History of Civilization, Being a Course of Lectures on the Origin and Development of the Main Institutions of Mankind (Classic Reprint) Emil Reich,2018-02-05 Excerpt from History of Civilization Being a Course of Lectures on the Origin and Development of the Main Institutions of Mankind By permission of the Board of Trustees and of the Faculty of the University of Cincinnati the author of the present book commenced to deliver a public course of lectures on the History of Civilization at the lecture hall of said University The first lecture was given on the 13th of November 1886 and with a few interruptions the course was continued on every Saturday The interest of the general public in the course increased so rapidly that it became a mere matter of necessity to rent a larger hall and thus after the fourteenth lecture the course was continued at the spacious hall of the Scottish Rite Church As a further manifestation of the unabating interest of the public the author was most urgently requested by the most competent people of the city to publish his lectures in book form A list of subscriptions more than sufficient to cover the considerable expenses of the publication was filled in very short time and the present book is a faithful copy of the lectures as delivered in the course In the circular submitted to subscribers the book was announced to extend to 400 pages the book however numbers over 550 pages and the author cherishes the belief that the additional 150 pages will not prove unwelcome to the reader The highly finished cuts have been selected and furnished by Mr Otto Reich of Cincinnati About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
