DAVID HUME

Dialogues Concerning Natural Religion

Dialogues Concerning Natural Religion Penguin Classics

Dinesh D'Souza

Dialogues Concerning Natural Religion Penguin Classics:

Dialogues Concerning Natural Religion David Hume, 1875 *Dialogues Concerning Natural Religion* is a philosophical work written by the Scottish philosopher David Hume. Through dialogue three fictional characters named Demea, Philo, and Cleanthes debate the nature of God's existence. While all three agree that a god exists, they differ sharply in opinion on God's nature or attributes and how or if humankind can come to knowledge of a deity. In the *Dialogues*, Hume's characters debate a number of arguments for the existence of God and arguments whose proponents believe through which we may come to know the nature of God. Such topics debated include the argument from design for which Hume uses a house and whether there is more suffering or good in the world. Argument from evil.

Dialogues Concerning Natural Religion David Hume, 1990-07-03 In the posthumously published *Dialogues Concerning Natural Religion*, the Enlightenment philosopher David Hume attacked many of the traditional arguments for the existence of God, expressing the belief that religion is founded on ignorance and irrational fears. Though calm and courteous in tone at times, even tactfully ambiguous, the conversations between Hume's vividly realized fictional figures form perhaps the most searching case ever mounted against orthodox Christian theological thinking and the deism of the time, which pointed to the wonders of creation as conclusive evidence of God's Design. Hume's characters debate these issues with extraordinary passion, lucidity, and humour in one of the most compelling philosophical works ever written. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

A Bibliography of Hume's Writings and Early Responses James Fieser, 2021-04-20 This work is a supplement to the 10-volume series *Early Responses to Hume*, which is an edited and annotated collection of eighteenth and nineteenth-century critical reactions to Scottish philosopher David Hume (1711-1776). Both a philosopher and historian, he was infamous in his day for his skeptical views on human nature, knowledge, metaphysics, and religion.

Penguin Classics Penguin (Firm), 2001 **The Wiley Blackwell Companion to the Study of Religion** Robert A. Segal, Nickolas P. Roubekas, 2021-03-10 Explore a rigorous but accessible guide to contemporary approaches to the study of religion from leading voices in the field. *The Wiley Blackwell Companion to the Study of Religion* delivers an expert and insightful analysis of modern perspectives on the study of religion across the humanities and the social sciences. Presupposing no knowledge of the approaches examined in the collection, the book is ideal for undergraduate students who have yet to undertake extensive study in the humanities or social sciences. The book includes perspectives from those in fields as diverse as globalization, cognitive science, the study of emotion, law, esotericism, sex and gender, functionalism, terror, the comparative method, modernism, and postmodernism. Many of the topics covered in the book clearly hail from religious studies, while others are

grounded in other areas of academia All of the chapters contained within are written by recognized authors who show how their chosen discipline contributes to the understanding of the phenomenon of religion This book also includes topics like A comprehensive exploration of multiple approaches to religious study including anthropology economics literature phenomenology philosophy psychology sociology and theology A review of various topics germane to the study of religion including the study of the body cognitive science the comparative method death and the afterlife law magic music and myth A selection of subjects touching on modern trends in extremism and violence including chapters on terror and violence fundamentalism and nationalism A discussion of the influence of modernism and postmodernism in religion Ideal for undergraduate graduate and postgraduate students in humanities and social science programs taking courses on religion and myth The Wiley Blackwell Companion to the Study of Religion will also earn a place in the libraries of specialists working in the fields of Religious Studies Theology Sociology Anthropology Psychology Political Science History and Philosophy

Genesis Was Right Stephen M. Barr, 2010-05-18 After man evolved in Africa he decided to separate from living as one with nature The allegory of Adam and Eve being kicked out of Eden is this act which means mankind turned against nature thinking he could create a better reality civilization Even today humanity still tries to improve and create an ideal existence that always seems to be beyond his grasp This was and still is his Temptation In *Genesis Was Right* amateur historian Stephen Barr examines the characteristics of civilization and demonstrates how they have become so integral to civilization that any change especially one that may prevent a downfall has become nearly impossible In Barr's critical glimpse into the history of our civilization in thirteen chapters he scrutinizes the life processes of the universe the life stages within our galaxy and those of mankind's very civilization The earth's slow stages that we barely perceive are paralleled by our civilization's slow stages We react to this in various ways that are the changing characteristics of our societies With the onset of global warming and the shortage of petroleum raw materials and fresh water Barr's comprehensive look at the history of our civilization will encourage others to learn from the mistakes of those who came before us and reexamine our current lifestyle ultimately building a better future for our world

Philosophy and the Flow of Presence Stephen J. Costello, 2014-07-18 This book is a philosophical exploration of desire drama and the divine Ground of being that pays particular attention to Eric Voegelin's symbol of the flow of presence in our lives It shows how this Flow may be impeded by anxiety or depression and how the solution involves attending to the meaning of the moment living meditatively in the present and discerning the divine desire Dr Costello's guides on this personal quest aside from Voegelin whose thought provides a philosophical framework for his exploration are Goethe Iris Murdoch Etty Hillesum and St Ignatius of Loyola

What's So Great about God Dinesh D'Souza, 2013-09-13 For a lot of people the biggest question about God is not surprisingly enough whether He exists Instead it is about whether God is truly good Dinesh D Souza in his debates with leading atheists quickly realized that many of those debates revolved around the question of evil in this world how God could

create a world that allowed such suffering and evil In What s So Great about God Dinesh D Souza takes these questions head on Does God act like a tyrant Is God really responsible for the evil in this world Why is there suffering in the world For the first time ever Dinesh D Souza approaches this apologetic topic with historical and scientific proof and presents to the reader why God is truly worthy of our worship and love Previously published as Godforsaken **Hume's Dialogues Concerning Natural Religion** Kenneth Williford, 2023-10-31 Explores and assesses Hume s Dialogues on Natural Religion from many angles history of philosophy religion science and epistemology Most books focus only on religion Outstanding line up of contributors including Simon Blackburn and other world leading philosophers and scholars of Hume Ken Williford s introduction does an excellent job of placing the Dialogues in context *Narrative Experiments* Gayle L. Ormiston, Raphael Sassower, 1989-01-01 Attempts to show that traditional definitions of science and technology fail to capture the complex discursive construction of scientific knowledge Argues accompanied by many literary and philosophical examples that science technology and the humanities developed in concert with each other and that their reciprocal relationship transcends traditional disciplinary boundaries Cloth edition unseen 35 Annotation copyrighted by Book News Inc Portland OR

Ignite the flame of optimism with Crafted by is motivational masterpiece, **Dialogues Concerning Natural Religion Penguin Classics** . In a downloadable PDF format (*), this ebook is a beacon of encouragement. Download now and let the words propel you towards a brighter, more motivated tomorrow.
