high school and college learning everything she could to achieve that goal After graduating college with a BFA and Masters in English Kaitlin went on to write The Daughters of Zeus series www.kaitlinbevis.com *Learning to Read the Earth and Sky* Russ Colson ,Mary Colson, 2016-12-01 Is it time to refresh the way you think about teaching Earth science Learning to Read the Earth and Sky is the multifaceted resource you need to bring authentic science and enthusiasm into your classroom It offers inspiration for reaching beyond prepared curricula engaging in discovery along with your students and using your lessons to support the Next Generation Science Standards NGSS The book provides examples of Earth science labs and activities you and your students can do as co investigators insights into student expectations and misconceptions plus ideas for inspiring true investigation stories of real scientific discovery translated for classroom consideration exploration of how you can mentor students as a teacher scholar and guidance on how to translate the sweeping core ideas of the NGSS into specific examples students can touch see and experience The authors of Learning to Read the Earth and Sky are husband and wife educators who promote science as something to figure out not just something
