Yearbook of International Organizations 2013-2014 (Volumes 1a-1b) Union Of International Associations, Union of International Associations, 2013-06-21 Volume 1 A and B covers

international organizations throughout the world comprising their aims activities and events

EXPLOITED, UNDERVALUED - AND ESSENTIAL: DOMESTIC WORKERS AND THE REALISATION OF THEIR RIGHTS Darcy du

Toit, 2013-11-18 Millions of domestic workers experience exploitation in the privacy of their employers' homes also in South Africa they are to a large extent beyond the reach of legal protection This book sums up four years of research on ways of realising their rights It highlights their essential role both as care givers and in enabling their employers to work outside the home Against the background of the Constitution and international law it examines ways of adapting the legal framework as well as alternative mechanisms including new forms of organisation for translating basic rights into effective regulation

The African Book Publishing Record, 2013

Institutional Competition between Common Law and Civil Law

Michèle Schmiegelow, Henrik Schmiegelow, 2014-05-27 This book addresses two countervailing challenges to theory and policy in law and economics The first is the rise of legal origins theory which denies the comparative law view of convergence between common law and civil law by the assertion of an economic superiority of common law The second is the series of economic crises in the very financial markets on which that assertion was based Both trends unsettled certainties about the rule of law and institutional economics Meeting legal origins theory in its main areas of political science sociology and economics the book extends the interdisciplinary reach to neglected aspects of comparative law legal history dynamic econometric analysis and quasi natural experiments with counterfactual evidence of different institutional regimes in divided countries These combined methodological tools make tests of the economic impact of different legal origins much more reliable This is shown for developed and newly industrialized countries as well as developing transforming and emerging countries with or without financial center advantage affected or not by financial crises The Asian financial crises and the American subprime crisis have been or could have been resolved using the resources of common law or civil law These cases and data on access to justice in Africa Asia and Latin America reveal the problem of substantive law remaining law on the books without efficient procedural rules and judicial structures The single most striking common law civil law divide is that lawyer dominated common law procedure is slower and costlier than judge managed civil law procedure Countries as diverse as the Netherlands Japan and China show functional interaction between culture and law in legal reforms Such interaction

can reduce the occurrence of legal disputes as well as facilitate their resolution It can use economic crises as catalysts for legal reforms or rely on regional integration and it should replace the discredited method of legal transplants by sustained dialogue between legal advisors and all actors involved in legal reforms Adjudicating Employment Rights S. Corby, P. Burgess, 2014-01-28 Adjudicating Employment Rights compares and analyses institutions for resolving employment rights disputes in ten countries In addition to detailed individual chapters the study offers a theoretical perspective and an evaluation of national institutions against key yardsticks NHA CCMA Study Guide Scott; Priscilla Hampton; Katherine M.
