a married man while never considering the dire consequences that their church will mete out to them The last straw comes when Jacob makes a clumsy but failed sexual attack on Sharon Weston when she stops to order some woodwork items from him The Elders a five man ruling group of senior Amish churchmen take steps to control this young family and the illicit behaviors sweeping through their young people In their cruelty they define Anna s near death experience from the cessation of prescribed drugs as Gott s wille or God s will for her They show her no sympathy The Elders then begin to address the others and Jacob is the prime candidate for correction The story details what happens when innocent church members try to understand and improve their situation and how despotic leaders control and punish anyone they see as an offender often just because the member displays some level of independence While church members bear the brunt of the horror and cruelty outsiders in this case Sharon and Michelle are deeply affected and become inadvertently involved
