Dark Territory Fred M. Kaplan, 2016-03 The never before told story of the computer scientists and the NSA Pentagon and White House policymakers who invented and employ the wars of the present and future the cyber wars where every country can be a major power player and every hacker a mass destroyer as reported by a Pulitzer Prize winning security and defense journalist *New York Magazine* ,1995-08-07 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission

has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea *New York Magazine* ,1995-07-31 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s

consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea *The Healthcare Value Chain* Lawton Robert Burns, 2022-10-19 This volume analyzes group purchasing organizations GPOs and pharmacy benefit managers PBMs in order to better understand the significant roles that these entities play in the healthcare supply chain It examines who they contract with on what terms and who they represent and answer to while charting their historical development The analysis reveals that the current roles of both

players have historical roots that explain why they behave the way they do Finally the book reviews the evidence base on the performance results of these two players This work fills a void in our understanding about two important and controversial players in the healthcare value chain Both organizations are cloaked in secrecy partly by virtue of the private sector contracts they negotiate partly by virtue of the lack of academic attention Both play potentially important roles in controlling healthcare costs albeit using contracting strategies and reimbursement mechanisms that arouse suspicion among stakeholders This timely text explicates how these organizations arose and evolved to shed more light on how they really
