DEMOCRACY IN AMERICA

Alexis de Tocqueville

THE COMPLETE AND UNABRIDGED
VOLUMES I AND II

Democracy In America All Volumes

Alexis de Tocqueville

Democracy In America All Volumes:

Democracy in America: All Volumes Alexis de Tocqueville, 2015-11-26 Alexis de Tocqueville's Democracy in America is perhaps the most famous analysis of the social and political structure of the United States in the early 19th century. As a contemporary of the Founding Fathers and a detached objective observer, de Tocqueville is one of the most important political scientists to write about America, and many of his observations on issues like slavery would prove particularly prescient. As a result, his seminal work is still considered a must read for anyone interested in American history.

Democracy in America Alexis de Tocqueville, 2017-05-17 Democracy in America is arguably the most perceptive and influential book ever written about American politics and society. Authored by Alexis de Tocqueville, a French diplomat, political scientist, and historian, it is regarded as a classical account of the democratic system of the United States and has been used as an important reference ever since. Written in the 1830s, de Tocqueville saw the young nation in its infancy, and yet his insights into American life and government remain surprisingly current.

Democracy in America Alexis de Tocqueville, 2012-10-18 Alexis de Tocqueville (1805-59) came to America in 1831 to see what a great republic was like. What struck him most was the country's equality of conditions, its democracy. The book he wrote on his return to France, Democracy in America, is both the best ever written on democracy and the best ever written on America. It remains the most often quoted book about the United States, not only because it has something to interest and please everyone, but also because it has something to teach everyone. When it was published in 2000, Harvey Mansfield and Delba Winthrop's new translation of Democracy in America, only the third since the original two-volume work was published in 1835 and 1840, was lauded in all quarters as the finest and most definitive edition of Tocqueville's classic. Thus far, Mansfield and Winthrop have restored the nuances of Tocqueville's language with the expressed goal to convey Tocqueville's thought as he held it, rather than to restate it in comparable terms of today. The result is a translation with minimal interpretation but with impeccable annotations of unfamiliar references and a masterful introduction placing the work and its author in the broader contexts of political philosophy and statesmanship.

Democracy in America Alexis de Tocqueville, 1835 **Democracy in America** Alexis de Tocqueville, 2009-01-01 Alexis de Tocqueville's Democracy in America, *De la démocratie en Amérique*, is a classic text detailing the United States of the 1830s, showing a primarily favorable view by Tocqueville as he compares it to his native France. Considered to be an important account of the U.S. democratic system, it has become a classic work in the fields of political science and history. It quickly became popular in both the United States and Europe. Democracy in America was first published as two volumes, one in 1835 and the other in 1840; both are included in this edition.

Democracy In America: Volume I & II Alexis de Tocqueville, 2014-12-16 Over the course of nine months in 1831, Alexis de Tocqueville, a French political thinker, accompanied by Gustave de Beaumont, travelled the United States under the pretext of studying the American prison system. Over the course of his travels, Tocqueville also studied American society, religion, politics, and

economics undertaking what would become one of the most comprehensive studies to that time of the practice of democracy in the United States First published in 1835 *Democracy in America* continues to be considered one of the foundational works of political science *Democracy in America* Volumes I and II includes both volumes of de Tocqueville's influential work Volume I explores the factors that contributed to the success of democracy in the United States as well as the possible future of democracy in light of the unique religion and socio economic factors that existed in the United States at that time Volume II continues Tocqueville's exploration of the nature of democracy in the United States including an analysis of American civil society HarperTorch brings great works of non fiction and the dramatic arts to life in digital format upholding the highest standards in ebook production and celebrating reading in all its forms Look for more titles in the HarperTorch collection to build your digital library

Democracy in America Alexis de Tocqueville, 2018-07-27 *De La D mocratie en Am rique* published in two volumes the first in 1835 and the second in 1840 is a classic French text by Alexis de Tocqueville Its title translates as *On Democracy in America* but English translations are usually simply entitled *Democracy in America* In the book Tocqueville examines the democratic revolution that he believed had been occurring over the previous several hundred years

Democracy in America (Volumes 1 and 2, Unabridged) Alexis de Tocqueville, 2007 In 1831 the then twenty seven year old Alexis de Tocqueville was sent with Gustave de Beaumont to America by the French Government to study and make a report on the American prison system Over a period of nine months the two traveled all over America making notes not only on the prison systems but on all aspects of American society and government From these notes Tocqueville wrote *Democracy in America* an exhaustive analysis of the successes and failures of the American form of government a republican representative democracy Contained here are both of the unabridged volumes of that classic exposition as translated by Henry Reeve

Democracy in America Alexis de Tocqueville, 2017-05-16 *Democracy in America* is arguably the most perceptive and influential book ever written about American politics and society Authored by Alexis de Tocqueville a French diplomat political scientist and historian it is regarded as a classical account of the democratic system of the United States and has been used as an important reference ever since Written in the 1830s De Tocqueville saw the young nation in its infancy and yet his insights into American life and government remain surprisingly current

Documents for America's History, Volume 1 Melvin Yazawa, James A. Henretta, Kevin J. Fernlund, 2011-01-10 Designed to accompany *America's History* Seventh Edition this primary source reader offers a chorus of voices from the past to enrich the study of U S history Document selections written by both celebrated historical figures and ordinary people demonstrate the diverse history of America while putting a human face on historical experience A broad range of documents from speeches and petitions to personal letters and diary entries paints a vivid picture of the social and political lives of Americans encouraging student engagement with the textbook material Brief introductions place each document in historical context and questions for analysis help link the individual primary sources to larger historical themes
