Canon Manual S:

A Complete Manual of Canon Law: Church discipline Oswald Joseph Reichel, 1896 The Crusades, Holy War and Canon Law James A. Brundage, 2024-10-28 This volume is concerned above all with the legal background and the juristic issues behind the ideology and practice of the medieval Crusades This is an area that the author was the first to investigate systematically and there are two particular reasons for his approach one the conviction that the historical phenomenon of the Crusades can only be adequately understood within the context of the legal systems that permeated the age the other that so much of the documentary evidence be it charters decrees even chronicles was produced by people whose perceptions had been shaped by the law A number of articles focus on the roles of individual crusaders or address ideological questions including the very concept of Holy War Others deal with practical issues and the nature of the obligations incurred by a crusader and examine the consequences these had both for the institutions of medieval Europe and for the crusader's own family relationships Ce recueil s'attache avant tout au contexte lgal et aux questions juridiques qui se trouvent la base de l'idologie et de la pratique des Croisades au Moyen Age L'auteur a t le premier entreprendre des recherches de fa on systmatique dans ce domaine deux raisons prcises sont l'origine de cette d'marche premi rement la conviction que seule la connaissance du contexte des syst mes lgaux dont l'poque tait impr gn e permet de bien comprendre le ph nom ne historique des Croisades deuxi mement le fait que quantit de documents temoins chartes d'crets ou encore chroniques sont l'oeuvre de gens dont la perception tait grandement influenc e par la loi Un nombre d'tudes se concentrent sur la r le individuel de certains crois s ou s'adressent des questions d'id ologie y compris le concept m me de la Guerre Sainte D'autre traitent de questions d'ordre pratique ainsi que de la nature des engagements contract s par le crois ils en examinent le **PC Mag**, 1987-11-10 PCMag.com is a leading authority on technology delivering Labs based independent reviews of the latest products and services Our expert industry analysis and practical solutions help you make better buying decisions and get more from technology **Manuals for Penitents in Medieval England** Krista A. Murchison, 2021 First comprehensive survey of a major genre of medieval English texts its purpose characteristics and reception The bestseller list of medieval England would have included many manuals for penitents works that could teach the public about the process of confession and explain the abstract concept of sin through familiar situations Among these bestselling works were the Manuel des p ch s commonly known through its English translation Handlyng Synne The Speculum Vitae and Chaucer's Parson's Tale This book is the first full length overview of this body of writing and its material and social contexts It shows that while manuals for penitents developed under the Church's control they also became a site of the Church's concern Manuals such as the Compilacion which was addressed to a much broader audience than its English analogue Ancrene Wisse brought learning that had been controlled by the Church into the hands of layfolk and in so doing raised significant concerns over who should have access to knowledge Clerics worried that these manuals might accidentally teach people new sins remind them of old
