

"Perhaps the best comprehensive one-volume history of the war yet written."
—Adam Gopnik, *THE NEW YORKER*

CATACLYSM

THE FIRST WORLD WAR as Political Tragedy

DAVID STEVENSON

Cataclysm The First World War As Political Tragedy

M Walker

Cataclysm The First World War As Political Tragedy:

Cataclysm David Stevenson, 2005-05-11 Historian Stevenson shows that politicians deliberately took risks that led to World War I and that battle by bloody battle their decision remained to continue the fighting **Cataclysm** David Stevenson, 2004-05-25 The standard account of World War I says that the war happened because politicians lost control of events and that once the war began it quickly became an unstoppable machine But in this major new work historian David Stevenson shows that politicians deliberately took risks that led to war in July 1914 and that battle by bloody battle their decision remained to continue the fighting **Cataclysm** presents the disturbing reality that the course of the war was the result of conscious choices including the continued acceptance of astronomical casualties Rather than the standard Germany vs England account **Cataclysm** is a truly international history drawing on previously undisclosed records from the Italian Russian Japanese and Ottoman governments From the complex network of secret treaties and alliances that eventually drew all of Europe into the war to the way that World War I reconfigured how societies mourn and memorialize wartime dead **Cataclysm** is a major revision of World War I history *The First World War* William Kelleher Storey, 2010-09-16 A second edition of this book is now available In a compact but comprehensive and clear narrative this book explores the First World War from a genuinely global perspective Putting a human face on the war William Kelleher Storey brings to life individual decisions and experiences as well as environmental and technological factors such as food geography manpower and weapons Without neglecting traditional themes the author's deft interweaving of the role of environment and technology enriches our understanding of the social political and military history of the war not only in Europe but throughout the world

The Russian Origins of the First World War Sean McMeekin, 2013-05-06 In a major reinterpretation Sean McMeekin rejects the standard notion of the war's beginning as either a Germano Austrian pre-emptive strike or a miscalculation The key to the outbreak of violence he argues lies in St Petersburg Russian statesmen unleashed the war through policy decisions based on imperial ambitions in the Near East *Love and Death in the Great War* Andrew J. Huebner, 2018-02-01 Americans today harbor no strong or consistent collective memory of the First World War Ask why the country fought or what they accomplished and democracy is the most likely if vague response The circulation of confusing or lofty rationales for intervention began as soon as President Woodrow Wilson secured a war declaration in April 1917 Yet amid those shifting justifications *Love and Death in the Great War* argues was a more durable and resonant one Americans would fight for home and family Officials in the military and government grasping this crucial reality invested the war with personal meaning as did popular culture Make your mother proud of you And the Old Red White and Blue went George Cohan's famous tune Over There Federal officials and their allies in public culture in short told the war story as a love story Intervention came at a moment when arbiters of traditional home and family were regarded as under pressure from all sides industrial work women's employment immigration urban vice woman suffrage and the imagined threat of black sexual aggression Alleged German

crimes in France and Belgium seemed to further imperil women and children War promised to restore convention stabilize gender roles and sharpen male character Love and Death in the Great War tracks such ideas of redemptive war across public and private spaces policy and implementation home and front popular culture and personal correspondence In beautifully rendered prose Andrew J Huebner merges untold stories of ordinary men and women with a history of wartime culture Studying the radiating impact of war alongside the management of public opinion he recovers the conflict s emotional dimensions its everyday rhythms heartbreaking losses soaring possibilities and broken promises *Germany's Defeat in the First World War* Mark D. Karau, 2015-05-12 A noted World War I scholar examines the critical decisions and events that led to Germany s defeat arguing that the German loss was caused by collapse at home as well as on the front Much has been written about the causes for the outbreak of World War I and the ways in which the war was fought but few historians have tackled the reasons why the Germans who appeared on the surface to be winning for most of the war ultimately lost This book in contrast presents an in depth examination of the complex interplay of factors social cultural military economic and diplomatic that led to Germany s defeat The highly readable work begins with an examination of the strengths and weaknesses of the two coalitions and points out how the balance of forces was clearly on the side of the Entente in a long and drawn out war The work then probes the German plan to win the war quickly and the resulting campaigns of August and September 1914 that culminated in the devastating defeat in the First Battle of the Marne Subsequent chapters discuss the critical factors and decisions that led to Germany s loss including the British naval blockade the role of economic factors in maintaining a consensus for war and the social impact of material deprivation *The Final Keystone* John Kevin Crowley, 2021-03-04 The Final Keystone By John Kevin Crowley Every case in the history of Jurisprudence involves three things Trust Betrayal and Accountability Through his education studies and observations and experiences author John Kevin Crowley has learned the interconnection of history law philosophy and religion with the human condition How that relationship has played out in human history leading to present day is a focus of The Final Keystone This treatise is the story of us and the source of the lessons left unlearned It is a reminder of what does not work and how what does work must be ever vigilantly guarded *The Dark Path* Williamson Murray, 2024-10-22 From an esteemed military historian a sweeping history of the revolutions in war fighting that have shaped the modern world Heraclitus wrote that war is the father of all and it has formed much of the modern world Although the fundamental nature of war has not altered over the centuries constant change innovation and adaptation have repeatedly reshaped how wars are fought in the West Revolutions in military practice cannot be separated from larger social developments in areas like logistics finance and economics and the culture of military organizations In The Dark Path Williamson Murray argues that the history of warfare in the West hinged on five revolutions which both reflected the social political and economic conditions that produced them and in turn influenced how those conditions evolved These five key turning points are the advent of the modern state which formed bureaucracies and

professional militaries the Industrial Revolution which produced the financial and industrial means to sustain and equip large armies the French Revolution which provided the ideological basis needed to sustain armies through continent sized wars the merging of the Industrial and French Revolutions in the U S Civil War and the accelerating integration of technological advancement financial capacity ideology and government that unleashed the modern capacity for total warfare An ambitious work of synthesis this book shows how the world continually re creates war and how war in turn continually re creates the world

A World Undone G. J. Meyer, 2006-05-30 NEW YORK TIMES BESTSELLER Drawing on exhaustive research this intimate account details how World War I reduced Europe's mightiest empires to rubble killed twenty million people and cracked the foundations of our modern world Thundering magnificent *A World Undone* is a book of true greatness that prompts moments of sheer joy and pleasure It will earn generations of admirers The Washington Times On a summer day in 1914 a nineteen year old Serbian nationalist gunned down Archduke Franz Ferdinand in Sarajevo While the world slumbered monumental forces were shaken In less than a month a combination of ambition deceit fear jealousy missed opportunities and miscalculation sent Austro Hungarian troops marching into Serbia German troops streaming toward Paris and a vast Russian army into war with England as its ally As crowds cheered their armies on no one could guess what lay ahead in the First World War four long years of slaughter physical and moral exhaustion and the near collapse of a civilization that until 1914 had dominated the globe Praise for *A World Undone* Meyer's sketches of the British Cabinet the Russian Empire the aging Austro Hungarian Empire are lifelike and plausible His account of the tragic folly of Gallipoli is masterful *A World Undone* has an instructive value that can scarcely be measured Los Angeles Times An original and very readable account of one of the most significant and often misunderstood events of the last century Steve Gillon resident historian The History Channel

A Companion to International History 1900 - 2001 Gordon Martel, 2010-03-29 A comprehensive overview of the most important international events movements and controversies of the 20th century Written by distinguished scholars each an authority in their field Explores influential underlying themes such as imperialism nationalism internationalism technological developments and changes in diplomatic methods Addresses a broad range of topics including diplomacy of wartime and peacemaking the cold war era and the new world order the end of European empires the rise of nationalism in the Third World globalization and terrorism Chronological organization makes the volume easily accessible Includes useful guides for further reading and research

Eventually, you will enormously discover a further experience and success by spending more cash. yet when? reach you assume that you require to get those every needs next having significantly cash? Why dont you try to acquire something basic in the beginning? Thats something that will guide you to understand even more in the region of the globe, experience, some places, taking into account history, amusement, and a lot more?

It is your no question own period to play a part reviewing habit. along with guides you could enjoy now is **Cataclysm The First World War As Political Tragedy** below.
